FOR SALE, Between nine and ten Thousand Acres of LAND,

Situate in the county of Frederick, and State of Virginia, being the greater part of Greenway Court Manor. Part of this tract lies on the river Shenandoah, between thirty and forty miles above its junction with the Potomack. The Shenandoah is capable of being rendered navigable, and the navigation of the Potomack is in a fair way of being completed to tide water which circumstances offer in a few years a water carriage to the flourishing towns of Georgetown and Alexandria, and to the City of Washington; from all which places the said tract is distant between seventy and eighty miles by land. The flourishing Borough of Winchester is only twelve or fourteen miles from it.

Between three and four thousand acres of the land are leased generally for terms not exceeding twenty one years and many of the terms have only short periods to run. The remaining quantity being near six thousand acres, consists of the most valuable part of the tract being extremely rich limestone land, similar in quality to the very fertile country in Lancaster and York counties of this State, and in Frederick county of Maryland. An indisputable title will be made to the purchaser.

This tract being situated in a most healthy and fertile country, offers a most advantageous investment of money; as no part of America can exhibit a more rapid settlement and improvement, and consequently a more rapid increase in the value of real estate. It would be particularly advantageous to a company of letters as the part not leased, admits of being divided into farms of any size to suit the convenience of the parties concerned. One half of the purchase money must be paid at the time of sale, and the remaining half at easy instalments with interest. Further particulars are deemed unnecessary as it is probable the land will be viewed, by any person disposed to buy before the purchase.

The price for the whole tract may be known on application to the hon. Thomas Hartley, Esq. at Yorktown, to the hon. John Wilkes Kittera, Esq. at the town of Lancaster, in this state, to Charles Lee, Esq. at Alexandria in the state of Virginia, or to the subscriber, at No. 29, north Second street in this city, who will treat with any person or persons disposed to purchase till the fifteenth day of June next. PROPOSALS For Printing by Subscription, a Work to be entitled

TRIALS FOR HIGH TREASON, Within the Commonwealth of Pennsylvania.

By EDMUND HOGAN, Editor of the Pennsylvania State Trials.

IT will contain an accurate and comprehensive statement of the charges against the accused, the documents, oral testimony, arguments of counsel on both sides, and final issue.

As every citizen in the United States is more or less concerned in the issue of these trials, it is hoped the Editor will soon be enabled to acquaint the Public, that he has met with sufficient encouragement to undertake the publication, which he intends to do as soon as 600 subscribers shall have signed. With this view—

He offers the following Proposals to the Public. I. The work shall be printed in octavo, with a good type, on fine paper, in numbers of 64 pages, to be delivered as soon as possible after the trial. II. As no accurate estimate of the length can be made at this time, its size and price cannot now be ascertained; but the price shall be limited to fifteen pence per sheet of 16 octavo pages, exclusive of binding. III. Subscribers on the delivery of the first number, to pay one dollar, and the remainder when the work shall be completed.

The printers of new papers in the United States, who shall publish these proposals six times in their April, May and June papers, shall be entitled to a copy for their trouble; and the allowance of a seventh copy will be made to them and all others who may exert themselves in soliciting subscriptions and securing payment. As this is supposed to be a sufficient inducement for printers, stationers, bookellers and schoolmasters, to be at some pains to procure subscriptions, it is hoped those persons will exert themselves by opening subscription papers immediately, and they are requested to be punctual in transmitting the lists before the first of July next; as the names are to be printed as patrons of this work.

Philadelphia, March 19, 1795.

II. Each number shall contain eighty octavo pages, or five sheets of letter press, and two handsome engravings. Six numbers will form a volume. III. The price of each number will be a quarter of a dollar.

IV. Should the work exceed twenty four numbers, the surplus shall be delivered gratis. V. The names of the subscribers shall be prefixed. VI. Should any subscriber disapprove of the publication, after an inspection of the first four numbers, he shall be at liberty to withdraw his name, return the numbers, and receive his money again.
