The editor has since been in-formed that Mr. H. had sudorsed to a considerable amount for different friends, and on the moving of the sad constructed had received intelligence that he was held for the assound of case of the motas, with the prospect of having to meet others. The Buffalo Republic and Times thus speaks of the recent election in Canada: Hoa. Derid Christie, of the Brant District, C. W., has been re-elected member of Parlianwai. Mr. Brawn, of the Torouto Globe, has also been elected. The returns received infilests the election of a majority of reformers, and consequently a change of minis-try. If this result proves tras, Mr. Christie will undeubtedly be placed at the bead of the Govern-ment of Canada. We shall rejoke to see this change, as the local intereste d'Buffalo must be most favorably advanced by it. Mr. Christie's connection with the project of the Interastional Bridge is well known, and if placed as the bead of the thorernment, its success will no longer be looked upon as doubtfal. Our local anthorities will be prepared, we trust, to second his views, no far as consistent, in relation to this great and im-portant work.
