TREASURY of the UNITED STATES,
 August 24th, 1795.

NOTICE is hereby given to all persons who are or may be Creditors of the United States, for any sums of the Funded Debt, or Stock, bearing a present interest of six per centum per annum:
 1st, That pursuant to an Act of Congress, passed on the third day of March, 1795, intitled, "An Act making further provision for the support of Public Credit, and for the redemption of the Public Debt," there will be reimbursed and redeemed, on the first day of January ensuing, the rate or proportion of two per centum of the principal of the debt or stock, expressed in the Certificates issued to the said Creditors respectively.
 2d, The said reimbursements will be made at the Treasury of the United States, or at the Loan Offices where the said Stock may stand credited at the close of the present year.
 3d, The said reimbursements will be made to the said Creditors in person, or to their Attorneys duly constituted; but the powers of attorney which may be produced must contain an authority to receive the said reimbursement of principal, otherwise no more than the usual dividend of interest will be paid; and although the two per centum of principal to be redeemed, should not be demanded, yet the interest thereon will cease from the said first day of January next.
 4th, To prevent the great trouble and expense which would attend a renewal of the Certificates, in consequence of the said reimbursement of Principal, it has been determined that no renewal shall be made: And further, that the Certificates which may be issued during the year One thousand seven hundred and ninety-six, in consequence of any transfers of the said six per cent. Stock, shall notwithstanding the reimbursement of two per centum, as aforementioned, be expressed for the respective sums of the original Capital Stock. All persons who may negotiate the Funded six per cent. Stock of the United States, bearing a present interest, are therefore cautioned to observe, that during the year One thousand seven hundred and ninety-six, the value or true amount of Principal unredeemed of said Debt or Stock, will be ninety-eight per centum of the sums expressed in the Certificates.
 Given under my hand, at Philadelphia, the day and year beforementioned, pursuant to directions of the Secretary of the Treasury,
SAMUEL MEREDITH,
 Treasurer of the United States.

A MILL for SALE.
 FOR Sale, on private contract, five undivided shares, parts of that valuable merchant-mill, called Old Pennypack Mill, with two dwelling houses, stable, cooper's shop, cask house, and other convenient buildings, with about 20 acres of good land, the greatest part thereof in excellent wooded meadow, the remainder garden, orchard, and wood land; situate ten miles from Philadelphia, near the Washington Tavern, partly on the post-road leading to New-York, and partly on the River road; a remarkably healthy country, and an excellent neighbourhood. This mill being on Pennypack creek, a heavy stream of water, with about 15 feet head and fall, and the tide flowing about 6 feet, will admit a vessel carrying 150 bushels of wheat to lay along side, and unload into the mill with Evans's elevator in about three hours. The mill house is large and built of stone, founded on a rock, the walls uncommonly thick and strong, (such a piece of masonry work is rarely to be found) contains five floors, two water wheels, and three pair of the best French burr stones all running, double geared, with three bolting reels and cloths of the first quality, rolling screens, cylinders, and hoes for cleaning wheat in the best manner, and passing it afterwards by an elevator into a hanging garner; also, conveyers, elevators, and hopper boy, all in complete order. There are two large frame buildings adjoining the mill, which are convenient for storing flour, shirts, calicoes, &c. A corn-kiln is erected within the building, with bolting, reel cloths, and other necessary fixtures for manufacturing large quantities of kiln-dried corn meal. The stream of water is so constant that upwards of 60,000 bushels of wheat have frequently been manufactured at this mill annually. The tumbling dam was built of stone and frame about 30 years ago, but the late extraordinary floods have made a breach therein, it can easily be repaired altogether with stone, the greatest part of which is already at hand, and the remainder can be quarried near the dam, as there are several good quarries of excellent stone on the premises, and adjacent to the creek; the contiguity of this very valuable estate to Philadelphia, and the easy navigation for ballasts, with the above-mentioned great advantages, and many others not here mentioned, must be obvious to any person who may view the premises.
 An indisputable title, clear of all incumbrances, will be made to the purchaser on paying part of the money, and giving satisfactory security for the remainder, payable with interest in installments at such times as may be agreed on. For further particulars enquire on the premises of **FRANCIS LEWIS,** Executor to the estate of Robert Lewis, deceased; **JOHN SWIFT,** near Bullcreek-Town; or **NATHANIEL LEWIS,** or **DAVID LEWIS,** in Philadelphia.
 August 31.

