SOMETHING NEW.-GAS BUR. NING COOK STOVE.-I would respectfully call the attantion of the public to one of the greatest multiprovements ever introduced in Ocohing Stores and Rengee-the burning of the gas arising from the coal, by which means is saved 50 per cent. In fuel and also more intence heat thrown to the bottom of the oven. We effect the burning of the gases by means of a hollow centre-piece, perforated on the under aide, which admits the air in a heated take to mingle with the gases, thus aiding its combustion, and caunag a fame to pass around the over equal to a wood fird. This im-provement also preserves the centre piece from risking down on the fire, thereby saving the expense of repairs One of the Stores GAN BIS BKEN IN OPERATION at 1116 MARKET Street.
