AN ORIGINAL WORK-NO MERT REPRINT. This is one of the most valuable works of the age, and for the plain reason that it is of practical use, contain-ing information meeded by all classes of, people, much of which dam be obtained from no other, source. It comprehends all that fairned men know on every subject, conductas and an Diphabelically arranged, so that the reader has instant 'access to a reliable solution of severy legiturate question that can arise. The know-ledge that has been accruing for 4,000 years, and which would all thousands of volumes, and cost millions of dollars, is here sited, arranged, and cost millions of dollars, is here sited, arranged, and cost millions to purchase the whole. The old quarko Cyolopedias were dry, arid reading, milded 'chieffy with sciences algobra, and mathematics. This work furnishes a liboraphy-of the living, as woll ago the deader. Gastleer, a Geography, and a History. Nothing in nature, in science, in art, in com-mitree, but is placed in a clear light to the merchant; the mechanic, the lawyer, the politician, the scholar, and the clitten at large. The editors have performed their task with signal abi-livand conceded imperiability mergenal further, and the software the work is appearing in a thus here but is placed the most manog those who have and the clitten at large.
