

# Eighty Thousand Persons, OF ALL AGES, Have, within two years past, found relief from HAMILTON'S Worm-destroying Lozenges, In various dangerous complaints, Arising from Worms, and from Injuries or Ob- struction in the STOMACH AND BOWELS.

THIS medicine bears no analogy what-  
ever to others of a similar title, to com-  
monly complained of as operating with a  
degree of violence sufficient not only to kill  
worms but sometimes to endanger the pa-  
tient's life; on the contrary a peculiar ex-  
cellence of this remedy is its being suited to  
every age and constitution; contains nothing  
but what is perfectly innocent, and is so  
mild in its operation that it cannot injure  
the most delicate pregnant lady, or the ten-  
derest infant of a week old should no worms  
exist in the body; but will without pain or  
gripping cleanse the stomach and bowels of  
whatever is foul or offensive, and thereby  
prevent the production of worms and many  
fatal disorders. They are particularly effi-  
cacious in carrying off all gross humours  
and eruptions; feverish and bilious com-  
plaints, and are the safest and mildest purga-  
tive that can be used in any occasion.

Children generally take this medicine with  
eagerness; having a pleasant appearance  
and an agreeable taste.

*Description of worms,*  
And the symptoms by which they are  
known.

Worms which inhabit the human body, are  
chiefly of four kinds, viz: The teres or  
large round worm, the ascarides, or small  
narrow worm, and lastly, the tenia, or tape,  
this is often many yards long, and is full of  
joints; it is most hurtful and most difficult  
to cure.

Among the symptoms attending worms,  
are disagreeable breath especially in the  
morning, bad and corrupted gums; itching  
in the nose and about the feet; convulsions  
and epileptic fits, and sometimes privation  
of speech; starting and grinding of teeth in  
sleep; irregular appetite, sometimes loathing  
food, and sometimes voracious; purging,  
with slimy and fetid stools; vomiting;  
large and hard belly; pains and sickness at  
the stomach; pains in the head and thighs,  
with lowness of spirits; slow fever, with  
small and irregular pulse; a dry cough; ex-  
cessive thirst; sometimes pale and unhealthy  
countenance, and sometimes the face bloated  
and flushed.

Persons afflicted with any of the  
above symptoms should have immediate re-  
course to *Hamilton's Worm-destroying Lo-  
zenges*, which have been constantly attended  
with success in all complaints similar to  
those above described.

Recent cures, selected from several  
hundreds, the authenticity of which any per-  
son may ascertain by letter or personal applica-  
tion, not being performed in Europe—no  
body knows where—but at home.

A daughter of Mr. Ewing Wiley, No.  
109, Cedar Street, Philadelphia, was dread-  
fully afflicted with worms, inasmuch that  
her life was with great reason despaired of;  
her complexion faded and grew pale and sal-  
low; her eyes sunken; her appetite was lost,  
and succeeded by a painful and constant  
sickness at the stomach, which general wast-  
ing and debility was accompanied with every  
appearance of a dangerous fever. From this  
deplorable situation she was relieved, and  
restored to a state of perfect health and  
strength in a few days, by the use of Hamil-  
ton's Worm-destroying Lozenges; which  
expelled a great number of large pointed  
worms, from six to nine or twelve inches in  
length; one of which being of a most extra-  
ordinary thickness, (supposed from half an  
inch to an inch in diameter) was opened and  
found to contain a quantity of young ones.  
The above is communicated by Mr. Wiley,  
believing its perusal may be useful to many,  
by extending the knowledge of a medicine  
which merits universal attention.

MICHAEL DUFFY, residing at No. 47  
Wilkes Street, Fell's Point, in the city of  
Baltimore, voluntarily maketh oath, that the  
following statement is just and true.

