Short CHARLES MANY Of our city readers, in passing the gangs of workinen employed in laying down streets, had their attention attracted to a portable forge, with bellows and everything complete, and in efficient service. These forges, built upon the plan scoured by U. V. Queen's, patont, are for sale at the commodious, long-eatsblished, and deservedly popular Store, Range, and Furnace establishment, of WARNICK, UHAD-WICK, & BROTHER, corner of SECOND and RACS Streets, who have the sole right for the sale of Queen's Portable Forge in Pennsylvania.

There are, we believe, the sites of this forge, ranging in price from the entry-two to forty-four dollars—a sum so Sunli, when contrasted with its merits, as to secure its general introduction; for any one who will for a moment consider the advantages of this forge, which may be removed from place to place, so as always to be on the spot where workers in iron or other metals are to perform service, whether in original construction or repairs, will at once concade its great efficiency, and arrange for its possession and use. In fuel and also more intense heat thrown to the bottom of the oven. We effect the burning of the gases by means of a hollow centre-piece, portorated on the under side, which admits 'the air in a heated state to mingle with the gases, thus aiding its combustion, and causing a flame to pass around the oven equal to a wood fire. This improvement also preserves the centre piece from sinking down on the fire, thereby saving the expense of repairs One of the Stoves OAN HE SEEM IN OPERATION—tilled MARKET Street.

YOR FEMALE COMPLAINTS GENERALLY there is perhaps no medicine in the world equal to it, as it enters, purifies, and replenishes the blood which is so important to brink abilit a healthy action a miserable existence, of a pale sickly color, weak and emaciated, whe could be restored to health by the use of one bottle of this invaluable medicine. It is no humbug, but a genuine remedy, being free from any thing that is of an injurious nature.

POR ALL DISEASES OF THE BLOOD there is no better anticlot than thocasack's Iron Bitters. When the blood is impure the shole body is full of disease. Blood letting may answer for a time, but cleaning a part will not purify the whole. At the fountain we must begin, and to cleanse the blood there is no better remedy than these invaluable Bitters. Their chief constituent is iron, and we all know its efficacy in removing the impure matter from the whole viscoral system. They are prepared by a practical chemist, and have been pronounced, by eminent physicians and others, as the "ne plus ultra" of all tonics.

HOW GRATIFYING
to the proprietor that he has succeeded in compliand ing a remedy for many of the ills that his fellow-mortals are subject to; and that the public appreciate it is not a question of doubt, but a fixed fact, as the demand for it has far surpassed his sanguine three years, with a disease peculiar to her sex. She tried numerous remedies without deriving any bosoft. Heating of Hobersack's from Bitters, and knowing iron to be a powerful tonic, induced me to obtain a bottle, which proved to be the medicine she solely required, by rostoring her to heath. She henitates not to recommend it to those who are similarly affected, as she believes it to be a soverour remedy.

This invaluable Medicine is prepared only by GRORE S. HOBENSAGUR, Pharmacoutical Chemist, M. W. corner of THIRD and GREEN Streets, Towko rices, and warranted superior, is sury raspect, to a ther imported.
