

City of Washington.

SCHEME of the LOTTERY, No. II, FOR THE IMPROVEMENT OF THE FEDERAL CITY.

A magnificent 20,000 Dollars, and a dwelling house, 5 cash 30,000 are

Table with 3 columns: Prize description, Amount, and Total. Includes prizes like 10,000 & cash 15,000, 5,000 & cash 5,000, and a cash prize of 10,000.

This Lottery will afford an elegant specimen of the private buildings to be erected in the City of Washington. Two beautiful designs are already selected for the entire front on two of the public squares; from these drawings, it is proposed to erect two centres and four corner buildings, as soon as possible after this Lottery is sold, and to convey them when complete, to the fortunate adventurers, in the manner described in the scheme for the Lottery.

The drawing will commence as soon as the Tickets are sold off. The money prizes will be payable in thirty days after it is finished, and any prizes for which no names are produced within twelve months after the drawing is closed are to be considered as given towards the fund for the University, it being determined to settle the whole business in a year from the ending of the drawing and to take up the bonds given as security.

The real securities given for the payment of the Prize are held by the President and two Directors of the Bank of Columbia, and are valued at more than half the amount of the Lottery.

The twenty four gentlemen who by appointment of the late Commissioners assisted in the management of the Lottery are requested to undertake this arduous task a second time on behalf of the public; a sufficient number of these having kindly accepted, it is hoped that the friends to a National University and the other federal objects may continue to favor the design. The synopsis of one of the Colleges, to form a branch of the National Institution, is already in the press, and will be speedily published, together with its constitution.

A complete PLAN of the whole of this important Institution, compiled from a selection of the best materials, ancient and modern, will be submitted to the public whenever the same may have gone through such revisions as may be necessary to establish the perfect confidence and general approbation, so essential to its present life and future existence for the general good of America.

By accounts received from the different parts of the Continent as well as from Europe, where the tickets have been sent for sale, the public are assured that the drawing will speedily commence, and that the care and caution unavoidably necessary to insure a safe disposal of the tickets, has rendered the inter- suspension indispensable.

TREASURY of the UNITED STATES, August 24th, 1795.

NOTICE is hereby given to all persons who are or may be Creditors of the United States, for any sums of the Public Debt, or Stocks, bearing a present interest of six per centum per annum:

1st. That pursuant to an Act of Congress, passed on the third day of March, 1795, intitled, "An Act making further provision for the support of Public Credit, and for the redemption of the Public Debt," there will be reimbursed and redeemed, on the first day of January ensuing, the rate or proportion of two per centum of the principal of the debt or stock, expressed in the Certificates issued to the said Creditors respectively.

2d. The said reimbursements will be made at the Treasury of the United States, or at the Loan Offices where the said Stock may stand credited at the close of the present year.

3d. The said reimbursements will be made to the said Creditors in person, or to their Attorneys duly constituted; but the powers of attorney which may be produced must contain an authority to receive the said reimbursement of principal, otherwise no more than the usual dividend of interest will be paid; and although the two per centum of principal to be redeemed, should not be demanded, yet the interest thereon will cease from the said first day of January next.

4th. To prevent the great trouble and expence which would attend a renewal of the Certificates, in consequence of the said reimbursement of Principal, it has been determined that no renewal shall be made: And further, that the Certificates which may be issued during the year One thousand seven hundred and ninety-six, in consequence of any transfers of the said six per cent. Stock, shall notwithstanding the reimbursement of two per centum, as aforementioned, be expressed for the respective sums of the original Capital Stock. All persons who may negotiate the Bonded six per cent. Stock of the United States, bearing a present interest, are therefore cautioned to observe, that during the year One thousand seven hundred and ninety-six, the value or true amount of Principal unredeemed of said Debt or Stock, will be ninety-six per centum of the sum expressed in the Certificates.

Given under my hand, at Philadelphia, the day and year beforementioned, pursuant to directions of the Secretary of the Treasury, SAMUEL MEREDITH, Treasurer of the United States.

FOR SALE,

A very valuable ESTATE,

Called TWITTEENHAM,

SITUATE in the township of Upper Derby, and county of Delaware, 7 1/2 miles from Philadelphia, and half a mile from the new Western road: containing 230 acres of excellent Land, 45 of which are good watered Meadow, 90 of prime Wood Land, and the rest Arable of the first quality. There are on the premises a good two-story Brick House, with 4 rooms on a floor, and Cellars under the whole, with a Pump Well of excellent Water in front; a large frame Barn, Stables, and other convenient buildings; a Smoke-House and fine Spring House; two good Apple-Orchards, and one of Peaches. The fields are all in Clover, except those immediately under Millage, and are so laid out as to have the advantage of Water in each of them, which renders it peculiarly convenient for Grazing.

The situation is pleasant and healthy, and from the high cultivation of the Land, the good neighborhood, and the vicinity to the city, it is very suitable for a Gentleman's Country Seat.

The foregoing is part of the Estate of Jacob H. man, deceased and offered for sale by MORDECAI LEWIS, Surviving Executor.

A MILL for SALE.

