CITY ITEMS.

Mr. John Adams, a postmaster in Texas,

''In Adam's fall They sinned all.''

has been detected in embezzlement. Three of his clerks proved to have been involved with him :

CATERERS POR THE PUBLIC HEALTH.—Amid the GATRREAS FOR THE CUBLIC REALTH.—Annut to multitude of professional, and non-professional quacks, whose deliberate purpose it is to make money by curing people if they can, but to make money anyhow, it is gratifying to find an establishment here and there conducted by highminded, honorable gentlemen, in whose ducted by highminded, honorable gentlemen, in whose ducted by highminded, honorable gentlemen, in whose ducted by highminded, honorable gentlemen, in whose deliberate professional and non-professional quacks, so that is gratifying to find an establishment here and there conducted by highminded, honorable gentlemen, in whose deliberate purpose it is to make money by curing a conducted by highminded, honorable gentlement and the conducted by highminded, honorable gentlement and the conducted by highminded and the con skill and integrity the public can rely without an abuse of confidence. It would be invidious, of course, to attempt to single out the spurious from the genuine, or year to hazard the opinion that Philadelphia possioned but few of the latter class.

Indeed, we know many careful, well-skilled, and experienced druggists in our city, in whose hands the physician's prescription is always attended to with the most scrupulous exactness by persons abundantly com-petent for the responsible task. Where there are such, it would naturally seem to be a legitimate part of their grofession to add, by their knowledge and ingentity, from time to time, to the catalogue of valuable health-giving preparations. To most of our readers, we need not say that the Messrs: Bower hold a conspicuous place in the ranks of this useful class.

giving preparations; To most of pur readers, we need not say that the Mesars: Bower hold a conspicuous place in the ranks of this useful class.

We have been led to these remyks, measurably, from a fact brought recently to our notice, of an invaluable preparation held by Mr. George C. Bower, corner of Sixth and Vine streets. The article referred to is entitled. "(Camphorated Cordial," and which, to our personal knowledge, has in more than one instance been gerafic coal to Sami Barton Co. Ida, Equator, and Wm employed with such signal benefit by persons sojourning says from the city, and beyond the immediate. employed with such signal benefit by persons sojourn-ing away from the city, and beyond the immediate reach of a physician, that we deem it a matter of sufficlean importance to give this sessonable hint to the travelling public. For all that class of complaints, to which at this sesson of the year we are more particu-larly disposed, we believe the "Oamphoreted Cordial" to be a most prompt and effectual remedy. As regards the celebrated preparation connecte

with the name of Henry A. Hower, whose place of business is on the corner of Sixth and Green streets, known as "Bower's Infant Cordial," we need add no word of commendation to the approving testimonials of thou-random of nothers in this city and claswhere, who regard it as a most indispensable article in every family where there are children. Many other commendable features there are children are children and the children are children and the children are children. FOR THE MILLION !- By referring to an adverthement in another column, the reader will find that Mr. Osgood, No. 316 Chestnut street, is offering "for the million," cool, sparkling Soda Water, from his well-known fountails, at three cents aglass. We may add that it is not often that the million hove offered to them so good an article at so moderate a price. Mr. Orgonol's place has long been established and sought by lovers of this delicious beverage, and now that he has reduced the pice from air cent to three, and that without any reduction in the quality of the water, or the auantity of his syrups, he may reasonably expeunsbated rush on the part of the obliged " mil-

WING'S FARINA CRACKERS.—The VINGS TARINA UKAUKDIUS.—The remarkable excellence and great popularity of these Crackers have attracted the attention of those manufacturing other descriptions of Crackers, and many of these persons buy WING'S CHACKERS, in order to supply their customers with Farina Crackers.
One or two individuals, however, have been offering the ordinary kind, which they make under the name of Farina Crackers, and have succeeded in selling them to a small extent. a small extent.
The selling of such Crackers for Farina has a tendency to injure the reputation of TRUE FARINA ORACKERS, made by Mr WING.
Errors of this character, however, are usually cor-ORACKERS, made by Mr. WANG.

Errors of this character, however, are usually corrected on being properly exposed.

No other person has ever succeeded in working the material for farina Crackers, or producing any article which contains such highly nutritions and healthful properties as WING'S.

WING'S CRACKERS have a delightful taste, act kindly upon the stomech, and are digested with remarkable case. For dyspeptics or the aged, as well as sedentary and delicate persons generally, they are most acceptable, and peculiarly pleasant for children.

Ask for WING'S CRACKERS, and take mone but those stamped with the name of "A. WING". These may be procured of the best family Grecers generally, and at wholesale only of A. N. Thompson & Ou, Nos. 221 and 223 Fulton street, New York, or
