and St. Peter's.

Ethiopia Shall foon stretch out her bands unto God?"

## Lachawannock.

A LARGE body of LAND on this riversities waters, is now for fale to Settlers on on moderate terms, and at a long credit. The foil is remarkably fertile, and nu arous streams of water are interspersed about the whole country.

The main river flows through one trace about thirty thousand acres, and is with exception of one obtruction, navigate to the Susquehannab.

Spring Brook Creek, which with it reaches, waters another tract of about thousand acres of good Land, employed thousand acres of good Land, employed the suspension of the Susquehannab. It afords numerous Mill feats, & in it care creates large bodies of well water meadow ground.

The other tracts are interfected by creek Several Mills are already erected for th

commodation of the feetlers.
Reads are cut in different directions, to

es distant from many parts of the fe The Sufquehaunah affords an eafy and e navigation to Middleton, from whence Canal to Schuylkill extends the com-

consistence to the city.
Inother means of connection with PhiIphia, is by the Delaware, from whic distance in several places is about thirt

Christiana Mills For Sale.

For Sale.

ON Monday the first day of September sext at 8 o'clock in the evening, at the offee House in he city of Philadelphia will be sold by public vendue, two track or pieces of land situated in White Clay treek hundred, New Castle county and state of Delaware; one of which contains about mity acres of highly improved land, on it rea large two story brick dwelling house, a convenient brick barn, with stabling and a arriage house undermeath, an excellent ith for drying corn; and the well known sills called Christiana Milis (late Patter on's) which being at the head of the tide in Christiana river, and but about half a nile from the landing, is conveniently situated for carrying the articles manufactured the mills by water to Philadelphia—This property being close to the road leading from Elkton to Christiana bridge, and at the head of the tide, with many other attendant advantages, render its situation for the milling business to very valuable, as to be equalted by sew and excelled by none.

The latter tract containing 175 acres, is about one mile from the mills and is chiefly woodland, which being contiguous to water carriage to the city of Philadelphia, must be of increasing value, especially as there is a quantity of large timber in said tract suitable for the purposes of the milis.

The terms upon which the above men.