In the beginning of May last, my three  
children, a boy of seven, and two girls, the  
one five, and the other three years of age,  
were taken very ill, nearly at the same time,  
of a common fever, as I then supposed;  
but was soon convinced the disorder was  
caused by worms, they were frequently trou-  
bled with convulsion fits, and violent start-  
ings in their sleep, and with almost contin-  
ual vomiting and purging, particularly the  
youngest. I made immediate application to  
a physician of the first reputation, and his  
medicines were administered with a confi-  
dence of success which only increased our  
disappointment. The child grew daily worse,  
and I was absolutely without hopes of their  
recovery. The youngest one appeared almost  
devoid of animation, and scarcely an in-  
habitant of this world. In this distressing  
moment I was told that Hamilton's Worm  
Destroying Lozenges had performed many  
cures in cases equally desperate. I immedi-  
ately purchased a box, and gave each of them  
a dose, which in a few hours produced the  
most desirable effects; the eldest vomited a  
great number of very large worms, and the  
second thousands of small ones, many of  
them not a quarter of an inch long; in the  
youngest they seemed to be consumed, and  
had the appearance of skins of a slimy matter.  
I repeated the dose agreeably to the paper  
of directions, and they all speedily recovered  
a good state of health, which they still enjoy  
though five months have nearly elapsed since  
they were on the borders of the grave, and  
the death of the whole appeared to be inevi-  
table.

Sworn before me, this 26th day of Sep-  
tember, 1799. J. SMITH.

Letter from Mr. John Abercromby, soap  
and candle manufacturer, No. 28, Bridge  
Street, Baltimore, to the proprietor of Ham-  
ilton's Worm Destroying Lozenges.

October 12, 1799.  
Sir, I think it my duty to inform you that I  
have experienced the happiest effects from  
your Lozenges, having been much affected  
for four years past with various complaints  
caused by a cold, particularly a constant  
pain in my stomach and bowels, frequent and  
severe head-ache, with a general lassitude  
and weakness, during which time I had the  
best medical advice that could be obtained  
from the most skillful physicians I could hear  
of, both American and European, but with-  
out any alleviation of my disorder.

I should too probably have continued  
without relief, but for your Worm Destroy-  
ing Lozenges, which brought from me an  
astonishing quantity of small white worms,  
about the size of a coarse thread, and in a  
short time I found myself perfectly free from  
all my former complaints, and have enjoyed  
a good state of health for five months past.

I have constantly recommended your me-  
dicine, and shall as long as I live, having from  
my own experience reason to believe it to be  
an invaluable and unparalleled remedy. Should  
any person wish for further information, I  
will with pleasure satisfy their enquiries on  
this subject.

JOHN J. ABERCROMBY.

Sir, July 10, 1799.

I had been a long time afflicted with a  
violent gnawing pain in my stomach, a dull,  
heavy and continual head-ache, with a fre-  
quent swimming in my head, accompanied  
with dimness of sight, and sometimes partial  
blindness, and was rendered incapable of at-  
tending my business through loss of strength;  
sometimes could scarcely eat a morsel for  
two or three days, when my appetite would  
suddenly become astonishing voracious. I  
firmly believed myself to be in a consumption,  
which must soon put a period to my life,  
when happily hearing of several cures per-  
formed by Hamilton's Worm Destroying  
Lozenges in complaints which could not be  
accounted for; I took two doses which ex-  
pelled an incredible number of small sharp-  
pointed worms. In short, I now enjoy as  
perfect health and strength as ever I did in  
my life, and I believe my cure to be entirely  
effected by means of your medicine.

My brother witnessing its surprising effi-  
cacy, was induced to take a dose, though in  
tolerable health, which occasioned him like-  
wise to void a great quantity of worms of  
the same kind, and thereby probably prevent-  
ed his experiencing those dreadful disorders  
with which he was afflicted.

A sincere desire that others in similar cir-  
cumstances may receive the same benefits,  
is the reason of my sending you this account.  
Yours, very respectfully,

AQUILLA GOLDING.

## HAMILTON'S ELIXIR.

A sovereign remedy for Colds, obstinate Coughs,  
Catarhs, Athmas, Sore Throats, and ap-  
proaching Consumptions.

