Singer's Sewing Muchines.—After a fair trial of the several machines that have yet been offered to the public, the unanimous verdict of operators has been given in favor of Singer's. This is, in fact, the only machine capable of performing every kind of sawing. SINGER'S NEW FAMILY SEWING MACHINE is, beyond all question, the most complete article for family use yet invented, being at once ornamental easily operated, and superior, in every respect, to any other machine. On this statement we challenge world.

Medicinel. DERUVIAN SYRUP, PROTECTED SOLUTION OF PROTOXIDE OF IRON
Having successfully passed the ordeal to which new discoveries in the Materia Modica are subjected, must now be received as an established medicine. Its efficacy in curing

DYSPEPSIA.

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive tendencies, Discordered State of the Blood, Bolla, Scurvy, the Prestrating Effects of Lead or Mercury, General Debility, and all Discorae which require a Tonic and Attentive Medicine, is beyond question.

The proofs of its officacy are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the profered aid.

The Peruvian Syrup does not profess to be a cure-all, but its range is extensive, because many diseases, apparently unlike, are intimately related, and proceeding from one cause, may be cured by one remedy.

The class of diseases for which the Syrup provides a cure is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

Those persons who may wish for an onlying from the he Syrup incontrovertible.

Those persons who may wish for an opinion from disnterested persons respecting the character of the Syrup,
sanot fall to be satisfied with the following, among an
nerous testimonials, in the hands of the Agents. The
dignatures are those of gentlemen well known in the
community, and of the highest respectability.

The undersigned having experienced the beneficial effects of the "Peruvina Syrup," do not hesitate to recommend it to the attention of the public.

From our own experience, as well as from the testimony of others, whose intelligence and integrity are altigether unquestionable, we have no doubt of its efficacy in case of Incipient Diseases of the Lungs and Bronchial Passages, Dyspepsia, Liver Complaint, Dropey, Neuralgia, &c. Indeed, its effects would be incredibed, but from the high character of those who have witnessed thom, and have volunteered their testimony, as we do ours, to its restorative power.
