GUTHRIE'S GEOGRAPHY
Improved.

THE subscription for this work on the original terms, of twelve dollars and the binding, will be closed this day—and on Monday the subscription will open at fourteen dollars, exclusive of the price of binding.
The new maps added to this edition are twenty one; among which are those of New-Hampshire, Massachusetts, Connecticut, Rhode-Island, Vermont, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, Kentucky, North Carolina, the Genesee Government, South Carolina, and Georgia. These maps have never been given in any former system of Geography, and it is hoped, would alone be sufficient to entitle this work to a preference to any other edition of Guthrie.
N. B. The map of the United States, which is compiling by Mr. Samuel Lewis, from the respective state maps, will be far more complete than any yet published, and be printed on two large sheets of paper, nearly the size of the late Mr. Murray's map.

THE Directors of the Society for establishing Useful Manufactures, having resolved to erect LOTTERIES for raising ONE HUNDRED THOUSAND DOLLARS, agreeably to an Act of the Legislature of the State of New-Jersey, have appointed the following persons to superintend and direct the drawing of the same, viz. Elias Boudinot, General Elias Dayton, James Parker, John Bayard, Doctor Lewis Dousham, Samuel W. Stockton, Joshua M. Wallace, Joseph Bloomfield, and Eliza Boudinot, of New-Jersey, who offer the following Scheme of a Lottery, and pledge themselves to the public, that they will take every assurance and precaution in their power to have the Monies paid by the Managers, from time to time, as received, into the Banks at New-York and Philadelphia, to remain for the purpose of paying Prizes, which shall be immediately discharged by a check upon one of the Banks.

In order to secure the punctual payment of the Prizes, the Superintendants of the Lottery have directed that the Managers shall each enter into bonds in 40,000 dollars, with four sufficient securities, to perform their instructions, the substance of which is

I. That whenever either of the Managers shall receive the sum of Three Hundred Dollars, he shall immediately place the same in one of the Banks of New-York or Philadelphia, to the credit of the Governor of the Society, and such of the Superintendants as live in the city where the monies are placed, to remain there until the Lottery is drawn, for the payment of the Prizes.

Another tract in Prince William county, containing upwards of 2000 acres, lying upon Potomack river, about 23 miles below Alexandria, and 28 below the City of Washington, comprehending FreeStone Point, which appears to be a quarry of free-stone, covering about 50 acres and adjoins the river, where vessels of 100 tons conveniently harbour.

Another parcel of land, within a mile of Alexandria, containing about 24 acres, and to be sold in acre or half-acre lots.

Also, sundry unimproved lots of various sizes, in different parts of the town of Alexandria.

To describe the premises more particularly is deemed unnecessary, as it is expected every person will examine and view whatever part he shall be inclined to buy. My only object being to raise a certain sum of money, by selling so many or such parts of the aforesaid tracts of land and lots as shall be necessary for that purpose, one half of the purchase money must be paid at the time of contract, and the other within a year from the first day of August next, and at the time of delivering possession or executing a legal conveyance. The lands remaining unsold, except the tract in Prince William, after raising a limited sum, will be divided into tenements, and leased for a term of years. From the 12th day of October next, till the 15th of December, I shall be in the city of Richmond, and after that time I shall remain at home, in Alexandria, at which places, or elsewhere, I shall be prepared to detail particulars, and to enter into contracts.

One thousand Dollars REWARD.

Some few Counterfeit Post-Notes of the Bank of Maryland, having been lately discovered in circulation, and on tracing the same were found to come from the back parts of Virginia, where they probably first issued; to avoid imposition it is thought necessary to give the following description of them, by which they may readily be detected.

They have the letter D, for their alphabetical mark, at the left hand side of the Note.

The paper on which they are printed is more soft and tender, the strokes of the letters, in the engraving are in general stronger, and have a darker appearance than in the bills.

The signature William Patterson, is badly done, the strokes of the letters, are stiff and labored, and appear to be painted over with the pen, as well as the flourishing of the name.

The value is left blank in the engraving, to be filled up in writing, so the sum may be more or less at pleasure.

