THE GREAT WONDER OF THE NINETEENTH CENTURY PROFESSOR WOOD'S

Professor Wood—Dear Str: Having made a trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation. dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the sams pleasure or profit.

The Restorative is put up in bottles of three sizes, visilarge, medium, and small. The small holds half a pipt, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, forty per cent, more in proportion, and retails for three dollars 5 bottle.

ING STOVES—They are concomical, consuming the gas and shoke that are usually wasted; durable by having double in tead of single plates; and convenient, having large ovens and ceing ready bakers.
Our new patented DOUBLE-OVEN STOVE is the best constructed up-draft stove ever invented. It will heat a state when the same time and with a ringle fire.
Invalids, and all persons who appreciate the influence of ven ilated apartments upon health, will be fleased with our PORTABLE GRATES and MODEL FRANK-LLIN STOVE\*, which are of beautiful and ornamental patterns, and give a cheerful, open fire, and thorough ventilation. INQUIRE FOR THE ROYAL, OR THE STATE SAVINGS FUND.

SOMETHING NEW.—GAS BUR.

NING COOK ETOVE.—I would respectfully call the attention of the public to one of the greatest improvements ever introduced in Ocoking Stoves and Ruges—the burning of the gas arising from the coal, by which means is saved 50 per cent. in fuel and also more intense heat thrown to the bottom of the oven. We effect the burning of the gases by means of a hollow centre-piece, perforated on the under side, which admits the air in a h-ated state to mingle with this gases, thus siding its combustion, and causing a fiamp to pass around the oven equal to a wood fire. This improvement also preserves the centre piece from 'inking down on the fire, thereby saving the expanse of repairs. One of the Stoves CAN HE SEEN IN OPERATION to 1116 MARKET Street.

and Consumptive tendencies, Bisordered State of the
Blood, Bolls, Serryy, the Prostrating Effects of Lead on
Riccoury, General Deblitty, and all Diseases which re
quire a Tonic and Alterative Medicine, is beyond question.

The proofs of its efficacy are so merous, so well authenticated, and of such peculiar character, that sufferent cannot reasonably hesitate to receive the profered sid.

The Peruvian Syrup does not profess to be a cure-all, but its range is extensive, because many diseases, apparently unlike, are intimately related, and proceeding from one cause, may be cured by one remedy.

The class of diseases for which the Syrup provides cure is precisely that which has so ofton haffled the highest order of medical skill. The facts are tangible the witnesses acceptible, and the safety and edicacy of the Syrup incontrovertible.

Those persons who may wish for an opinion from disinterested persons respecting the character of the Syrup cannot fail to be satisfied with the following, among an merous testimonials, in the hands of the Agents. The signatures are those of gentlemen well known in the community, and of the highest respectability.

The undersigned having experienced the beneficial of fects of the "Peruvina Syrup," do not hesitate to recommend it to the attention of the public From qur own experience, as well as from the test many of others, whose intelligence and integrity are altogether unquestionable, we have no doubt of its effect of incapes of Incipient Diseases of the Lungs and Bronchial Passages, Dyspepsia, Liver Complaint, Dropy, Neuralgia, &c. Indeed, its effects would be incredible but from the high character of those who have witnessed them, and have volunteered their testimony, as we do ours, to its restorative power.

knowing their injurious effects upon the constitution, has induced the offering to the public of an article which the analysation of Professor Chilton, Analytical Chemist, of New York, and Messrs. Booth, Garrett, & Oamac, of Philadelphia, proves. beyond all question, to be the most pure and consequently least injurious splitts ever offered the American public.

OERTIFICATE OF DE JAS. R. CHILTON.

I have analysed a sample of Chestant-Grove Whiskey, received from Mr. CHARLES WHARTON, Ja. of Philadelphia, and baying carefully tested it, I am pleased to state that it is entirely free from poisonous or deleterious substances. It is an unusually pure and fine flavored quality of Whiskey.

JANES R. CHILTON, M. D.

New York, Sept. 3, 1858. Analytical Chemist.

PHILADELPHIA, Bept. 9, 1888.

DEAR SIE: We have carefully tested the sample of Chestnit-Grove, Whiskey which you sent us, and, find that it contains none of the poisones substance known as Fusic Oil, which is the characteristic and injurious ingredient of the Whiskeys in general use.

Very respectfully,

BOOTH, GARRETT, & OAMAU,

Analytical Chemists.
