And what would the tax amount to? Even Democratic party must be understood as the and the Valais. By means of this map, the variat the present low valuation of property in language of Mr. Buchanan's own persenal or one operations during the war can regularly be not be equal to that which the citizens of in all these matters, and the President is more

ertainly nothing in the history or the religious or political condition of Turkey to in-spire sympathy for her cause for its own sake. Christian Europe could gain nothing by acting as the champion of polygamy, of proscrip-tive and vindictive. Mahometanism, of an unprogressive civilization belonging to a past age, and of an Oriental despotism. Turkey, however, was bravely defended, even while she was despised, and the throne of the Sultan was pre-served—not from any regard for the manner in which its power was exercised, but to pre-

rent the aggrandizement of Russia. The position of France in the present war. has infinitely more to commend it to our symsthies, and to the sympathies of the whole

acilise. France result that would have been ineritable if Asstrian aggressions in Italy had been tamely submitted to, and if Sardinia had been left usaided after General Grullar crossed the Ticino. It is as natural and as proper for France, under any ruler, whether a Bourbon of a Naroukon, to resist the acquisition of Fladmont by Austria, as it would be for the United States to provent England from Austria, because Italy against Austria, however, Louis Naroukon has not merely the satisfaction of knowing that he is domented to the unctuante power of depriving him of all dramas, romantic or domestic, varying only in their costume and never domestic. erecting a new barrier of safety for France, and acquiring friendly connections which may e invaluable to his country and to himself in future national emergencies, but he also knows that the people in whose behalf he has county to meacribe it was necessary, (before unaheathed his sword are worthy of his aid; hat their cause, unlike that of Turkey, is in itself a just and righteous one; that the yoke which Austria has fastened upon the necks of her Italian subjects is exceedingly oppressive and that, in the language of his proclamation his soldiers will find in Italy "no other ene-mies than those who fight against them in battle." It is true that his stern rule in France naturally leads men to doubt his abstract love present contest, for the preservation of the integrity of his own dominions, and for the relief of a faithful ally, it is perfectly natura that he should avail himself of the strong de sire of the Italians for independence, as an sire of the Italians for independence, as an first time, appearing in a speaking character important adjunct in the present war, and The juvenile corps of dancers will also perform

and increase the value of their property. They street the treatment of the trailing for independence, as an important adjunct in the present war, and have all the roads built at once.

To opinionisate this, they elected railroad may act in good faith with those who thus assist him. France rendered invaluable aid rallicad grand juries; in fact, as the marallicad grand juries; in fact, as the marallicad grand juries; in fact, as the majurier of the different were in favor of the rallindependence—not because her rulers cared
for liberty, in itself, but because they wished
to strike a blow at the power of England; and
soon prepared, and the roads were ready to
commence operations; but, as there was a provision in the statutes that the bonds were not
Austria from the soil of Italy, leaves her people independence not because her rulers cared of this success. We see it announced that Mr. J. or liberty, in itself, but because they wished S Clarke has a benefit this evening, (unless our free to frame new institutions for themselves, he will only do for Italy the same kind service that a Bourbon did for America, and serve Austria, in regard to her Italian provinces, as Louis XVI served England in re

and to her American colonies. So far, all the intelligence received from Europe has been favorable to France. Al world know that he possesses such a quadruped though she has so far, won no battles on the If the horse is to be "brought into requisition," Europe has been favorable to France. Al-The bonds were then offered for sale, issued in the same of the county, pledging the state same of the county, pledging the state of the county, and the light and property of the county, at the pledge is made and for extrain state of the county county, and that the bond is issued by view of certain state of the county county specified. The obligation was said with the corporate seal, was signed by the county commissioners, and to every bond were attended sixty coupers, each bearing the attest of the county coupers, each bear ing the attest of the county received and accorded the bear of the railroad companies, took the difference of years actually paid the same and concepted the power. The bonds thus validated and same of the county could be harded of minispecting to be in contemplation—events which are thought the hard of minispecting to be in contemplation—events which are the first the same of the county county in the county county received and same of the county could be same and to a same of the county could be same and to a same of the county could be same and coupled the county could be same and accorded the county could be same and coupled to the highest pitch of indignated the county could be same and coupled the county couple of the county county received and accorded the county could be same and coupled the county could be county county received and accorded the count tented field, other circumstances have trans-pired of more benefit and importance to her the circle. in taking the right step in this direction.

