The Proprietors of this Oil spare no expense in having their Oil properly prepared at Newfoundland, the only place where the Gadus merrhua is found in abundance. The true Oil is frequently impaired by admixtures with oil from other species of the Gadus family, and only that coming from the "Banks" can be relied upon as the geouine.

Our Oil hav been analyzed, and pronounced to be pure and the perfection of fine quality—characteristics which enable it to maintain its superiority over all other kinds.
