50,000 Tickets at 8 dollars 400,000

This Lottery will afford an elegant specimen of the private buildings to be erected in the City of Washington—Two beautiful designs are already selected for the entire front on two of the public squares; from these drawings, it is proposed to erect two centre and four corner buildings, as soon as possible after this Lottery is sold, and to convey them when complete, to the fortunate adventurers, in the manner described in the scheme for the Hotel Lottery. A net deduction of five per cent will be made to defray the necessary expenses of printing, &c. and the surplus will be made a part of the fund intended for the National University, to be erected within the City of Washington.

The drawing will commence as soon as the Tickets are sold off.—The money prizes will be payable in thirty days after it is finished, and any prizes for which fortunate numbers are not produced within twelve months after the drawing is closed are to be considered as given towards the fund for the University, it being determined to settle the whole business in a year from the ending of the drawing and to take up the bonds given as security.

The real securities given for the payment of the Prizes, are held by the President and two Directors of the Bank of Columbia, and are valued at more than half the amount of the Lottery.

The twenty four gentlemen who by appointment of the late Commissioners assisted in the management of the Hotel Lottery are requested to undertake this arduous task a second time on behalf of the public; a sufficient number of these having kindly accepted, it is hoped that the friends to a National University and the other federal objects may continue to favor the design. The synopsis of one of the Colleges, to form a branch of the National Institution, is already in the press, and will be speedily published, together with its constitution.

A complete PLAN of the whole of this important Institution, compiled from a selection of the best materials, ancient and modern, will be submitted to the public whenever the same may have gone through such revisions as may be necessary to establish the perfect confidence and general approbation, so essential to its present rise and future existence for the general good of America.

By accounts received from the different parts of the Continent as well as from Europe, where the tickets have been sent for sale, the public are assured that the drawing will speedily commence, and that the care and caution unavoidably necessary to insure a safe disposal of the tickets, has rendered the short suspension indispensable.

February 24, 1795.

**SAMUEL BLODGET.**  
\* \* Tickets may be had at the Bank of Columbia; of James Wet & Co. Baltimore; at Gideon Denton, Savannah; of Peter Gilman, Boston; of John Hopkins, Richmond; and of Richard Welis, Cooper's street.

**FOR SALE,**  
Between nine and ten Thousand  
**Acres of LAND,**  
Situate in the county of Frederick, and state of Virginia, being the greater part of Greenway Court Manor. Part of this tract lies on the river Shenandoah, between thirty and forty miles above its junction with the Potomack. The Shenandoah is capable of being rendered navigable, and the navigation of the Potomack is in a fair way of being completed to tide water which circumstances offer in a few years a water carriage to the flourishing towns of Georgetown and Alexandria, and to the City of Washington; from all which places the said tract is distant between seventy and eighty miles by land. The flourishing Borough of Winchester is only twelve or fourteen miles from it.  
Between three and four thousands acres of the land are leased generally for terms not exceeding twenty one years and many of the terms have only short periods to run. The remaining quantity being near six thousand acres, consists of the most valuable part of the tract being extremely rich limestone land, similar in quality to the very fertile country in Lancaster and York counties of this state, and in Frederick county of Maryland. An indispensible title will be made to the purchaser.  
This tract, being situated in a most healthy and fertile country, offers a most advantageous investment of money; as no part of America can exhibit a more rapid settlement and improvement, and consequently a more rapid increase in the value of real estate.  
It would be particularly advantageous to a company of settlers as the part not leased, admits of being divided into farms of any size to suit the convenience of the parties concerned.  
One half of the purchase money must be paid at the time of sale, and the remaining half at easy instalments with interest.  
Further particulars are deemed unnecessary as it is probable the land will be viewed, by any person disposed to buy before he purchases.  
The price for the whole tract may be known on application to the hon. Thomas Hartley, Esq. at Yorktown, to the hon. John Wilkes Kittera, Esq. at the town of Lancaster, in this state, to Charles Lee, Esq. at Alexandria in the state of Virginia, or to the subscriber, at No. 29, north Second street in this city, who will treat with any person or persons disposed to purchase till the fifteenth day of June next.
