Tuition of the French Tongue
and Mathematicks.
J. C. ROUSSEAU, one of the unfortu-
nate inhabitants of St. Domingo, having a
small family of children, finds it necessary
for their support, to apply himself to the in-
struction of youth. He therefore proposes
teaching the above branches of science, in
the most modern stile, and solicits the pa-
tronage of a generous public. The liberal
education he has received, and the severe
other branches of science he has acquired
a perfect knowledge of, will enable him to
give satisfaction to those persons who may
employ him. He will wait on ladies and
gentlemen, who wish to be taught at their
own houses; and will open an evening
school, from six to nine o'clock, on the
20th instant. Enquire at No. 117, North
Second-street. Dec. 11. 6t.

Lundin M'Kechnie,
Taylor, Stay Corset & Habit
Maker,
No. 26, Chestnut Street, between Second &
Front Streets.
RETURNS his most grateful thanks to
those who have honored him with their em-
ployment, and begs leave to assure them,
that from his extensive correspondence in
London, he will at all times have it in his
power to furnish them with every article
in his profession in the newest fashion and
of the best quality; and for the better ac-
commodation of his customers he has taken
into partnership in the *Taylor and*
Habit making Business, *John Sloane* from
London.
N. B. He makes the famous Patent
Stays for the Apparatus Spinalis. Exten-
sions, in the use of which he has been very
successful in curing distortions in Young
People, and has never failed to cure when
applications were made in due time, and
now begs leave to present to the public a
proof of the happy effects.
In September last, *James Dods*, late of
Britain, applied to me respecting one of
his children (a child two years and an half
old) who had three of the lower vertebrae
of her Spine distorted, was very weak,
her body bending, could not be moved
without pain, had no use of her lower limbs
and one of which seemed contracting, and
had no ease but in a lying posture. The
parents informed me that she had been so
for five or six months, and could account
for it no other way than a weakness bro't
on by the whooping-cough, previous to which
the child had been active and healthy.
Upon the 8th of September I fitted the
child with a pair of patent stays and an ap-
paratus Spinalis Extensens; in a few days
she seemed perfectly easy, could sit upright
and walk with a little assistance. This is at-
tributed by the mother of the child who has re-
mained since in the city for the benefit of
my attendance, the father having gone to
the country.
The above is a just state of my child's
case.

CONGRESS.
HOUSE OF REPRESENTATIVES.
Mr. Smith from the COMMITTEE
appointed to prepare and report a plan
for the reduction of the Public Debt,
brought in the following
REPORT:

That from the documents of a company-
ing this report, marked A and B, it ap-
pears, that the surplus of the existing
revenues, beyond the probable expendi-
tures for the year 1795, and the
succeeding years, will enable the Le-
gislatre to commence during the year
1795, and to continue thereafter the
payment of that portion of the pub-
lic debt which the government has by
law reserved the right to redeem.
The committee therefore submit the
following resolution:
1. Resolved, That there be appro-
priated out of the revenues of the year
1795, a sum not exceeding 600,000
dollars, to be applied to the payment
of two dollars on every hundred dol-
lars of the amount of that part of the
public debt which bears an actual inter-
est of six per cent.—the said payment
to be made on the day of
next.

The committee further report, that
it would, in their opinion, be expedi-
ent to appropriate, until the year 1801
all the revenues arising from the duties
and taxes on manufactured sugar and
snuff, on licences for retailing wines
and spirituous liquors, on sales at auction
and on carriages, to the payment of
so much of the public debt, as the go-
vernment shall annually have a right to
redeem, and for that purpose, to pro-
long the duration of the said duties and
taxes, to the year 1801.—They there-
fore recommend the following resolu-
tion.
2. Resolved, That the several clau-
ses of limitation, in the acts for laying
duties and taxes on manufactured sugar
and snuff, on licences for retailing wines
and spirituous liquors, on sales at auction
and on carriages, be repealed; that the
said several acts be continued in force
until the year 1801, and that the me-
ans, arising therefrom be appropriated
to the discharge of that portion of
the public debt which is redeemable by
law, subject, however, to a substitution
of other duties or taxes of equal value
to all or any of the said duties and
taxes.

The following resolutions, as con-
nected with this subject, are also sub-
mitted by the committee:
3. Resolved, That the eighth section
of the act of last session, laying addi-
tional duties on goods, wares and mer-
chandise, be repealed; and that the
duration of the said act be made com-
mensurate with the act for laying such
duties, passed 10th of August 1790,
intituled, "An act making further
provision for the debt of the United
States."
4. Resolved, That the surplus of re-
venue, which may hereafter exist after
satisfying all legal appropriations, ought
to be annually appropriated to the pur-
chase of the public debt.

The prospect of an approaching
peace with the Indian tribes having sug-
gested to the committee the propriety
of referring to the western lands, as an
auxiliary resource for the discharge of
the public debt, they farther recommend
the following resolution:
5. Resolved, That provision be made
for the sale of the public lands in the
western territory.
