In the Chancery of New Jersey. April 14th. 1795.

Present his Excellency Richard Howell, Chancellor.

Between Lydia Onderdonck, Complainant, and Henry Onderdonck, Defendant.

The Complainant in

this cause, having this day filed her bill of complaint, praying for certain causes therein set forth, to be divorced from her husband Henry Onderdonck, the above defendant, and having made due proof, that the said Henry hath, after the cause of complaint had arisen removed himself without the jurisdiction of this court, so that the process thereof cannot be served upon him, or if served he cannot be compelled to appear and answer or plead, and having thereupon prayed a hearing upon the facts charged in the said bill. It is therefore ordered that a hearing be had on the facts charged in the said bill, accordingly on the first day of July next at the dwelling house of William Hay, Innholder, in the city of Trenton, at ten o'clock in the forenoon, a copy of this order, having been first published in one of the public papers of this state, and in one of the public papers of the States of New York and Pennsylvania, or served on the said defendant for the space of two months at least, before the said day appointed for hearing.

Notice is hereby Given,

That agreeably to a bye law of the Stockholders, subscriptions will be opened at the company's office in Philadelphia, on the 4th day of May next, for one hundred additional shares of Capital stock in the Philadelphia and Lancaster Turnpike road company. The sum to be demanded for each share will be three hundred dollars, and a sum equal to legal interest upon the several instalments called for from the original stockholders, to be calculated from the times the said instalments became severally due. One hundred dollars thereof to be paid at the time of subscribing and the remainder in three equal payments at 30, 60, and 90 days. No person to be permitted to subscribe more than one share on the same day. By order of the board, **WM. MOORE SMITH, Sec'y.** April 14. codtjM

ELECTION.

An Election will be held at the Pennsylvania Hospital on the fourth day of the fifth month, 1795 (being the second day of the week) at three o'clock in the afternoon, for Twelve Managers and a Treasurer, for the ensuing year, of which the Contributors are desired to take notice and attend.

By order of a Board of Managers, **Samuel Coates, Clerk.** 4th Mo. 13, 1795.

No. 93. District of Pennsylvania, TO WIT.

Be it remembered that on the twenty sixth day of March, in the nineteenth year of the Independence of the United States of America, Thomas Dobson of the said district hath deposited in this office the title of a book, the right whereof he claims as proprietor, in the words following, to wit:

"Remarks, Instructions and Examples, relating to the Latitude and Longitude; also the variation of the compass, &c. &c. to which is annexed, a general chart of the Globe, where the route made by the author in different ships under his command, to the Cape of Good Hope, Batavia, Canton in China, the different parts of India, Europe and the Cape de Verde Islands, are marked for the purpose of shewing the best tract of sea, to meet the most favourable winds, and avoid those perplexing calms, which too often attend Asiatic voyages; together with a short but general account of variable winds, trade winds, monsoons, hurricanes, tornadoes, tuffoons calms, currents, and particular weather met with in those voyages, &c. &c.—By Thomas Truxton."

In conformity to the act of the Congress of the United States, intitled "an act for the Encouragement of Learning, by securing the copies of maps, charts, and books to the authors and proprietors of such copies, during the times therein mentioned."

**Samuel Caldwell,** Clerk of the District of Pennsylvania. April 11. 1aw4w

American Landscapes.

PROPOSALS FOR PUBLISHING IN AQUATINTA TWENTY-FOUR VIEWS.

Selected from the most striking and interesting Prospects in the United States; each of which VIEWS will be accompanied by a descriptive account of its Local, Historical, and other Incidental Peculiarities.

By **G. I. PARKYNS,** Author of the "Monastic Remains and Ancient Castles in Great Britain."

CONDITIONS.

I. That the work shall be published by Subscription; and that each Subscriber shall engage to take the whole set of Views, and shall pay for each engraving, if black or brown, 2 Dollars; and if coloured 5 Dollars.

II. That the dimensions of each engraving shall be 24 by 17 inches, executed in aquatinta, and published upon paper of a superior quality. The publication to commence immediately; and one engraving to be delivered to the Subscribers, on the first Monday of each succeeding month, until the proposed series shall be finally completed.

III. That with the last View of the series, shall be delivered an engraved title-page; an elegant characteristic vignette; a map of the tract, connected with the prospects exhibited in the course of the Work; and an Alphabetical list of the Subscribers.

Subscriptions are received by Mr. Harrison, at his Print-shop, Maiden Lane, New-York by Mr. Carey, Book-seller, No. 118, Market Street, Philadelphia, and by all the principal Book-sellers in the United States. February 28. d.

FOR SALE,

Between nine and ten Thousand Acres of LAND,

Situate in the county of Frederick, and State of Virginia, being the greater part of Greenway Court Manor. Part of this tract lies on the river Shenandoah, between thirty and forty miles above its junction with the Potomack. The Shenandoah is capable of being rendered navigable, and the navigation of the Potomack is in a fair way of being completed to tide water which circumstances offer in a few years a water carriage to the flourishing towns of Georgetown and Alexandria, and to the City of Washington; from all which places the said tract is distant between seventy and eighty miles by land. The flourishing Borough of Winchester is only twelve or fourteen miles from it.

Between three and four thousands acres of the land are leased generally for terms not exceeding twenty one years and many of the terms have only short periods to run. The remaining quantity being near six thousand acres, consists of the most valuable part of the tract being extremely rich limestone land, similar in quality to the very fertile country in Lancaster and York counties of this state, and in Frederick county of Maryland. An indisputable title will be made to the purchaser.

