CAMPHORATED EXTRAOT OF GINGER.

This Medicine has, by its own merit, gained a great reputation. It is composed entirely of vegatables, and is made from the formula of a distinguished physician, used by him in the cholera of 1832. It does not contain Opium in any form, and never constipates the bowels. It is equally efficacious in mild and aggravating attacks of cholera morbus. It has cured cholera after the it rice water? discharge had taken place. The cramps and pains of cholera morbus and dysentery are in a few minutes dispelled the stomach, and the bowels restored to a healthy action. If this remedy were used in the premonitory symptoms, dysentery, that dreaded disease, would find fewer victims. Read the recommendations of the railroad conductors who have used it for several years, in the Circulars.