Thousands are so well acquainted with the  
nature and effects of empiric medicines daily of-  
fered for the cure of the above complaints—  
dear bought experience has taught them that  
oil and heating medicines joined with strong  
opiates or sleepy drugs, repeated doses of which  
flatter and deceive the patient for the present  
by procuring momentary ease; experience, I  
say, has taught thousands that the common opi-  
ates and balsams, as they are called, finally  
aggravate every disorder in the breast and lungs,  
in the most distressing symptoms; that they  
load the stomach and impair the digestion—  
inflame the whole system, increase the difficulty  
of breathing, and excite fever. But the quali-  
ties of this valuable discovery are evinced by  
perfectly opposite effects. A single trial will  
prove that it restores the determination of the  
fluids to the surface of the body, and brings on  
the common, healthful perspiration; that it dis-  
solves and evacuates the tough, viscid phlegm,  
or mucus, strengthens the weakened vessels of  
the lungs, heats the acrimosities humours,  
which irritates the lungs, and finally discharges  
them. Thus striking at the root of the disorder,  
the symptoms are of course effectually and  
permanently conquered, the reverse of common  
medicines which weaken the constitution and  
give strength to the disorder, for the sake of mo-  
derating for the present, some of its painful ef-  
fects.

## TO PARENTS

Who may have Children afflicted with the Hoop-  
ing Cough,

This discovery is of the first magnitude, as  
it affords immediate relief, checks the progress,  
and in a short time entirely removes the most  
cruel disorder to which Children are liable—  
The Elixir is so perfectly agreeable, and the  
dose so small, that no difficulty arises in taking it.

## DANGEROUS COLD.

David Gilbert, Toyman, No. 46, South  
Fourth Street, Philadelphia, voluntarily maketh  
oath, as follows, namely, That about  
eight months ago, he caught a severe cold,  
which resisted every remedy he could think of,  
and produced the most alarming effects; he  
could procure no rest for incessant coughing,  
nor breathe without great pain and difficulty,  
and was finally so exhausted, as to be scarcely  
able to walk about, which left his friends little  
hopes of his recovery, though the prescriptions  
of a respectable physician were constantly at-  
tended to. In this situation hearing of the ef-  
ficacy of Hamilton's Elixir, a bottle was procured  
from Mr. Birch, No. 17, South Second  
Street; the first dose of which afforded the  
most surprising relief, and gave him more ease  
than he had enjoyed during the whole of the  
above period, and before the contents of one  
bottle were taken, he was perfectly cured, his  
strength and appetite recovered, and all a symp-  
tom of his former distressing complaints re-  
mained.

The above particulars the said David Gilbert  
wishes to be made public, as a testimony of his  
gratitude, and for the benefit of mankind.

## Dr. Hamilton's Genuine Essence and Extract of Mustard.

A safe and effectual remedy for acute and  
chronic rheumatism, gout, rheumatic gout,  
palsy, lumbago, numbness, white swellings,  
chilblains, sprains, bruises, pains in the face  
and neck, &c.

The experience of many ages and the testi-  
mony of the ablest medical practitioners from an  
early period to the present time, agree in ascrib-  
ing to Mustard very powerful and singular  
virtues; in every case where the necessity of  
stimulating remedies are indicated, while the  
inflammatory state of the system forbid the use  
of medicines of a heating quality; Mustard is  
eminently useful, and vastly superior to any  
other drug.

The Essence and extract of Mustard, contain  
the whole virtues of the plant concentrated in a  
small compass, entirely divested of that acrimo-  
ny, which renders its external application so in-  
convenient in a crude state, likewise rejecting  
those inert and useless parts which compose the  
chief of its bulk, and renders the necessary dose  
so large as to be extremely nauseating to the  
stomach, by which means every inconvenience is  
obviated in these medicines.

This valuable remedy is prepared both in a  
fluid state and in pills, and thus excellently  
adapted both for external and internal use.