This tract being situated in a most healthy and fertile country, offers a most advantageous investment of money; as no part of America can exhibit a more rapid settlement and improvement, and consequently a more rapid increase in the value of real estate.

It would be particularly advantageous to a company of settlers as the part not leased, admits of being divided into farms of any size to suit the convenience of the parties concerned.

One half of the purchase money must be paid at the time of sale, and the remaining half at easy instalments with interest.

Further particulars are deemed unnecessary as it is probable the land will be viewed, by any person disposed to buy before he purchases.

The price for the whole tract may be known on application to the hon. Thomas Hartley, Esq. at Yorktown, to the hon. John Wilkes Kittera, Esq. at the town of Lancaster, in this state, to Charles Lee, Esq. at Alexandria in the state of Virginia, or to the subscriber, at No. 29, north Second Street in this city, who will treat with any person or persons disposed to purchase till the fifteenth day of June next.

Treasury Department

REVENUE OFFICE, April 10, 1795.

PROPOSALS

Will be received at the Office of the

Commissioner of the Revenue,

FOR BUILDING A

LIGHT HOUSE,

On Long Island, at MONTAUK POINT

in the County of Suffolk, and State

of New York, of the following Materials, Dimensions and Description.

The form is to be Octagonal. The foundation is to be of Stone, to be sunk thirteen feet below the bottom of the Water table, or the surface of the Earth, and to be commenced of the Diameter of twenty nine feet. From such commencement to the bottom of the Water Table, the foundation wall is to be thirteen feet high, and nine feet thick.

The Diameter of the base from the bottom of the Water Table to the top thereof, (where the Octagonal pyramid is to commence) is to be twenty eight feet, and the wall is there to be seven feet thick. The wall of the Octagonal pyramid is to be six feet thick at the base thereof, on the top of the Water Table.

The Height of the building, from the bottom of the Water Table and from the surface of the Earth, is to be eighty feet to the top of the stone work, under the floor of the Lantern; where the Diameter is to be sixteen feet six inches, and the wall three feet thick. The whole to be built of Stone; the Water Table is to be cap with sawed stone, at least eight inches wide, and Sloped at top to turn off the water.

The outside of the walls is to be faced with hewn or hammer dressed stone, having four windows in the East, and three in the West. The Sashes to be hung with hinges, and each sash to have twelve panes of glaz, eight by ten inches.

On the top of the Stone work is to be a framed tier of Joists, bedded therein, planked over with Oak plank, extending three feet beyond the wall, thereby forming an eave, which is to be finished with a Cornice, the whole having a descent from the Centre, sufficient to throw off the water, and to be covered with Copper. A complete and sufficient iron lantern, in the Octagonal form is to rest thereon, the Eight corner pieces or Stanchions of which, are to be built in the wall to the depth of ten feet. These Stanchions are to be nearly 3 inches square in the lower ten feet, and 3 x 2 by 2 x 2 inches above. The lantern is to be ten feet and nine inches in diameter. It is also to be ten feet high, from the floor to the bottom of the dome or roof, and to have a dome or roof of five feet and nine inches in height. The whole space between the posts or upright pieces at the angles is to be occupied by the Sashes, which are to be moulded, on the inside and struck Solid. Each sash is to have twenty eight panes of glaz, fourteen by twelve inches, a part of the sash on the South west side is to be hung with hinges for a convenient door to go out on the platform.

The rafters of the Lantern are to be framed into an iron hoop, over which is to be a copper funnel, thro' which the smoke may pass into a large Copper Ventilator in the form of a man's head; capable of containing 100 Gallons. This head is to be turned by a large vane; so that the hole, for venting the smoke, may be always to Leeward.

Eight dormant Ventilators are to be fixed in the roof, a large curved air pipe is to be passed thro' the floor, and a close Stove is to be provided and fixed in the Lantern.

There are to be seven pair of Stairs to ascend to the Lantern, the entrance to which is to be by a trap door covered with copper.

The building is to be furnished with two complete electrical Conductors, or rods with points. The floors are to be laid with plank, of at least one inch and one half in thickness. The entrance to the Light-House to be well secured by a strong door hung upon hinges, with a strong lock and latch complete.

Also a Frame house to be thirty four feet in front and sixteen feet deep, with a cellar under it. The cellar walls to be eighteen inches thick, and seven feet high.—The first story of the house is to be eight feet, and the second, seven feet six inches high, the floors to be laid in whole lengths nailed through. The flue of Chimneys with two plain fire places on each floor, one of them large for a kitchen; two windows below, and three above in front and rear, each sash to have eighteen panes of glaz ten by eight inches. The doors to be hung and furnished completely.—The ceilings and sides of the house to be plaitered with two coats, all the wood work inside & out to be well painted & the whole to be finished in a plain decent manner.

An oil Vault to be built twenty by twelve feet in the clear; arched over and covered with earth or sand over which a shed is to be built—It is to be furnished with nine strong cedar cisterns, with covers, each capable of containing two hundred gallons.

The entrance to the vault is to be secured by a strong door. A well is to be sunk at a convenient distance, and furnished with a curb, bucket and rope completely. The builder to find and pay for all the materials, labor, workmanship, provisions, and other objects of cost, charge or expense for a sum to be agreed upon and to

execute the before described work and every part thereof in a good and workman like manner.

Convenient payments or advances, on security will be made.
