For many months my hair had been falling off, until I was fearful of losing it entirely. The skin upon my head became gradually more and more inflamed, so that I could not touch it without pain. This irritated condition I attributed to the use of various advertised hair washes. Which I have since hear told contain compleme. washes, which I have since been told contain camphene

By the advice of my physician, to whom you had shown your process of purifying the Oil, I commenced its use the last week in June. The first application al-layed the itching and irritation; in three or four days he reduess and tenderness disappeared—the hair ceased to fall, and I have now a thick growth of new hair.

I trust that others, similarly afflicted, will be inused to try the same remedy.