The abuse of the New York Herald of the

The fact is, the Herald has its own way than convinced that the Democrate have been very unitrateful to him, and that the Herald is right in its abuse of the aforesaid Demo-crats, and its praise of him at the expense of his party. The President is bound to the Herald by the most endearing ties. To show how fordly he loves Bennett, it is only necessary to state that both Messrs. Johnson and Hughes, editors of the Washington Union, were compelled to leave that journal after their assault upon the Herald, which, however just and opportune, met the President's severest censure. The two editors had to leave in-

continently.
It seems to be understood that Mr. Westpott,
your Postmastor, will leave office to morrow, and your Postmastor, will leave office to morrow, and that on Wednesday his successor will be installed.

A new name, that of Thos. B. Fernon, a former State Senator, has lately been suggested. His somewhat violent kostility to Gov. Packer, of Pennsylvania, has greatly helped to advance his olaims to the Postmasterahip.

The coming is the first meeting of the club. Our readers will have perused the programme in our havertising columns, and noticed the throughly English character of the states and purses, (which smount in the sign early helped to advance his pennsylvania, has greatly helped to advance his club to ronder this a perfect spitome of our English racing meetings. The same stringent rules will be enforced for the maintenance of order; all the riders olaims to the Postmastership.

The President leaves for North Carolina to row evening. He goes there, it is said, in poor OGOASIONAL.

Public Amusements.

Walnut-street Theatre was particularly Bene ethics, and to the sympathies of the whole of "Macbeth"—even the music, which is very thillsed world, than the contest in the Ori-fine, being well played, and the choruses extrememest Austria has been playing the part of by well aung. Mr. Shewell's Macbeth was a the Russian Bear in Italy, and that country is thoughtful impersonation, with so little of the unfortunately miable to resist her aggressions. It is much more important to the and originality for Mrs. Defined's Lady Macbeth was a fire reformance. Mr. Petry as Mac interests of France that Austria should was also a fine performance. Mr. Petry, as Macbeth was also a fine performance was also a fine performance was also a fine performance was a fine Frequency and have allowed Analysis and persons to believe, but have every reason to believe, from various reports of freeds who did, that the facilities for layeding with his armies, the critic of the Transcript, who had the fortitude to soll of France regult that would have been sit out the whole after, mus now second aught

domestic, verying only in their costume and never in their characteristics. Mixed up with all this is a young lady and a carpenter; a silly chamber maid and an absurd footman. The morality of maid and an absurd footman. The morality of the drams, consists of temperance speeches, appeals to heaven, orthodox twaddle and of commonplaces, and a grand olsp-trap speech about the Bible, which failed in its effect and didn't draw down a single "band." This is the moral American drams which is to reform the stage and displace French immorality."

If the play be repeated, (which is scarcely probable, to previous appearant shall prevent our

bable,) no previous engagement shall prevent our going to see what by all accounts, must be a dramatio lusus nature. Mr. James Roes, of this city. n Philadelphia" will be played this evening The Indian drama, "Wacousta," is in rehearsal, and "Faust and Margueritte," which filled the of liberty. But, after having entered into the Princes's Theatre, in London, for a whole season, will be produced here next week.

Miss Ludiam, the danseuse, has a benefit on
Friday evening, when the comedy of "The Ladies"

Battle" and the burletta of "The Robbers of the Heath" will be played—Miss Ludiam, for the Arch-street Theatre closes its dramatic season to morrow. Messrs. Wheatley & Clarke must have realized considerably this season, and have to thank an unusually good stock company for much recollection err, there was a like event in his favor only a fortnight or three weeks ago?) and announces Plauche's "Pride of the Market," with "Delicate Ground," acomic pantomime, and the old fast and slave burletts of "Tom and Jerry." In this last, with most questionable taste. Mr. Clarke announces that "in the scene at Tattersall's horse auction will be brought into re quisition [on the stage, we presume?] Mr. Clarke's beautiful horse, Elwin Booth.'' Surely Mr. Clarke does not think the public so deeply interested in him as to care one straw about seeing his horse. Or does Mr. Clarke simply intend letting the

occurred, and a change of ministry has already "The Loan of a Lover" will be performed.

At Modonough's Galeties, (Race street, below Third,) Mons. Eugene Theidon takes his henefit He is a fine violinist, and his imitations are satisfaction with the course events have so far taken.

Mount Vannon -- Well-timed as well as well taken from a new point of view. The plate also contains a vignette, on wood, of the Tomb of Wash ington. Neatly framed and gleased, this "Mount Vernon" would richly adorn a parlor.

PEREMPTORY SALES. -- Valuable real estate-Thomas & Sons' sale to-morrow evening will comprise upwards of thirty proporties, the larger nor tion, including the Philadelphia Bank, absolut Als present position as to realize the anticipa-tions of his friends and to blast the hopes of tions of his friends and to blast the hopes of and advertisements, austion head.

