THE HYGIENE BITTERS,

Ninh street, Washington, D. O.
Our Hygiens is recommended for its beneficial actic ningeneral weakness of the digestive organs, disorder in the liver scoretions, fiatulency or Ossenses of the bovels, defective perspiration, and irregularities of the urinary passages. The purity of the liquid materials and the healthfulness of the solid ingredients employed in the manufacture of our Hygiens Bitrers sentitie it, beyond dispute, to the appellation of the fiquon or Health, whose mission will be to do away with all bad or adulterated liquors.
The entire absence of the dreadful "potatos-oil" (Russl-oil) and all other theiral liquids, deprive our most palatacide Bitters of any disagreeable or injurious action on the blood as well as the nerves.
Refraining from all further remarks in its praise, we commend the Hygiens to the patronage of the public.

FOR FEMALE COMPLAINTS GENERALLY there is perhaps no medicine in the world equal to it, as it enters, purifies, and replenishes the blood; which is so important to bring about a healthy action. THOUSANDS ARE LIVING
a miserable existence, of a pale sickly color, weak and emaciated, who could be restored to health by the use of one bottle of this invaluable medicine. It is no humbug, but a genuine remedy, being free from anything that is of an injurious nature.

FOR ALL DIENASES OF THE BLOOD there is no better autidate than Hobensack's Iron Bitters. When the blood is impure the whole body is full of disease. Blood letting may answer for a time, but cleaning a part will not purify the whole. At the fountain we must begin, and to cleanes the blood there is no better remedy than these invaluable Bitters. Their chief constituent is iron, and we all know its efficacy in removing the impure matter from the whole viscoral system. They are prepared by a practical chemist, and have been pronounced, by estiment physicians and others, as the "me plus ultra" of all tonics.

READ THE TESTIMONY OF A WORTHY CITIZEN.

This is to certify my wife was in delicate health some three years, with a disease peculiar to her sex. She tried numerous remedies without deriving any benefit. Hearing of Hebensack's Iron Briters, and knowing iron to be a powerful tonic, induced me to obtain a bottle, which proved to be the medicine she solely required, by restoring her two health. She hesitates not to recommend it to those who are similarly affected, as she believes it to be a sovereign remedy.

ANALYSIS OF LYON'S CATAWBA

A. HAYES, M. D.,

ABBAYNE TO THE STATE OF MASSAGUESTTS.

[GENERAL CHARACTER.—A light-yellowish browncolored spirit, having a fragrant odor; when ovaporated from clean linen it left no oil or offensive matter. Analyzed for volatile and fixed drugs, of which no traces of any kind toers found. Its color is proved to be due to a colored resin an extract derived from wood.

[IJF in every respect it is a pure spiritous liquor. The fragrance or bouquet which it possesses can be isolated, and it then appears unlike that from Cognac Brandy or Wine, being a fruity essence resulting from a peculiar formentation of Catawba and Labella Grapes.

GERMICAL CHARACTER.—1, parts in volume of this spirit contains at 60 deg F. 461.210 parts of pure alcohol, besides the fragrant oil. 1,000 parts of the spirit afford 23 parts of a strong solution of the oil which characterfree this Brandy; the spirit-left, after removing the oil, is pure and odorless, and in all its qualities a perfect spirit not subject to change. One U.S. gallon of this Brandy at 60 deg. F. contains, besides the spirit and oil, only 230 grs. of matter composed of extract of fruit, gum, and colored resin from wood. Dr. Wood: Dear Sir—Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original color; and it is considered to the same as well as agreeable.

Welsh Newsparer Oppion, a Welsh Newsparer Oppion, a Wools ago I received a bottle of your Hair Restorative and gave it my wife, who concluded the try it on her hair, little thinking at the time that it would restore the gray hair to its original color; but to her, as well as my surprise, after a few weeks trial it has performed that wonderful effect, by turning all the gray hairs to a dark brown, at the same time counting all the gray hairs to a dark brown, at the same time counting the hair. I strengly recommend the above Restorative to all persons in want of the source of their hair.

New York. July 26, 1867.

Paor. O. J. Wood:—With condence do I recommend your Hair Restorative as boing the most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It sles relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.
