SPECIMEN OF ELEGANT PRINTING.

John Thompson & Abr. Small,
RESPECTFULLY inform such persons as admire, and would wish to encourage any improvement in those arts, which are an ornament to a state; that after much expense and great attention, they have printed for public inspection, the first number of their **NEWLY FINISHED**

Hot-Pressed BIBLE,
Which they believe to be the most beautiful production of its nature, hitherto seen.
Similar works in Europe, have for some years been liberally patronized—they have had an honorable place in the libraries of men of taste—the present production is an attempt to show, that in America, works can be executed in every respect equal to the efforts of trans-atlantic genius. From the warm approbation that has been bestowed on it by some of the first characters, the proprietors are warranted in saying, they have been successful.
It claims patronage as being wholly American—the paper, by far the best ever used here, in printing, is made within a few miles of this city—the types, which are truly beautiful, are also American—and the whole apparatus for hot pressing, has been procured from different parts of the Union: It is also the **CHEAPEST HOT-PRESSED BIBLE** ever printed in any country. The first number may be inspected at No. 34, Carter's alley; or at No. 98, Union street.
It is proposed to deliver the whole in Forty Numbers, at One Half Dollar each—one of which will be completed every two weeks. April 25. *2a&3w.

A Printing-Office for Sale.
CONSISTING OF
A good assortment of Types, the greater part of which are but little worn, a good miscellany Press, with the different Printing Materials, in complete order for executing any kind of work. The situation is very eligible, either for a newspaper or book-work, being in a pleasant, well populated city, within 30 miles of Philadelphia. There is also a very considerable advantage arising from the numerous applications for blanks and the general influx of advertisements, &c. &c. and a handsome profit derived from the great quantity of Rags which may be collected throughout the year.
A complete set of cuts for Dilworth's Spelling-Book. Likewise will be sold with the office, a large book-binders' Press, (used for presssing books in sheets) together with a number of bookbinders' tools, almost new.
Any person inclining to purchase the above, may have the refusal of a handsome collection of books, bound and in sheets—they will be sold very low.
For the price, and further particulars, enquire at No. 24, North Third-street, where a specimen of the types may be seen. April 26. \$2.2aw

Urbanna Mill Seats,
SITUATE in Cecil county, Maryland, on the banks of the river Susquehanna, about one mile above tide water, and commanding the water of that important river, the channel conducting the trade of which comes so near the Mill Seats as to make it convenient to speak the boats; and Mills may be so situated as to receive them along their walls, and by water lifts take in their cargoes.
There is a power sufficient for many and any kind of useful Water Works, and so much may be justly said in commendation of this Site as would be inconvenient to insert in a newspaper publication.
Those who may desire to be concerned, will probably find themselves well pleased on viewing the situation. Leases for any term of years may be obtained on application to the subscriber, living on the premises.

3,261 Blanks.
50,000 Tickets, at Eight Dollars, 40,0000

N. B. To favour those who may take a quantity of Tickets, the prize of 40,000 dollars will be the last drawn ticket, and the 30,000 the last but one.
And approved notes, securing payment in either money or prizes, in ten days after drawing, will be received for any number not less than 10 tickets.
This Lottery will afford an elegant specimen of the private buildings to be erected in the City of Washington. Two beautiful designs are already selected for the entire fronts on two of the public squares; from these drawings, it is proposed to erect two-centre and four-corner buildings, as soon as possible after this Lottery is sold, and to convey them when complete, to the fortunate adventurers, in the manner described in the scheme for the Hotel Lottery. A net deduction of five per cent. will be made to defray the necessary expenses of printing, &c. and the surplus will be made a part of the fund intended for the National University, to be erected within the City of Washington.

The drawing will commence as soon as the Tickets are sold off. The money prizes will be payable in thirty days after it is finished, and any prizes for which fortunate numbers are not produced within twelve months after the drawing is closed are to be considered as given towards the fund for the University, it being determined to settle the whole business in a year from the ending of the drawing and to take up the bonds given as security.
The real securities given for the payment of the Prize are held by the President and two Directors of the Bank of Columbia, and are valued at more than half the amount of the Lottery.

The twenty-four gentlemen who by appointment of the late Commissioners assisted in the management of the Hotel Lottery are requested to undertake this arduous task a second time on behalf of the public; a sufficient number of these having kindly accepted, it is hoped that the friends to a National University and the other federal objects may continue to favor the design.
By accounts received from the different parts of the Continent as well as from Europe, where the tickets have been sent for sale, the public are assured that the drawing will speedily commence, and that the care and caution unavoidably necessary to insure a safe disposal of the tickets, has rendered the short suspension indispensable.

Tickets may be had at the Bank of Columbia; of James West & Co. Baltimore; of Peter Gilman, Boston; of John Hopkins, Richmond; and of Richard Wells, Cooper's Ferry.