This evening, at the Academy, Mr. George

The two courses in this Park, which is the property of an association of shareholders, are now in the very best condition. The outer course is a sample in circumference, and the inner course (which is at for use at all seasons) is three-course (which is at for use at all seasons) is three-fourths of a mile. On Wednesday, a race of some importance and more than ordinary interest will come off, at 4 P. M. The contesting horses, the property of private gentlemen, are Albert Kimble and Black Harry. The stake will be \$1,000. The reso will be—mile heats, the best three-in five. The Association will attend in full force on this occasion, and fully test the resources of S. D. Seasons Esq. ("Uncle Sammy,") the popular Sammaon.

It also shows the boundary lines, railroads, and ordinary roads in Lombardy, Piedmont, Savoy, tained, noted, and thoroughly localized,

Sporting. NEW YORK RACES. The first Fpring meeting of the Union Jockey Clu

at the Eclipse Course, Long Island, commences on Wed-nesday next, and bids fair to surpass all previous racing needed next, and one sair to surpass at previous racing resulting on the Island.

The club is composed of gentlemen of the highest standing, who are bent on elevating the national sport to its proper position, and redeeding it from the hands of mere horsemen and tricksters. To this end, they purchased the old Controllie track, and obtained a charter of incorporation; they have since added some fit-teen acres of land to it, expended many thousands of dollars in improvements, erecand new and capacions stands &c., and it is now the most periest rass-track in th

forced for the maintenance of order; all the riders will have to appear in full jookey costume, sliken Jackets and caps, &c., instead of the until mon-gral style, and no horse can start whose rider is not so attired. Then, again, there will be the official oard of he races, as at Epsom and Ascot, with the "name Walnut-street Theatre was particularly Bene-fifed last week. The most noticeable incidents of these events were the decidedly good performance greatest adept in racing matters, instead of, as heretolect tew, which deprived the race of interest to th

nany.

There are no less than eleven different roads to the There are no less than slaven querent roads to the course, which is only a short and pleasant drive from New York, whilst to accommedate the crowd, spicial trains will be run every day. We learn a large delegation of Philadelphia sportamen will be present at this brilliant inauguration of a worthy enterprise.

Passereder Patheono - A large party of gentlemen, consisting of the officers of the company, members of consisting of the officers of the company, members of the Oilty Councils, representatives of the Press, members of the Euch Legislature, and a number of other invited guests, assembled at the depot of the Green and Coatesstreet, on Faunday afternoon, to participate in the opening trip of the cars over the road. We found that two very commodious buildings had already been erected, viz: a stable and a car depot. The stable is about eighty feet wide and one hundred and fifty feet A private despatch from Wrightsville says that in the seven counties in the Thirteenth Congressional dis-trict, which have been heard from the Democrats loss 1800 on Governor Wise's vote in 1855. The centest between Herl. Ruch Floyd (Dem.) and Ed. Martin (pp.) for Congress, in the Thirteenth Con-gressional district, is doubtful. In the three counties of the Twilfth Congressional district heard from, the Democrats loss 600 on Wise's vote is wall stocked with privander, and a large outling machine propelled by horse power was in active operation, preparing the food of the horses. The car deput is located a few rods west of the stable, and is about the same size as that building. It contains a number of ote RICSMOND, Va., May 23 —It is estimated here that Mr Leicher has been elected Governor by about 20,0

The company also own a lot west of the car depot, upon which they intend to erect another stable of the same size as that now in use. In the rear of the open space between the depot and stable, they have erected a blacksmith, shop, in which two sours of Vulcan were busily at work preparing horse shoes. After impecting these improvements, the guests partock of a bountful cold collation which had been prepared by the company. They then entered the fine cars which had been placed upon the road, and commenced their

ajority
In the Seventh Congressional district, William mith. Dem), for Congress, has a majority (official) of

Rome say this is doubtful, but the chances favor Mr. Gegrin;

Wasulfictors, May 29.—A private despatch from a reliable White source, dated Richmond, this sweeing, asys that returns from 111 counties make Letcher's majority 385. The 37 remaining counties gave Governor Wise a majority or 1 489

"HE LATERT.

"RICHMOND, Va., May 29.—Returns have been received from niner; for counties, showing a majority for Ma. Letcher. for Governer, of 423. Ecrity eight counties sic yet to be heard from. which, at the last Governor's cleating, gave Guv. Wise a majority of 20ff. The average gain of Mr. Geggin, the Opposition candidate, in the counties to be heard from show the same average of gain for the Opposition. Mr. Geggin would be elected by a majority of about 1,200

Nicaraguan Affairs -- Ratification of the Belly Project.

