A New Novel.

To the LADIES of Philadelphia. This Day is Published by MATHEW CAREY, 118, Market Street, Charlotte, a tale of Truth,

IN TWO VOLUMES. By Mrs. ROWSON, of the New Theatre, Paludatus, Author of Victoria, the Inquisitor, the Fille de Chambre, &c. [Of Charlotte, the Reviewers have given the following character.

It may be a Tale of Truth, for it is not unnatural, and it is a tale of real distress. Charlotte, by the artifice of a teacher, is enticed from her governess, and accompanies a young officer to America. The marriage ceremony, if not forgotten, is postponed, and Charlotte dies a martyr to the inconstancy of the over, and treachery of his friend. The situations are artless and affecting—the descriptions natural and pathetic; we should feel for Charlotte if such a person ever existed, who for one error scarcely, perhaps, deserved so severe a punishment. If it is a fiction, poetic justice is not, we think, properly distributed.

Ordered, that the delivery of a copy of the above order to Rufus Putnam, Manassah Cutler, Robert Oliver, or Griffin Green, and the publication of the same, one month, in one of the Gazettes printed in this City, shall be deemed sufficient notice thereof.

GUTHRIE'S GEOGRAPHY Improved.

THE subscription for this work on the original terms, of twelve dollars and the binding, will be closed this day—and on Monday the subscription will open at fourteen dollars, exclusive of the price of binding.

The new maps added to this edition are twenty one; among which are those of New-Hampshire, Massachusetts, Connecticut, Rhode-Island, Vermont, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, Kentucky, North Carolina, and Georgia. These maps have never been given in any former system of Geography, and, it is hoped, would alone be sufficient to entitle this work to a preference to any other edition of Guthrie.

N. B. The map of the United States, which is compiling by Mr. Samuel Lewis, from the respective state maps, will be far more complete than any one yet published, and be printed on two large sheets of paper, nearly the size of the late Mr. Murray's map. May 31.

It is wholly unnecessary to expatiate on the advantage, to American readers, that this edition possesses, over every imported edition of any system of Geography extant. The addition of maps of the several states, procured a very great expense, and from the best materials that are attainable, speaks such full conviction on this subject, that it would be disrespectful to the reader's understanding to suppose it requisite to enter into a detail of arguments to prove its superiority. In no similar work have such maps been ever introduced.

The emendations and additions which are made in this work, are innumerable, and occur in every page. The public are referred to the preface for a slight sketch of a few of them.

The publisher takes the present opportunity of returning his most sincere thanks to those respectable characters who have favored him with documents for improving the maps of several of the states. He

requests a continuance of their kindness; and hopes that such public spirited citizens, as are possessed of similar documents, will favor him with their assistance in perfecting his undertaking.

The extraordinary encouragement with which he has been favored, has excited in his breast the warmest sentiments of gratitude—sentiments which time will not efface. He pledges himself to the citizens of the United States, to spare neither pains nor expense to render the present edition of Guthrie's Geography improved, deserving of their patronage.

Christiana Mills For Sale.

ON Monday the first day of September next at 8 o'clock in the evening, at the Coffee House in the city of Philadelphia will be sold by public vendue, two tract or pieces of land situated in White Clay Creek hundred, New Castle county and state of Delaware; one of which contains about sixty acres of highly improved land, on it are a large two story brick dwelling house; a convenient brick barn; with stabling and a carriage house underneath, an excellent kiln for drying corn; and the well known mills called Christiana Mills (late Patterson's) which being at the head of the tide on Christiana river, and but about half a mile from the landing, is conveniently situated for carrying the articles manufactured at the mills by water to Philadelphia.—This property being close to the road leading from Elkton to Christiana bridge, and at the head of the tide, with many other attendant advantages, render its situation for the milling business to very valuable; as to be equalled by few and excelled by none.

The latter tract containing 175 acres, is about one mile from the mills and is chiefly woodland, which being contiguous to water carriage to the city of Philadelphia, must be of increasing value, especially as there is a quantity of large timber in said tract suitable for the purposes of the mills.

The terms upon which the above mentioned estates will be sold are—one thousand pounds to be paid on executing the deeds, and seven hundred and fifty pounds per annum, with interest for the remainder, or proportionably for each part.

Indisputable titles will be made for the property; by JOHN NIXON, ALEX. FOSTER, GEO. LATIMER.

Richard Johns } In the Chancery Court John Wells and } of the Mordecai Cole } State of Maryland, May 26th 1794

The Complainant hath filed

his bill, for the purpose of obtaining a decree, to vest in him a complete legal title to two tracts of land, lying in Baltimore county, one called Painters-Level, containing 100 acres; the other called Prospect containing 150 acres. He states, that the said John Wells on the 16th day of March 1774 contracted to sell the said land to the said Mordecai Cole, &c. &c. &c. and to execute a deed, to convey the same to him on the same day, executed to the said Wells a bond for the payment of the purchase money amounting to £675 Pennsylvania currency, that the said Cole hath since discharged the whole of the purchase money, and hath assigned to the complainant the said bond for conveyance; that the said Wells hath never executed a deed, agreeably to his contract but hath removed out of the state of Maryland, and now resides in the state of Kentucky.