ALL persons having any demands on the Estate of **Mrs. HEWSON,** late of Bucks county, deceased, are desired to apply to **WILLIAM HEWSON,** near Philadelphia, in the county aforesaid, for immediate settlement. And all persons indebted to said Estate are requested to make payment to the said William Hewson, who is hereby authorized to receive the same.

Forty Dollars Reward.
RAN away from the subscriber, living at Mordington Mills, near Frederica, in Kent county, State of Delaware, on the night of the 27th of June last, a large negro man named **BENN,** about 27 years old, 5 feet 10 or 11 inches high, of a yellow complexion, and might pass for a mulatto. The clothes he had on cannot, with exactness, be described, as he made several breaches of society, in that way, on his setting out. He is a very tall, thin man, with large black whiskers, and white eyes often red. It is not recollected whether he has any particular fish-marks, except on his back, where may be seen (tho' light) the scars of the whip, placed by judicial authority, for house-breaking, lock-breaking, stealing, &c. as well before, as since he purchased him. He is possessed of but a small share of reason or sensibility; a great coward, tho' his looks are devilish, and at the same time sneaking. As he took his flight upwards from here, at the commencement of harvest, it is presumed he was pursued by some of the free negroes in this quarter to make his escape with them—should he not be in Philadelphia, he is probably between here and there.
 Whoever takes up the said negro **Ben,** and secures him in any public goal, so that his master may get him again, shall have the above reward; and if brought home additional charges for reasonable expenses, paid by **James Douglafs.**

 Charlotte a tale of truth—by Mrs. I. Wilson, of the new Theatre, Philadelphia. Second American edition—Price 75 cents. [The rapid sale of the first edition of this interesting novel, in a few months is the best criterion of its merit.]
 EXTRACT FROM THE CRITICAL REVIEW, APRIL 1791 p. 468.
 "It may be a tale of truth, for it is not unnatural, and it is a tale of real distress—Charlotte, by the artifice of a teacher, recommended to a school, from humanity rather than a conviction of her integrity, or the regularity of her former conduct, is enticed from her governess, and accompanies a young officer to America—the marriage ceremony, if not forgotten, is postponed, and Charlotte dies a martyr to the inconstancy of her lover and treachery of his friend.
 The situation are artless and affecting—the description natural and pathetic—we should feel for Charlotte if such a person ever existed, who for one error, severely, perhaps deserved to sever a punishment. If it is a fiction, poetic justice is not, we think, properly distributed."

LOTTERY INTELLIGENCE.
 We are informed that the gentleman who drew the \$5,000 dollar prize, in the Canal Lottery, was the proprietor of only a single Ticket—This instance of good fortune, shews that it is well to be in Fortune's road; and is the more pleasing, as the owner of the prize is a very worthy, though not a very affluent citizen.
 The Scheme of the Canal Lottery is certainly one of the best which has appeared—for, independent of the useful objects to which its proceeds are to be applied, the scheme is so calculated as to continually enhance the value of the Tickets remaining in the wheel; because, while the drawing progresses, the chance of a capital prize growing greater, shall increase the value of the undrawn Ticket.
 The Prizes drawn to the close of the drawing on last Wednesday Evening, were

1	of	15,000
2	of	2,000
3	of	1,000
4	of	500
5	of	100
1700	of	12

 And there then remained in the wheel

1	of	50,000
2	of	30,000
3	of	10,000
6	of	2,500
9	of	2,000
15	of	1,000
35	of	500
89	of	100
14800	of	12

 And 5 stationary prizes of 20,000 dollars each; by which, and the nature of those 5 stationary prizes, which are to belong to the five last drawn tickets, it will be found, that an undrawn ticket was yesterday morning, worth nearly 11 1/2 dollars, which, at the beginning, was worth no more than 10 dollars—and so the undrawn tickets must continue to increase in value, as fast as the drawing proceeds: And this circumstance will account for the number of Offices which are opened for the sale of Tickets, as the profits must be daily increasing; and in a few days a Ticket now selling at 11 dollars, will no doubt command 15 dollars, and must continue to get higher as the drawing approximates to the five stationary prizes of 20,000 dollars each.
