

War-Office of the United States,

THE following Rules, explanatory of those published the 15th February, 1796, are to be observed by all persons entitled to Lands, in pursuance of resolves of Congress.

Every certificate of the acknowledgment of a deed, or power of attorney, either before a notary public or other magistrate, must, in addition to what is usual, set forth that the person making the acknowledgment is known to the notary or other magistrate; for which purpose words of the following import must be inserted in the certificate.

"And I do moreover certify that the said A B making this acknowledgment has been for personally known to me."

If the notary or other magistrate has reason to believe that he is the person he represents himself to be, he will also certify it.

And if the proof be made by a witness or witnesses, he or they must swear to some general state of their knowledge of him, which matter must be set forth in the certificate; and the notary public, or other magistrate, before whom the acknowledgment is made, must also set forth that the witness or witnesses has or have been for upwards of personally known to him.

If a justice of the peace is employed, the clerk of the court of the corporation or county must certify that such person is a justice of the peace of the county or corporation as the case may be, and that full faith is due to his acts as such.

JAMES AMHENRY, Secretary of War.

N. B. To favour those who may take a quantity of Tickets, the prize of 40,000 dollars will be the LAST draw ticket, and the 30,000 the LAST but ONE.

And approved notes, securing payment in either money or prizes, in ten days after drawing, will be received for any number not less than 30 tickets.

This Lottery will afford an elegant specimen of the private buildings to be erected in the City of Washington—Two beautiful designs are already selected for the entire fronts on two of the public squares; from these drawings it is proposed to erect two centre and four corner buildings, as soon as possible after this lottery is sold, and to convert them, when complete, to the fortunate adventurers, in the manner described in the scheme for the Hotel Lottery. A nett deduction of five per cent. will be made to defray the necessary expenses of printing, &c. and the surplus will be made a part of the fund intended for the National University, to be erected within the city of Washington.

The Drawing will commence as soon as the tickets are sold off.—The money prizes will be payable in thirty days after it is finished; and any prizes for which fortunate numbers are not produced within twelve months after the drawing is closed, are to be considered as given towards the fund for the University; it being determined to settle the whole business in a year from the ending of the drawing, and to take up the bonds given as security.

The real securities given for the payment of the Prizes, are held by the President and two Directors of the Bank of Columbia, and are valued at more than half the amount of the lottery.

The twenty four gentlemen who by appointment of the late Commissioners assisted in the management of the Hotel Lottery are requested to undertake this arduous task a second time on behalf of the public; a sufficient number of these having kindly accepted, it is hoped that the friends to a National University and the other federal objects may continue to favor the design.

By accounts received from the different parts of the Continent as well as from Europe, where the tickets have been sent for sale, the public are assured that the drawing will speedily commence, and that the care and caution unavoidably necessary to insure a safe disposal of the tickets, has rendered the short suspension indispensable.

SAMUEL BLODGET.
