PHRATA MOUNTAIN SPRINGS,
LANGASTER CO., PA.—Was opened the eighth
dav of June for visitors. This healthy Summer resort
has many advantages which recommend it to the
public in search of a home place to enjoy the mountain
air during the hot season. It is elevated welve hundred feat above water level. There are graveled walks
through dense forgests, and shaded arbors; by the way
side are many springs of the purest soft water, at a
temperature of 40 to 52 degrees of Fahrenhelt. At the
summit is, an observatory overlooking an area of 40
miles square, of ferms in the highest state of cultiva
tion, embracing the whole of Lancaster cenuty, and
points in ten other counties. The scenery fades away
in the boundary of mountains at the distance of 70
miles. It is altogeter one of the most grand and extensive panoramic views to be met with in any country.
No kind of epidearic has sever been known here at any
season of the year. Many beautiful drives over good
roads. The hotal, will accommodate comfortably 400
persons. Every variety of baths. All the modern improvements now in use in first-class watering places will
be found here. All végetables raised on the farm. The
beat help employed in every department.

The Proprieter flatters himself that he will be able to
give ample, satisfaction to his guests. Good stable
room. Good stock of livery horses and carriages on
hand.

This Medicine has, by its own, morit, gained a great reputation. It is composed entirely of vegetables, and is mais from the formula of a distinguished physician, used by him in the cholera of 1832. It does not contain Opium in any form, and never constipates the bowols. It is equally efficacious in mild and aggravating attacks of cholera morbus. It has cured cholera after the "rice water" discharge had taken place. The orange and pains of cholera morbus and dysentory are in a few minutes dispelled the stomach, and the bowels restored to a healthy action. THE GREAT WONDER OF THE NINETEENTH CENTURY, OF THE NINETEENTH CENTURY,

PROFESOR WOOD'S

HAATR RESTORATIVE

Says the St. Louis (Alo.) Democrat: Below, we publish a letter to Dr. Wood of this city, from a gentleman in Milne, which specks glowingly of the superior merits of his hair tonic. Such evidence must have its offect, when coming from a roliable source. If certificates are gurantees of truth, the Dr. needs no snoomiums, nor useless puffery from the prass:

BATH, Maine, Jan. 20, 1856.

Professor O. J. Wood & Co.—Gentlemen: Having my attention called a few nonths since to the highly benefic at effects of your Hair Restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of same character. Some three months since I procered a bottle of your hair restorative, and used it. I soos found it was proving what I had wished. I used it about twice a week. I have since precured another bottle, of which I have enced another bottle, of which I have used some. I can now certif y to the world that the gray or white hair has totally disappeared, both on my head and face and my hair has reamed its natural color, and I believe more soft and glossy than it has been before for twenty-five years. I am now eltry years old, my good wife at the age of fifty-two, has used it with same effect.

The above notice I deem due to you for your valuable discovey. I am saured that whoever will rightly use, as per direc in a, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last filteen years, and ank known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, it at your service; as I wish to pre-erve the beauties of nature in others as well as myself. I am taulty, yorreaded the service of the yellow fever, in Mew Orleans, in 1851, I was induced to make a trial of your preparation, and found at to answer as the very thing needed. My hir is now thick and glossy, and no words can express my obli PROFESSOR WOOD'S HAIR RESTORATIVE.
