Gentlemen: Having heard a good deal about Professor Weod's Hair Restorative, and my hair being quite gray. I made up my mind to lay saide the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago! commenced using your article, to test it for myself. The result hat been so very satisfactory, that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was, but who having my prejudice without my reasons for setting it saide, are unwilling to give your Restorative a trial till they have further proof, and the best proof being ocular demonstration I writey on this letter, which you may show to any such, and alto direct itives trial till they have further proof, and the best proof being coular demonstration. I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N Y. Wire Bailling Establishment every day.

My hair is/now it an attural color, and much improved in appearance every way, being glossier and thicker, and much more healthy looking. I am, Yours Respectfully.

Livingsron, A's., Feb. 14, 1888.

Prof. Wood. Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, camed, I suppose, from a slight burn when I was quite an in fact. I have been using your Hair Restorative for als weeks, and I find that I have a fine head of hair now growing after having used all other remedies hower to no effect. I think it the most ratifiable remedy now extant, and advise all who are afflicted that way to use your remedy. You can publish this if you think proper. Kours, &c., PRILADRIPHIA, Sept. 9, 1887.

Prof. Wood. Dear Sir: Your Hair Restorative, is proving itself beneficial to me. The front, and size the back part of my head, almost lost its covering—was, is fact, walld. Favoresed but 2 hair pint bottles of your Restorative, and now the top of my head is well, studded with a promising crop of young hair, and the frontis with a promising crop of young hair, and the fronti-also receiving its beneft. I have tried other prepara-tions without any benefit whaters. I think, from my own personal recommendation, I can induce many others to try it. Yours, respectfully, D. B. THOMAS, M.
