**To be Sold,**  
**A VALUABLE**  
**Tract of Land,**  
BEING that part of the city of New Brunswick that lies in the county of Somerset and State of New Jersey. It contains upwards of 600 acres of very valuable land and is bounded on the north by the public road that leads from New York to Philadelphia for near two miles, on the east by the river Raritan for near a mile, and lays in a triangular form. Building Lots on several streets in this part of the town feel from five to ten dollars and two thirds a foot front, and the extension of Albany Street, which the situation admits of, forae half a mile, will open a new four for very pleasant & commodious situation for dwelling houses. A considerable space along the river is well calculated for building flour-houses and wharves, and affords a seat for a Grift Mill on the bank of the river, which may be supplied with water from the Mile-Run by a subterraneous passage already dug, where wells of 300 barrels burthen may conveniently load and unload. There are now on the premises a good Farm-house and two large barns, a commodious new Dwelling House two stories high, 42 by 20 feet square, intended and well calculated for a store, with very good cellars under the whole, and a kitchen 30 by 20 feet square, a new wharf of 20 feet front, and a well built store house of 40 by 26 feet square and three stories high, and a quarry of building stone on the premises.  
New Brunswick, one of the most flourishing places in New Jersey, lying at the head of the navigation of the river Raritan, is the magazine for the reception of the produce of a very extensive and fertile country, and is well situated for sending every kind of imported merchandise for supply to every kind of produce and manufacture from thence to New York by water, it is situated on the post road through the States, and its vicinity to Perth Amboy, one of the best harbours in the States, render it an object worthy the attention of persons who have the means and know how to improve a situation so well calculated for commerce and manufactures.  
The premises will be shewn by John Parker or James Cole, at New Brunswick, and the terms and conditions of sale, made known by  
**James Parker,**

**Pennsylvania Hospital**  
1st Month 26th 1795.  
The managers, being informed, that many of their Fellow-citizens, entertain an erroneous opinion, that the tax commonly called the Hospital tax, which they have lately paid, is for the use of this house; think it a duty they owe the contributors to inform the public, that this institution receives no benefit therefrom, the said tax being laid for the sole purpose of erecting a building to accommodate persons with infectious diseases which is not to be within the limits of Philadelphia.  
The principal dependence of the contributors to the Pennsylvania Hospital is on the legacies and voluntary contributions of their charitable and humane Fellow-Citizens, throughout the City and State.  
Many of these whose minds have been impressed with the necessity there is of supporting this useful and valuable institution, have enabled the managers to maintain the house, at a great expence, upwards of forty years, by the valuable gifts and bequests, they have added at various times to the capital stock.  
Relying still with a firm confidence on the well known benevolence of the charitable citizens of Pennsylvania, they commend the institution to their further notice, and as the funds are far short of being adequate to the heavy expences of the house, the managers do not expect to solicit their assistance in vain.  
Published, by order of board of managers.  
**SAMUEL COATES Sec'y.**  
The managers request that the Printers of the English and German newspapers, will insert the above, to encourage the design of the contributors, in founding and supporting the Pennsylvania Hospital.
