City of Washington.

SCHEME of the LOTTERY, No. II, FOR THE IMPROVEMENT OF THE FEDERAL CITY.

A magnificent 20,000 Dollars, and welling house, cash 30,000 etc

Table with columns for ticket types and amounts. Includes rows for '50,000', '40,000', '30,000', '20,000', '10,000', '5,000', '1,000', '500', '250', '100', '50', '25', '10', '5'.

16,730 Prizes 83,61 Blanks 50,000 Tickets at 8 dollars 400,000

This Lottery will afford an elegant specimen of the fine buildings to be erected in the City of Washington—Two beautiful designs are already selected for the entire lots on two of the public squares; from these drawings it is proposed to erect two centre and four corner buildings, as soon as possible after this Lottery is sold, and to convey them when complete, to the fortunate adventurers, in the manner described in the scheme for the Hotel Lottery.

The drawing will commence as soon as the Tickets are sold off. The money prizes will be payable in thirty days after it is finished, and any prizes for which fortunate numbers are not produced within twelve months after the drawing is closed are to be considered as given towards the fund for the University, it being determined to finish the whole business in a year from the ending of the drawing and to take up the bonds given as security.

The real securities given for the payment of the Prize are held by the President and two Directors of the Bank of Columbia, and are valued at more than half the amount of the Lottery.

The twenty four gentlemen who by appointment of the late Commissioners assisted in the management of the Hotel Lottery are requested to undertake this arduous task a second time on behalf of the public; a sufficient number of these having kindly accepted, it is hoped that the friends to a National University and the other federal objects may continue to favor the design. The synopsis of one of the Colleges, to form a branch of the National Institution, is already in the press, and will be speedily published, together with its constitution.

A complete PLAN of the whole of this important institution, compiled from a selection of the best materials, ancient and modern, will be submitted to the public whenever the same may have gone through such revisions as may be necessary to establish the perfect confidence and general approbation, so essential to its present rise and future existence for the general good of America.

By accounts received from the different parts of the Continent as well as from Europe, where the tickets have been sent for sale, the public are assured that the drawing will speedily commence, and that the care and caution unavoidably necessary to insure a safe disposal of the tickets, has rendered the honor: suspension indispensable.

February 24, 1795. SAMUEL BLODGET, codif

Tickets may be had at the Bank of Columbia; of James Wink & Co. Baltimore or Gideon Denton, Savannah; of Peter Gilman, Boston; of John Hopkins Richmond; and of Richard Wells, Cooper's street.