No true Post-Notes of the alphabetical mark, above described, have been lately issued, and very few are now in circulation.

The above reward of One Thousand dollars will be paid to any person, or persons, who shall discover, or prosecute to conviction, the several offenders, or any of them, of the following description, viz.

The person or persons, who engraved the late.
The printer, or printers of the said bills.
Every person who has acted as principal in any way in the counterfeiting and uttering the said bills.

WILLIAM PATTERSON, President of the Bank of Maryland.

THE Public are cautioned to beware of counterfeited Five Dollar Bills of the Bank of the United States, and Twenty Dollar Bills of the Bank of North America, several of which have appeared in circulation within a few days past; they are good general imitations of the genuine Bills, but may be distinguished by the following

M A R K S.
Five Dollar Bills of the Bank of the United States.

ALL that have appeared have the letter F. for their Alphabetical Mark.

The Texture of the Paper is thicker and whiter and it takes the ink more freely than the genuine paper.

The O. in the word Company is smaller than the M. and other letters of that word, so that a line extended from the top of the O, to touch the top of the M. would extend considerably above the range of the whole word.

In the word United the letters are narrower and closer together than the rest of the bill.

The i and f in the word promise are not parallel, the f inclining much more forward than the i.

The engraving is badly executed, the strokes of all the Letters are stronger and the device in the margin particularly is much coarser and appears darker than in the true bills. Some of the counterfeits bear date in 1791—Whereas the Bank was not in operation till December, and no five dollar bills were issued in that year.

Twenty Dollar Bills of the Bank of North America.

ALL that have appeared have the letter B. for their alphabetical mark.

They are printed on a paper nearly similar to that of the counterfeit Five Dollar Notes above described; the engraving is better executed, and they approach nearer to the appearance of the genuine bills.

The fine ruled lines through the word Twenty, in the body of the bill, are in number thirteen in the genuine bills, and but twelve in the counterfeits.

The word Company is much like the same word in the Five Dollar Bills as described above, the o being less than the m, and others following.

There is no stroke to the t in the word North whereas in the genuine bills the stroke is well defined.

The letters ent in the word Twenty, to the left hand at the bottom, do not come down to the line, but are so cut as to give an irregular appearance to the word, the T and the y going below them.

The signature J. Nixon, has the appearance of being written with lamb-black and oil, and differs from other inks used in printing the bills and the cashier's signature.

It is supposed these forgeries were committed in some of the Southern States, as all the counterfeits that have appeared, have come from thence, and two persons have been apprehended in Virginia, on suspicion of being the author of them.

The reward of ONE THOUSAND DOLLARS will be paid to any Person or Persons who shall discover and prosecute to conviction the several offenders of the following descriptions or any of them, viz.

The person or persons, who manufactured the paper on which the Bills are printed.
The person or persons, who engraved the plates.

The printer or printers, of the bills.
Every person who has acted as a principal in any other way, in the counterfeiting and uttering the said bills.

Philadelphia, March 28, 1794.

April 22, 1794.

Other counterfeit bills
of the Bank of the United States have appeared in circulation.

The denomination is of TWENTY DOLLARS, and the alphabetical mark is the letter B.

They may be distinguished from the genuine by the following MARKS:

The paper of the counterfeits is of a more tender texture and glossier surface than the genuine, and there is no watermark in them.

The letter C. in the word Cashier, in the true bills is strongly marked, whereas in the counterfeits, the whole letter is a fine hair stroke, evidently in an unfinished state. The letter a in the word demand, is badly formed and the whole word ill done and there is no comma at the end of it, as there is in the genuine bills.

The marginal device, is much darker in the false, than in the genuine bills, owing to the shade strokes being coarser, much nearer together, and consequently much more numerous. This difference strikes the eye at first view.

The same reward of ONE THOUSAND DOLLARS, will be paid for apprehending, & prosecuting to conviction the several above described offenders in respect to this as to the last described bills.

THOMAS WILLING, President of the Bank United States.
JOHN NIXON, President of the Bank of North America.

By order of the Committees of the Respective Boards.
