WEBSTER'S very interesting and learned SPEECH in the Senate of 1850. on the Biavery Cempromise.

[atract from Webster's Speech of 1830.]

"When my eyes shall be turned to behold, for the last time, the sun in heaven, may I not see him shining on the broken and dishonored fragments of a once glorious Union; on States dissevered, discordant, belligerent; on a land rent with civil fends or drenohed it may be, in fraternal blood!" Liberty and Union, now and forever, one and inseparable."

[From Gol Hayne's Speech]

"We ask nothing of our Northern brethren but to let us alone. Leave us to the undisturbed management of our domestic concorns, and the direction of our own industry, and we will ask no more." "Sir, here have enisted, in every age and every country, two distinct orders of men.—the lovers of freedom, and the devoted advocates of power."

VALUABLE COAL LANDS, with Shafts, Engine, to., Luzerne county, Pennsylvani, three miles northsat of Wiltsebarre.

On TUESBAY, November 9th, 1888, at 7 o'clock in
the evening, will be sold at public sale. without reserre; at the PHILADELPHIA EXOHANGE:

No. 1—All that valuable track of land known as the
"Searle Trace," formely belonging to the North Pannsylvania Coal Company; beginning at a point on the
north branch of the Susquehanna river, Luzerne county, Penna, adjoining lead of Kli K. Price and others.

Ountaining 103 acros, 120 57-100the perches, according
to Surveyor's plan. north branch of the fusquehanns river, Luzerns county, Penna; adjoining land of Mil K. Price and others. Obntaining 108 acros, 120 57-100ths perches, according to Surreyor's plan.

IDT On this tract, No. 1, the Engine and Shaft are already erected, and driven through three veins of good covl. These improvements would enable a party purchasing to commence operations immediately, on a large scale. The opening being on the bank of the canal, the expense of loading boats will be consequently very small. With these facilities, at least 500 tons per day can be lifted from the mines and placed in boats ready for market. The nerthern expension of the North Branch Canal is now completed, which will open an entirely new market for the mineral wealth of the Wyoming Valley, and the extremely eligible situation of these lands will render them among the first to enjoy its advantages. It should be mentioned, also, that the large Pittson vein is still to be reached, varying in thickness from 14 to 20 feet. The shaft is 90 feet deep, and 16 by 91% feet wide to a 10 feet vein of coal.

Also, engine, 50 horse power, engine house, hoisting apparatus, and all the necessary arrangements complete for mining, preparing, and shipping coal. Also, a terra-stand, known as the "Haccock Hotel."

The improvements alone cost about \$10,000, in addition to the land.

Close to the chaft, and convenient for loading boats, is a basin on the canal, rendering the site one of the most eligible ever offered at public sale.

Terms cash. Enbject to a mor gage of \$11,000, due 184 June, 1867, interest paid up to that date. And, also, a second mortgage of \$13,708 2, due 10th October, 1867, with one year's interest, due at that date.

IDT It is contemplated to convert one side of the North Branch Canal into a Ralitonad, with light grades, to connect with New York Roads, giving the shortest and best linear to hand to a real road, with diffy grades, to connect with New York Roads, giving the shortest and best linear to be such that of a filt of the lands
