PHILADELPHIA, MONDAY, AUGUST 2, 1858.

small octagonal tower, by the way, is a miniature resemblance of the Keep in John of magnificent reservoirs of water, conveyed from Conestoga creek, a little distant, for public use. In old Lancaster, there is no-MONDAY, AUGUST 2, 1858. LANCASTER. up from wells. Such a thing as a bath-room

So little is known in Europe of the vastness has never been attached, we venture to affirm, of this country, that the general impression, to any dwelling house in Lancaster senior. which there prevails, is that our thirty-two Apropos of water-there is a spring, of purest States, although equal in population to the and coldest water imaginable, in the garden entire British Islands, must be rather less, in of Goneral BARTBAN A. SOHARFERS, at Lanterritorial extent, than the whole forty councaster. He has had it carefully covered and ties of England. Americans who mix famisheltered, so as to be always accessible and liarly with oven well-informed people abroad pure, and by a contrivance, which reflects are struck with this remarkable ignorance. credit upon his ingenuity, has its overflow In "the old country," to use a phrase which catefully conducted, under cover, to the rear has been so universally adopted that it of his own tenement, where it acts as a conmight be stereotyped, this opinion is too stant refrigerator, and may be used, (indeed we know that it sometimes is,) as a capital strong to be easily rooted out. Of course, educated people know better, but the educated classes in England form only wine-cooler, on a new and practical principle. The aspect of the two cities shows littly of a portion of the inhabitants. The rest mutual recombiance. Lancaster senior stands have a floating idea that Americans are darkcomplexioned as Hindoos, with an occasional upon it from another and loftier-minence tinge of copper-color; that "I guess" and the situation chosen while the contending:

"I calculate" are inevitable in nearly every parties of York and Lancaster, whose hairs Orr & R. Telfer. These illustrations add much to sontence spoken by Americans; that the and loves are related by SHAKSPARH, were the value of the work. Among them are portraits whole of our population chew tobacco and compelled over to be on the look-out. (a) the book is dedicated this is the first instance, salivate in a circle all day long ; and that the natural position of an American, when he is streets, of the most doubtful cleanliness, connot striding rapidly through the streets, whether he be judge on the bonch, guest at a hotel, among the audience at a theatro, or in which new and ancient houses are contendlegislating in Congrees, invariably is with his ing for supremacy-the old ones literally and byident desire to relate the trath and nothing legs resting on a window-sill or the back of a gradually "going to the wall." But there is.

a great similarity in the street nomenclature It would startle a regular John Bull to prove of each city : King, Queen, Juk, D'liam, to him that some of our States are larger than Orange, and Ann, are names of public streets

NOTICES OF NEW PUBLICATIONS.

Here we can at present do little more than say

place (in editors' rooms, counting-honsos, public offices, and libraries of all degrees,) of McCullosh's Dictionary of Commerce and Commercial Navigation, a large book written entirely for English readers, quarter of a century ago, though reprinted in this country, from the sheer want of such a work of reference.' Messrs. Homans have worked laboriously, honestly, and woll. The re-

sult is a book the most full, securate, and complete of its kind ever published. A large amount of capital must have been expended on this publication, the selling price of which is kept low, but an immense sale is inevitable and will soon be realizad.

Ferdinand do Soto, who discovered the Mississ ppi, has had the good fortune, after long waiting, to find a compotent biographer in Mr. Lambert A. Wilmer, of this city. The life, travels, on a hill, the Castlo grimly locking down and adventures of De Soto are comprised in an Svo. volume, embellished with engravings on stoel by the Sartains, and wood-outs by J. W. compensation over to the crocked, pobbly payed, within our knowledge, of a dedicatee's portrait accompanying the dedication. Mr. Wilmer is an

stitute old Lancaster, while in the new we eaw scollent biographer. He has collected his matenone but handsome, wide, and level streets, tials from numerous sources, compared and collated with care, and written with judgment and an else. He traces De Soto's aveniful career so as to make his book possess all the interest of a romance. This is by far the fullest, as well as the most faithful, account of De Soto yet written.