The Pills operate mildly by urine and by in-  
sensible perspiration, expelling the superfluous  
and morbid humours; they are highly cordial  
to the stomach, create appetite, assist digestion,  
remove flying pains, in a cold or windy com-  
plaints in the stomach and bowels.

The Essence is a wonderful assistant to the  
pills in Rheumatism, Gout, Lumbago and Palsy;  
and by its peculiar penetrating and dispersing  
quality, removes the most violent sprains,  
bruises, numbness, stiffness of the neck, joints,  
&c. Swollen faces, head ache, indurated  
breasts, white swellings, frozen limbs, &c. and  
will infallibly prevent the ill effects of getting  
wet or damp in the feet.

Many persons have been much disappointed  
by purchasing medicines under the name of Es-  
sence of Mustard, which bear no analogy what-  
ever to this remedy. Some of these prepara-  
tions are perfectly inert, others produce the  
most violent and dangerous effects, and are  
much to be guarded against.

A great number of well authenticated cases of  
cure, from almost every part of the union, might  
here be cited, did the limits of even this long ad-  
vertisement permit. The following must serve  
by way of specimen.

John Hoover, rope maker, South Second Street  
between Mary and Christian Streets, Philadel-  
phia, voluntarily maketh oath, as follows, namely,  
that his wife, Mary Hoover, was so severely  
afflicted with violent rheumatism, very dang-  
erously situated, the consequence of a cold after  
lying in, as to be confined to her bed for several  
weeks, and was at length reduced to the mel-  
ancholy apprehension of remaining a cripple for  
life; notwithstanding the most respectable me-  
dical advice was followed, and every probable  
remedy attempted: when seeing several cases of  
cures performed by Hamilton's Essence and Ex-  
tract of Mustard, they were procured from Mr.  
Birch, No. 17, South Second Street—The first ap-  
plication enabled her to walk across her room,  
and the use of one bottle restored her to her usual  
state of health and strength.

JOHN HOOVER.

Sworn and subscribed the 25th day of March,  
1800, before Ebenezer Ferguson, Esquire, one  
of the Justices of the Peace for Philadelphia  
County.

Mr. HENRY REEB, Butcher,  
Proprietor of No. 24, Centre Market house  
Baltimore.

About two months ago, your medicine pro-  
ved of singular service to me. I was not able  
to move from my room for upwards of a fortnight  
with the rheumatism or Rheumatic Gout in my  
left foot and ankle, when Dr. Buchanan recom-  
mended the Essence of Mustard, as the only me-  
dicine to be depended on, and directed me where  
to procure it; and by using less than a quarter  
of a bottle and a few of the pills, I was able to  
ride to market next day, and have been perfectly  
free from any complaint ever since.

Jan. 4, 1800. Henry Rees.

Mrs. MARY MCRAE, wife of George  
McRae, grocer, Bond Street, Fell's Point, was  
perfectly cured (by perceiving in the use of  
Hamilton's essence and extract of mustard) of a  
rheumatic complaint of eleven years standing.  
The greatest part of last winter she was unable  
to dress or undress without assistance; she had  
the best medical advice both in Europe and America  
without effect.

## Dr. Hamilton's Grand Restorative,

Is recommended as an invaluable medicine, for  
the speedy relief and permanent cure of the va-  
rious complaints which result from dissipated  
pleasures, juvenile indiscretions, residence in cli-  
mates unfavorable to the constitution; the im-  
moderate use of tea, frequent intoxication, or  
any other destructive intemperance; the un-  
natural or excessive use of mercury; the diseas-  
es peculiar to females at a certain period of life;  
bad livings, &c.

And is proved by long and extensive experi-  
ence to be absolutely unparalleled in the cure of  
Nervous disorders, Melancholy, Gout in the stomach,  
Consumptions, Lowness of spirits, Pains in the limbs,  
Loss of appetite, Relaxations, Impurity of the blood, Involuntary emissions,  
Hysterical affections, Seminal weakness, Inward weakness, Obstructed menses,  
Violent cramps in the stomach and back, Indigestion, Flour albus, or whites,  
Lipotency, Barrenness, &c.