FOR Sale, on private contract, five undivided sixths parts of that valuable merchant-mill, called Old Pennypack Mill, with two dwelling houses, stables, cooper's shop, oak house, and other convenient buildings, with about 30 acres of good land, the greater part thereof is excellent watered meadow, the remainder garden, orchard, and wood land; situate ten miles from Philadelphia, near the Washington Tavern, partly on the post-road leading to New-York, and partly on the River road; a remarkably healthy country, and an excellent neighbourhood. This mill being on Pennypack creek, a heavy stream of water, with about 15 feet head and fall, and the tide flowing about 6 feet, will admit a vessel carrying 1350 bushels of wheat to lay along side, and unload into the mill with Evans's elevator in about three hours. The mill house is large and built of stone, founded on a rock, the walls uncommonly thick and strong, (such a piece of masonry work is rarely to be found) contains five floors, two water wheels, and three pair of the best French burr stones all running, double geared, with three bolting reels and cloths of the first quality, rolling green, cylinder, and fans for cleaning wheat in the best manner, and pulling it afterwards by an elevator into a hanging garner; also, conveyers, elevators, and hopper boy, all in complete order. There are two large frame buildings adjoining the mill, which are convenient for storing flour, shorts, casks, &c. A corn-kiln is erected within the building, with bolting, reel cloth, and other necessary fixtures for manufacturing large quantities of kiln-dried corn meal. The stream of water is so constant that upwards of 60,000 bushels of wheat have frequently been manufactured at this mill, annually. The tumbling dam was built of stone and frame about 30 years ago, but the late extraordinary freshes have made a breach therein, it can easily be repaired altogether with stone, the greatest part of which is already at hand, and the remainder can be quarried near the dam, as there are several good quarries of excellent stone on the premises, and adjacent to the creek; the contiguity of this very valuable estate to Philadelphia, and the easy navigation for shallops, with the above-mentioned great advantages, and many others not here mentioned, must be obvious to any person who may view the premises.

An indisputable title, clear of all incumbrances, will be made to the purchaser on paying part of the money, and giving satisfactory security for the remainder, payable with interest in installments at such times as may be agreed on. For further particulars enquire on the premises of FRANCIS LEWIS, Executrix to the estate of Robert Lewis, deceased; JOHN SWIFT, near Bustell-Town; or NATANIEL LEWIS, or DAVID LEWIS, in Philadelphia.

Forty Dollars Reward.

RAN away from the subscriber, living at Mordington Mills, near Frederica, in Kent county, State of Delaware, on the night of the 27th of June last, a slave negro man named BENN, about 27 years old, 5 feet 10 or 11 inches high, of a yellow complexion, and might pass for a mulatto. The clothes he had on cannot, with exactness, be described, as he made several breaches of honesty, in that way, on his setting out. He is a very great slyman in his dress; has naturally a condemned and furlly countenance, altho' he at times affects a smiling one; his visage is thin, with large black whiskers; the whites of his eyes often red: It is not recollected whether he has any particular flesh-marks, except on his back, where may be seen (the light) the marks of the whip, placed by judicial authority, for house-breaking, lock-breaking, stealing, &c. as well before, as since he purchased him. He is possessed of but a small share of reason or sensibility; a great coward, tho' his looks are devilish, and at the same time sneaking. As he took his flight upwards from here, at the commencement of harvest, it is presumed he was persuaded by some of the free negroes in this quarter to make his escape with them—should he not be in Philadelphia, he is probably between here and there.

Whoever takes up the said negro Benn, and secures him in any public goal, so that his master may get him again, shall have the above reward; and if brought home additional charges for reasonable expenses, paid by

James Douglass.

LOTTERY INTELLIGENCE.

We are informed that the gentleman who drew the 15,000 dollar prize, in the Canal Lottery, was the proprietor of only a single Ticket.—This instance of good fortune, shews that it is well to be in Fortune's road; and is the more pleasing, as the owner of the prize is a very worthy, though not a very affluent citizen.

The Scheme of the Canal Lottery is certainly one of the best which has appeared—for, independent of the useful objects to which its proceeds are to be applied, the scheme is so calculated as to continually enhance the value of the Tickets remaining in the wheel; because, while the drawing progresses, the chance of a capital prize growing greater, must increase the value of the undrawn Ticket.

The Prizes drawn to the close of the drawing on last Wednesday Evening, were

Table with 3 columns: Prize amount, Quantity, and Total. Shows prizes of 15,000, 2,000, 1,000, 500, 100, 1700, 50,000, 30,000, 10,000, 2,500, 2,000, 1,000, 500, 100, 14800.

And 5 stationary prizes of 20,000 dollars each; by which, and the nature of those 5 stationary prizes, which are to belong to the five last drawn tickets, it will be found, that an undrawn ticket was yesterday morning, worth nearly 11 1-2 dollars, which, at the beginning, was worth no more than 10 dollars—and so the undrawn tickets must continue to increase in value, as fast as the drawing proceeds: And this circumstance will account for the number of Offices which are opened for the sale of Tickets, as the profits must be daily increasing; and in a few days a Ticket now selling at 11 dollars, will no doubt command 15 dollars, and must continue to get higher as the drawing approximates to the five stationary prizes of 20,000 dollars each.
