GILT and plated buttons, ivory and horn combs, japanned, block-tin and pewter wares, brass and iron candlesticks, patent teakettles and sauce-pans, coffee-mills, iron and brass wire of all sizes. A large assortment of flat-irons, bake-plates, pots, &c. direct from the manufacturers. He has also on hand, a large and extensive assortment of TIN WARES, Of his own manufactory, manufactured in the best manner; all of which he will sell on the most reasonable terms, wholesale and retail. Received at the same time by the ship George, capt. Rice, the much admired improved patent COPYING MACHINES, Direct from the patentee.

These machines are made on a simple and improved plan for copying, writing, &c. of any size, in an expeditious manner, and are charged at a much less price than any other now in use. They are found to possess a superiority over any others, both by being more durable and not so liable to get out of repair, and by copying any number of writings at one time, without making any alteration in the machine, and their occupying little room. The very general use into which these machines are now brought in use in London and other large trading cities, and the satisfaction testified by all who possess them, render it unnecessary to enlarge any further on their advantages, both in point of accuracy and fecundity and in the saving of time, labour and expence. November 1. tu&fa 1f.
