Extract from the Preface.
"My chief aim has been, to offer to the public a Dramatic Entertainment, which, while it might excite a fmile, or call forth one fentiment, in the least p ejad cial, to the meral or political principles of the government under which I live. On the contrary, it has been my end-avour, to place the focial virtues in the fairest point of the contrary and hold on the world of the contemp. view, and hold up to merited contemp and ridicule, their opposite vices. If, in this attempt, I have been the least successful, I shall reap the reward to which I afpire, in the finiles and approbation of a li-