This medicine is perfectly different in its  
qualities and operation from those hot and irritating  
drugs so frequently proposed for similar pur-  
poses, and which only recommend themselves by the  
dangerous rapidity of their effects, and which  
acting as a temporary but violent stimulus on the  
nervous system, infallibly produce greater evils  
than those they are intended to remove.

The principal operation of this remedy is in  
the stomach, restoring the digestive powers and  
sending from that organ new health, and vigor in  
every part of the system. It enriches and  
purifies the blood without inflaming its vessels;  
without stimulating too violently the nervous sys-  
tem; strengthens the secretory vessels and the ge-  
neral habit; brings back the muscular fibres to  
their natural and healthy tone; and restores that  
nutrition which in moderate evacuations have  
been destroyed, and whose loss had thrown the whole  
frame into languor and debility.

The Restorative is absolutely above all recom-  
mendations, in removing those weaknesses and in-  
firmities with which many females are afflicted,  
the consequences of difficult and painful labours,  
or of injudicious treatment therein.

The most obstinate femoral gleet; and the most  
distressing cases of flour albus in females, fall par-  
ticularly under the province of this restorative;  
speedily yielding to its benign operation, and are  
radically cured, by condescending and purifying the  
acrimosities humours, restoring a proper degree  
of tension to the relaxed fibres, and strengthening  
the weakened organs.

In cases of extremity, where the long prevalence

and obduracy of disease has brought on a general  
impoverishment of the system, excessive debility  
of the whole frame, and a wasting of the flesh,  
which no nourishment or rest could repair, a  
perseverance in the use of this medicine has per-  
formed the most astonishing cures.

The Grand Restorative is prepared in pills as  
well as in a fluid form, which affords considerably  
in producing a gradual and lasting effect. Their  
virtues remain unimpaired for years in any cli-  
mate.

## Dr. Hahn's Anti-Bilious Pills.

The operation of these pills is perfectly mild, so as  
to be used with safety by persons in every situation  
and of every age.

They are excellently adapted to carry off superfluous  
bile, and prevent its morbid secretions—to restore  
and amend the appetite; to produce a free perspira-  
tion, and thereby prevent colds, which are often of  
fatal consequences: A dose never fails to remove a  
cold if taken on its first appearance. They are cele-  
brated for removing habitual costiveness, sickness at  
the stomach and severe head ache, and to be taken by  
all persons on a change of climate.

voyages, and should be procured, and carefully pre-

## The Anodyne Elixir,

Infallible Ague and Fever Drops.

A long eulogium on the virtues of this medicine

thousand cases, not one in a hundred has had occasion  
to take more than a bottle and numbers not half a  
bottle.

safety by pregnant women, or on infants a week old,

ingredient whatever, and is not accompanied with  
that tormenting smart which attends the exhibition of  
other remedies.

## For the Cure of VENEREAL COMPLAINTS,

The Patent Indian Vegetable Specific,  
Prepared by Dr. Leroux.

The experience of several thousands who have been  
cured by this medicine (a great proportion of them,  
after the skill of eminent physicians had proved ineffi-  
cacious) demonstrate its efficacy in expelling the Venere-  
al poison, however deeply rooted in the constitution,  
and in counteracting those dreadful effects which  
often result from the improper use of mercury.

The mildness of the Vegetable Specific is equal  
to its surprising efficacy, its operation is so gentle  
that it is given to Venereal patients in a state of  
pregnancy, with the utmost safety, and performs  
a cure without disturbing the system or producing  
any of those disagreeable effects inseparable from  
the common remedies.

With the medicine is given a description of the  
symptoms which obtain in every stage of the dis-  
ease, with copious directions for their treatment,  
so as to accomplish a perfect cure in the shortest  
time, and with the least inconvenience possible.
