My ocrespyndent has see (General C. 1848 despatch on the refusal of President Martinez. Los sign the treaty, and quotes the substance of it as follows:

'You (President Martinez), have insulted this Government by withholding the treaty after pledging yourself to Gon. You, also, into sel the massenger to believe that he bore the treaty. You afterwards assigned as a reason for not having sent it that you had written an autograph letter to President Buchanan, asking him to submit to certain mod floations to it, which letter you never profess. We demand; as the only reparation you can muke, the return of the treaty as ravified by the Assembly."

The fact is further known that Martinez even sent a certificate to Yrigsari that the treaty had been ratified, but 'tailling Xrissari to get amendaments, if possible, and if not, to promise that the ratified to the tailing Xrissari to get amendaments, if possible, and if not, to promise that the ratified to trialling Xrissari to get amendaments, if possible, and if not, to promise that the ratified to trialling Xrissari to get amendaments, if possible, and if not, to promise that the ratified to trialling Xrissari to get amendaments, if possible, and if not, to promise that the ratified to trialling Xrissari to get amendaments, if possible, and if not, to promise that the same sort. Delightful Brushade.—We take pleasure in calling the attention of our readers to the advertise ment of Mr Shivers, druggist corner of reventh and fip ure streets, in another column. The article of responsy vinesar which he offers to the public is justly becoming a favorate beverage. It is at once healthful refreshing, exceedingly pultable and decidedly less coulty than anything else which could be recommended to take its place for family use, and we therefore, advise all who wish to enjoy a pleasant drink in warm were they (und who does not?) to give Mr. Shivers a cill.

Mansion House, Atlantic City.—We have had many favorable accounts of the admirable manner in which thus hotel is conducted. It is is coated at the foot of Pennsylvania avenue, is more conveniently situated for bathers than almost any other house on the island, and is surrounded with groves and abrubbery, which make it doubly inviting as a temporary home for visiter. amount of hand labor bestowed on WING'S FARINA CRACKERS it is impossible for him to realize a profit at the present pilee.

Mr. WING'S object, however, is to place his CRACKERS it in the market at a rate that will-enable all persons to use them freely, and not advance the price, unless absolutely necessary.

The increased use of WING'S FARINA CRACKERS, with too commendatory remarks of Parents, Teache s. and Physicians, as well as many persons in various positions in life, whose powers have been more or less weakned by sedentary habits or occupations, is strong proof of the hashiful and beneficial results which have strended their use.

Their great nourishing properties, and the ease with which the stomach digests this pleasant food, are well established, and there can be, on testing them, no doubt of this fact, viz: that the same weight o WING'S CRACKERS will take more good bloot, and act more kin ly upon the delicate texture of the stomach, than anything else over introduced in this or any other form of bread.

All the FARINA CRACKERS have the name of A. WING stomped on them, and those wishing to buy shoult ask for WING'S CRACKERS.

They may be had of the best family Grocers generally, and at wholerale only of A. N. TIGOMPSON & CO.