It is thereupon, and at the request of the complainant, adjudged, and ordered, that he procure a copy of this order to be inserted at least six weeks successively, before the first day of August next, in the United States Gazette at Philadelphia, to the intent, that the said John Wells may have notice of the complainant's application to this court, and may be warned to appear here, on or before the first Tuesday in October next, to shew cause wherefore this court should not proceed to decree, agreeably to the prayer of the complainant, and to the act of assembly, for such cases made and provided.

On the Rights that result from it, and on the Duties which it imposes. To which a MEDAL was adjudged, by the Teylerian Society at Haarlem.

Corrected and Enlarged, by WILLIAM LAWRENCE BROWN, D. D.

Professor of Moral Philosophy, and the Law of Nature, and of Ecclesiastica History; and Minister of the English Church at Utrecht.

Aliquid semper ad communem utilitatem afferendum. CICERO. The First American Edition.

THE grand principle of Equality, if rightly understood, is the only basis on which universal justice, sacred order, and perfect freedom, can be firmly built, and permanently secured. The view of it exhibited in this essay, at the same time that it repels the influence of office, the tyranny of pride, and the outrages of oppression; confirms, in the most forcible manner, the necessity of subordination, and the just demands of lawful authority. So far indeed, from loosening the bands of society, that it maintains inviolate, every natural and every civil distinction, draws more closely every social tie, unites in one harmonious and justly proportioned system, and brings men together on the even ground of the inherent rights of human nature, of reciprocal obligation, and of a common relation to the community. FOR SALE, BY MATHEW CAREY, No. 118 Market-Street, An Essay on Slavery,

Designed to exhibit in a new point of view its effects on morals, industry, and the peace of society. Some facts and calculations are offered to prove the labor of freedom to be much more productive than that of slaves; that countries are rich, powerful and happy, in proportion as the laboring people enjoy the fruits of their own labor; and hence the necessary conclusion, that slavery is impolitic as well as unjust. THE office of the President and Directors of the INSURANCE COMPANY of NORTH AMERICA, is removed, to No. 107, South Front Street, being the fourth east corner of Front and Walnut streets.

The Public are cautioned to beware of counterfeited Five Dollar Bills of the Bank of the United States, and Twenty Dollar Bills of the Bank of North America, several of which have appeared in circulation within a few days past; they are good general imitations of the genuine Bills, but may be distinguished by the following

MARKS. Five Dollar Bills of the Bank of the United States.

ALL that have appeared have the letter F. for their Alphabetical Mark. The Texture of the Paper is thicker and whiter and it takes the ink more freely than the genuine paper.

The O. in the word Company is smaller than the M. and other letters of that word, so that a line extended from the top of the O, to touch the top of the M. would extend considerably above the range of the whole word.

In the word United the letters are narrower and closer together than the rest of the bill.

The i and j in the word promise are not parallel, the j inclining much more forward than the i.

The engraving is badly executed, the strokes of all the Letters are stronger and the device in the margin particularly is much coarser and appears darker than in the true bills. Some of the counterfeits bear date in 1791—Whereas the Bank was not in operation till December, and no five dollar bills were issued in that year.

Twenty Dollar Bills of the Bank of North America. ALL that have appeared have the letter B. for their alphabetical mark.

They are printed on a paper nearly similar to that of the counterfeited Five Dollar Notes above described; the engraving is better executed, and they approach nearer to the appearance of the genuine bills.

The fine ruled lines through the word Twenty in the body of the bill, are in number in the genuine bills, and but twelve in the counterfeits.

The word Company is much like the same word in the Five Dollar Bills as described above, the o being less than the m, and of the following.

There is no stroke to the t in the word North whereas in the genuine bills the stroke is well defined.

The letters ent in the word Twenty, to the left hand at the bottom, do not come down to the line, but are cut as to give an irregular appearance to the word, the Tw and the y going below them.

The signature of Nixon, has the appearance of being written with lamb-black and oil, and differs from other inks used in printing t h bills and the cashier's signature.

It is supposed these forgeries were committed in some of the Southern States, as all the counterfeits that have appeared, have come from thence, and two persons have been apprehended in Virginia, on suspicion of being the authors of them.

The reward of ONE THOUSAND DOLLARS will be paid to any Person or Persons who shall discover and prosecute to conviction the several offenders of the following descriptions or any of them, viz.

The person or persons, who manufactured the paper on which the bills are printed. The person or persons, who engraved the plates.

The printer or printers, of the bills. Every person who has acted as a principal in any other way, in the counterfeiting and uttering the said bills.

Philadelphia, March 28, 1794 April 22, 1794

Other counterfeit bills of the Bank of the United States have appeared in circulation.

The denomination is of TWENTY DOLLARS, and the alphabetical mark is the letter B. They may be distinguished from the genuine by the following MARKS:

The paper of the counterfeits is of a more tender texture and glossier surface than the genuine, and there is no water mark in them.

The letter C. in the word Cashier, in the true bills is strongly marked, whereas in the counterfeits, the whole letter is a fine hair stroke, evidently in an unfinished state. The letter a in the word demand, is badly formed and the whole word ill done and there is no comma at the end of it, as there is in the genuine bills.

The marginal device, is much darker in the false, than in the genuine bills owing to the shade strokes being coarser, much nearer together, and consequently much more numerous. This difference strikes the eye at first view.

The same reward of ONE THOUSAND DOLLARS, will be paid for apprehending & prosecuting to conviction the several above described offenders in respect to this as to the last described bills.

THOMAS WILLING, President of the Bank United States. JOHN NIXON, President of the Bank of North America. By order of the Committees of the Respective Boards.
