WM. J. REED, Secretary. DASS'S EAST INDIA PALE ALE.—
The consumers of this celebrated beverage need no description of its qualities, or evidence of its excellence, beyond the benefit they have derived from its use since its introduction into this country; to those who have not yet made an acquaintance with this CROWNING Mall Liquor, it may be well to state a few facts:

BASS'S EAST INDIA PALE ALE
Owes its excellence as a beverage to the superior quality of the hops and mait, the mineral properties of the river water immediately communicating with the brewery, and the scientific skill applied in its manufacture.

BASS'S EAST INDIA PALE ALE
Not being sweetened or strengthened to please vitited palates, is, therefore, neither heating nor heady, but stomachie and appetiting. WM. J. REED, Secretary.

BAKER, & CO.'S UNRIVALLED SEWING MACHINES still retain the condidence of the public, and
their popularity increases. After years of trial it is demonstrated beyond all question that it is the popular
Machine, and the only one upon which any reliance can
be placed to work well on all kinds of shoes. The fact
that it does one-third more work in the same time, and
does it better; that it is the least liable to get out of
repair, being simple in its construction; that it makes
the least noise, and that it is acknowledged on all hands
that it is best for a new beginner, has given the proprietors a demand for it to such an extent that they are
obliged to delay the filling of orders in many cases for
months. Over eight hundred are in operation in this
city, and the case has yet to occur where a person who
has purchased one has exchanged it for another kind.
Taking into consideration, also, the fact that those
who employ from 15 to 40 hands in their shops, doing
the work for the manufacturers, without exception, me
this machine in preference to any other kind, and always recommend them in preference to others, it would
seen unnecessary for the proprietors to advertise their
excellence, or set forth their superiority.

The undersigned, SOLE AUENTS for the sale of these
Machines, always have a supply, and have made such
arrangements that they soll them upon terms that will
meet the wishes of all. Machinery and Iron. EWING MACHINES .- GROVER. THOMAS E. BAXTER.—HARDWARE