With the exception of a "high-falutin" dedisalion to some unnamed female, and a pun at the close of the preface, nearly as bad as the impromptu jokes which "Puffer Hopkins 's so care-

fully elsevrates, we find nothing exceptionable in Bell Brittan on a Tour, just published by Derby k Jackson, of New York. The tour was very en tessive, commencing at Washington, through the West and Bouth. Then there are her [?] notes on Newport, and excerpts from newspaper con respondence, from New York and other place The siyle is easy, graceful, and rapid, and the whole book evidently shows the writer to have a highly-cultivated mind, with a lively sense of the idiculous. Bell Brittan on a Tour is just the book for the season and the watering places. We suspect firam Fuller, formerly of the New York

Mirror, of having written it. When Mr. William Allen Butler's "Nothing ertent, than any other post. Hvery communication must be accompanied by the name of the writer. In order to insure correctness of the typography, but one side of the sheet should be ritten upon.

We shall be greatly obliged to gentlemen in Pennsylvanis and other States for contributions giving the curcent news of the day in their particular localities, the esources of the surrounding country, the increase of opulation, or any information that will be interesting the general reader.

GENERAL NEWS.

A correspondent of the Olincinhati Gatelle, writing from the White Sulphur Springs, anys: "On the bank of the river, above this place about a mille, in a rade fenement built of sione, there lives a family whose history and charac-toriatios constitute a curically. The members af this family consist of two brothers and one slator, ranging in see from seventy to olghty year. Nome of them are matried, and they have lived where they now, reside over filly years, and own iwo farms. Nome of them have sever visited Golumbus, or even Delaware, the county town, or seen a failway, locomotive, or estame, though the Spring-field and Mt. Vernon Railway, passes within two miles of one of their farms. They have three old-farblowed finth guns, each of which they say have done good service in the slaying of deer and In-ticular exploit in this line." G. G. Briggs, Essi, of Marysville, has the argest and fines front fullornia. His grounds, tow employed as a permanent corbard, cover 160 acres, and have been prepared with great care, and planted with the best varieties of fruit. The principal variety constate of penches, of which have

fects of which he did in about three hours after the sad obcarrence. The Royal Springs. Temperance Scolety, of Kimberton, Chester county, have completed the brangement for holding their sinual mass-meet-ng, on Suitday the 7th of August. The meeting is to be held in the woods of Mr. Jeseph Wsgoner, on the road leading from Kimberton to Charlestown willage, and the exercises will commerce at ten bolock A. M.: Among the speakers who will ad-dress the meeting are William Nicholeon, Rev., Rev. John Chambers, of Philadelphie, Lasse Price, Herv. Mr. Bradley, of Phonizille, Rev. Mr. Moore, of West Chester, Jazze Kraus, and others. The Charlestown Cornet, Band will be in attend-ance.

The livery stable of the old Merchanis" hetelin Norwich, Con., was set on fire and burnt down, at l o'clock on Thursday morning. It is said that fouriern hores perished in the flames-among them a fast hores valued at \$700. Another report is that the number is not exactly known. The adjulning barn and livery stable of John Nicols, owned by Mrs. Glids Buckingham, was also destroyed, as were five wooden dwellings bwind by Mrs. James N. Brown. Loss in livery stable property, huldings, do., not including horses.) about \$2,000. An arrest of parties sus-pected of having daused the fire haves Martin, has

from concrete beging to the first earlier of its is, without exception, the simplest in its mechanical con-struction ever made, and can be run and kept in order by a shild of waler years of age. The SUBALLITT of this markins, and the grainvest first want, are war-ranted to be unsurpassed by any other. Its speed ringes from three hundred to filteen hundred slitches per min-ute. The thread used is taken directly from the speeds, WITHOUT THE TROUBLE OF REWINDING. In fact. it is nachine that is wanted by every family in the land, and

machine that is wherea by every instity in two many in the low price of FORTY DOLLARS, at which they sold, brings them within the reach o almost every come 5. D. BAKER_Agent, jel5-dom why cowom 20 Boath F.IGHTH Street.
