The DURABLETY of is machine, and the QUALITY OF ITS WORE, ATO WATthis mean to be unsurposed by any other. Its speed ranges from three hundred to fifteen hundred stitches per mi-nuts. The thread used is taken directly from the spools, aschine that is wanted by every family in the land, and the low price of THIRTY DOLLARS,

Washington even earlier than himself, and, if ossible, was more discontented because, at he matured ige of two years, (A. D. 1802,) stituted representatives. it was not alwady so complete a metropolis, or so extensive and populous, as any of the naming in their bills commissioners from all parts reat capitals of the great European empires and kingdoms. Weld had one sentence which Moore quoted with great apparent satisfacseen the city of Philadelphia, who are thus ap pointed to lay railroads in her streets, solely h tion : it ran thus " To be under the necessity of going through a deep wood for one or two niles, perhaps, in order to see a next-door neighbor, and in the same city, is a curious and, I believe, a novel circumstance." Moore himself, writing in 1800, declared that the them to and from the committee rooms, and poi public buildings, when he was in Washington, ing their very meals by their harassing and im pertinent annoyances. They have not stopped at were in a state of suspension, and that "the private buildings exhibit the same characterwhat they desire, but have actually got so far as istic display of arrogant speculation and pre to threaten members with opposition to measures mature ruin; and the few ranges of houses in their charge if they prove not dooile and of which were begun some years ago have redient. mained so long waste and unfinished, that they Under the former action of the rule establishare now for the most part dilapidated." ing the private calendar in the House, a men ber in the interest of any one of these outside rings of speculators could defeat action on any But, it may be urged, this evidently referred o a very early time in the annals of Washington? True enough-but hence came the early impression, strengthened also by Randolph's oft-quoted sentence. Moreover, when ration of the calendar, has broken the effect of Moore collected all his Poems. in 1841-'2. for a revised edition, though he qualified some of his opinions relative to the Government and People of America, he did not withdraw any statement which he had made as fact. At all events, up to the period of actually visiting Washington, the Moore-ish impression continued so strong that I expected to find a city planned upon a magnificent scale; adorned with a splendid Capitol and several noble Go vernment buildings; studded, at long intervals, with great hotels, principally consisting bill, for railroads or for other purpose of wood and plaster; and some five hundred upon them by lobby influence, and that the sure stores, dwelling-houses spread over a great effect of an outside combination to procure the pas extent, some miles in extent from the Capitol sage of any bill through the Senate shall be to the President's Mansion. How widely difwork its defeat. You may depend upon the cor ferent the fact was from the impression rerectness of this information. It comes from the nains to be frankly communicated. As. by a best authority, and the birds of prey who are lelightful fiction, the editorial "We" is sup. spreading their wings for a flight to Harrisburg onsed incapable of being in the wrong, this had better make up their minds to roost quietly article is written in the first person. Apropos of this editorial infallibility. It is Those who have gained a dishonest living by services as borers may turn their attention t tradition, among press-people, that, once upon a time, an Editor who rather piqued himmore reputable business, and the legislators will be left in peace to attend to their duties. Sess self upon the fullness and accuracy of his locals," received intelligence, on what theels of legislation will roll more smoothly, nemed to be sufficient authority, of the suicide of a wealthy and respectable gentleman, residing in a neighboring village. Of course, there was the usual expression of "deep regret" for this "much-to-be-lamented catasvernment, will hail with joy the adoption of any means to bring it to an end. The Senators who trophe," with a strong expression of sympathy for the Defunct, and a glowing eulogy on the put the lobby to death will both deserve and saexcellence of his character, and so forth. oure the lasting gratitude of the people in all parts Next day, while the editor was engaged, in of the State. his sanctum, in the abstruse labor of cut-ACCIDENT AND DEATR.—On Friday woek, Mr. James Miller, residing some three miles west of Gréensburg, Pa., set out from home for a neigh-bors, at some distance, taking with him his gun. Not roturning in the evening, some anxiety was folt for his safety, and on Saturday, in traversing the points, some one discovered him Jying on the line of the Hempfield Railroad, in an excavation. It is thought in passing that way at night he must have failen down some fifteen or twenty feet, re-ceiving such injuries as to prevent him from get-ting out alone, and he perished during the night, there being considerable mud and water at the spot. Mr. M. was an aged man, a Sootehman, and served in Wollington's arm at the battle of Waterloo. ting paragraphs from his exchanges, a stout, gentlemanly middle-aged person ap before him, suspiciously accompa nied by a horse whip. "My name," said he, "is Smith-James Smith, of Welbore." Looking up from his occupation, the engaged and somewhat indifferent Editor responded. Indeed ?" "Yes, sir," said Smith, "the very man whom you killed off in your paper vesterday. Pray, sir, why did you say that I had committed suicide ?" The Editor mentioned his authority for the statement. " Ah !" He heard me say that it was enough to make Dr. LIVINGSTONE has discovered an im-a man hang himself to see the way that my farm-servants waste my fodder. Well, Mr. Well, Mr. said Smith. ongers. In the course of a few weeks, news of the heroic The House of Representatives has adopted to Philadelphia, when Rev. Dr. Newton related the incident to the Sunday School of the St. Paul's Ohurch, and proposed that bibles should be pro-sonted to these men who had done so much honor to humanity. The bibles were voted, purchased, and presented on Saturday, Jan. 20th, each with the receiver's name and bearing the insortption, "Presented by the Sunday School of St. Paul's Protestant Episcopal Church, Hiladelphia, for his noble conduct in saving the orew of the Britteh bark Norfolk, Nov. 15th, 1858." duct of these gallant sailors was brought back resolution to print all the passenger railway hills that have been offered in that body, in a collected form, for the use of the members and the public information. There is no likelihood that the House will take action on any railroad bill until this printing is finished. The complication of the subject arising out of the number of these bills is so great, that this course is absolutely necessary to enable the members to come to their consideration with proper knowledge. There are not only ost every available street, but somebark Norfolk, Nov. 15th. 1858." .

bark Norfolk, Nov. 15th, 1858." MR. SPURGEON.-MR. Spurgeon, for the, first time, appeared as lecturer before the London public, on the 4th of January. He spoke before the Young Men's Christian Association to an im-mense audience. His subject was "De Propu-ganda Fide," and his performance was something between a sermon and a lecture, bearing "consi-derable resemblance," so says an English paper. "to the magical outpourings of Mr. Gough." The same journal describes it as beyond dispute the most magnideent, the most elequent effasion that ever issued from the lips of a young ran of four and twonty years of age,---a thing worth going a hundred miles to hear. Quere: How much longer will Mr. Spurgeon continue to be "twenty-four years of age?" times several for the same street. The clashing of interests produces great turmoil and confusion and Harrisburg is filled with the friends an agents of the various routes, the different sets of ommissioners or corporators, and of the railways already in operation that will be damaged by the establishment of rival railroads on adjacent streets. The hotels are (ull to overflowing, and the lobbies of both houses thronged with these self-con-The audacity of these borers passes all description. They form combinations among themselves
