SANTOR, COMPOUNDED ENTIRELY FROM GUMS, Is one of the best Purgative and Liver Medicines now bofore the public, that acts as a Catharic, easier, uilder, and more effectual than any other medicine known. It is not only a Catharic, but a Liver reme-dy, acting first on the Liver to eject its morbid matter, then on the stomach and bowls to carry off that mat-tor, thus accomplishing two purpoves effectually, with-ut any of the painful feelings experiences in the ope-rations of most Catharics. It is trengthenes the sys-lem at the same time that it purgos it, and, when taken laily in moderate doese, will strengthen and build it up with numerican the stomation. Dent ablitties as a goutleman and scholar. CHARLES WADSWORTH. We are happy to hear that Mr. J. J. Reed, a gen-tleman of considerable literary attainments, and who has contributed to Graham's many orcelient aketches of emineat percons, has re-opened his Institute for Young Ladies, at 1523 W-hlut street, one of the most admira-biolocalities in the city. Mir. Reed is a lady who has had many years' experience in tuition, and bears a high reputation for success in training her pupils, both mo-rally and menially. Mr. Reed, from his knowledge of European languages, and from having graduated in the drat collegea in bogland, imparts the advantages of the best European systems of education; and particular at-tention is paid to the study of Luglish Composition and volite Literature. We would lay some stress on this latter fact, since general literary information and cul-ture, though by far the most distinguishing signs of in-telligence and refined education, are, on the whole, far more negleted in most schools and colleges than any other branches.—*Editor of Graham's Magazine for* July, 1854, p. 81.
