Country Seat for sale.

An elegant House, and highly cultivated Farm, on the eastern bank of Hudson's river, bounded on the north by Verplanck's Point, and distant forty-five miles from New York; the farm consists of 205 acres, and is one of the most picturesque and beautiful situations on the Continent; commanding an extensive and varied prospect; the soil is rich, and the climate is temperate and healthy; and is under excellent management. The house is a handsome two-story double building, in the most modern style, finished with much taste, and possessing every convenience for a gentleman's residence. There are also on the premises a new overleat house, a new barn, extensive stables, cow-house, cyder-house, smoke-house, poultry house, &c. There are abundance of fruit trees comprehending all the choicest kinds which could be procured from the nurseries about town, now in full bearing; and a well-stocked kitchen garden. A sloop goes twice a week to the city, from a landing convenient to the farm, and the Albany post road forms the eastern boundary. The house, &c. are kept in neat order, for the reception of the purchaser on the shortest notice, who might also be accommodated with about 120 acres adjoining the farm on the south, the greatest part of which stretches along the river, which abounds with oysters and a variety of fish. Should he be averse to farming, there are many respectable neighbours who would work it on advantageous terms.