Washington, May 29 —Gen. Jeres, the minister from Nicarejna, has been cflicially advised of the railfi-ation of the Belly canal contract, but with such amendments as avoid complications or impediments in the fulfilment of textiles with other nations, our own included It como-des to M Belly no imperant grants of lands for privileges until the canal shall be completed. Costa Rica, it will be recollected, just rat fird this contract, sid her sasant to the summinents made by Nicarsqua will, therefore, be necessary before it can take effect. From what is known here, it is not probable that she will acquiesce. However, M. Belly's scheme is regarded in distinguished quarters as a harmless affair.

Our Government has accepted the convention negotiated by Minister Lemar, which contains the priceiples of the Casa Yrissari treaty, but dissents to the anti-fillibuster clause as unuscessary. Of this the Government will stonce be informed. Gen. Jetez, who will leave Washington for New York to morrow, and return to Nicaragua in the streamer to sail on the 5th of June, is consident that when this fact is communicated, an arta session of Congress will forthwith be solied to act apon the unipact, and that they will strike out the objections the clause. Belly Project.

upon the subject, and that they will strike out the objectionable clause.

The last steamer brought to Gen Jerz full authority
to take measures for the reopening of the Transit as
soon as practicable, and on reasonable and liberal terms.
He indulges the hope that he will be enabled to exter
late mutually satisfactory arrangements in the source of
afew days. From what has aiready transpired, there
can ballittle if any doubt of his success. He expresses
humsil both satisfed and gratified with the views of
the Administration towards Nicarana. Burly his absence, Sanor Melino, the Coata Rican minister, will
have charge of Nicaraguan affairs at Weshington.

No particular importance is attached to the reported
Walker filthuate movements in Nicaragua. The United
States as well as the British national vessels are in sufficient force in that quarter to intercept such expe-

OPENING OF THE GREEN AND COATES-STREET

with these animals. The second story of the building

rounds this depot can scarcely be appreciated by those who are not in the habit of visiting it. A short distance west lies the Schuylkid, with a fine view oming up beyond its western shore, while on the jestic grandeur, and the whole not shorthood possesses, particularly at this season, a magnificent aspect. The new park of over one his oved acres is to be located here, and the new railway will, therefore, fur located here, and the new rainway with therefore, fur-nish one of the most convenient avonues of scess to it, when it becomes, as it doubtless will, the favorite resort of a large portion of our citizens. After pro-ceeding a few squares down Coates street the cars passed over to Green street, (the western portion of which is well known to be one of the most delightful and handsome sections of the city,) thence down Green to Second, down Second to Walnut, up Walnut to Dock, up Dock to Third, up Third to Costs, and up Coates to the very verge of the river Schuylkill. Along the whole line of the route the long train of cars, and the band of music in the front car, attracted nearly the entire population to their doors. The swarming crowds thus assembled, indicative of the density of the population along the route of the new railway—the tural attractiveness of the western terminus of the coad, which, by its connection with steamboats plying to the Schuyikili to Mansyunk and other points, offers desirable facilities for excursionists upon that pleasant atream—as well as the beauty of the Fairmount region hose who participated in this trial trip of the futur

sefulness of the Green and Coates streets Passenger Railroad, and of the rich pecuniary harvest which it projectors are destined to reap from their judicious en It was the intention of the company to have fully opened their road to day, by travelling over the line of the Second and Third-street Railread Company of Second and Third streets, until their roads on Four but temporary, as it is supposed that in the cour treen street to Fourth, down Fourth to Dickerson, up Dickerson to Eighth, up Eighth to Coates, and up Coates to the Schnylkili. While we regret that the difficulties with the Second and Third-street line will probably prevent the public from eploying the benefits of the Green and Coates atreet road immediately, but a few days will elapse before it will be fully placed in operation, on the route last named. The new road has been well constructed, its cars are very pleasant ones, and its rout GENERAL REFORMED PRESBYTERIAN SYNOD .The General Synod of the Reformed Presbyteria Church of North America resumed its sessions on Satu

New York. May 29.—The bark Clintonia, Wright, from Montevideo, arrived to-day, brings advices to April 17th.

The U.S. storeship Release was to sall for New York. It was removed that General Urqu'sa was about to attack Burnos Ayres.

The dates from Buenos Ayres are to April 9th. Nothing was talked of there but the expected invasion by Gen. Urqu'ra. The sense of foreigners had been entrolled into the service.

The pews from the Argentine Confederation was very wariles.

Only Page's exploring expedition was to leave about the 50th of April for Paragray.

The American abig Austin, with a ergo of wool, has been burned. The enew was strated on suspicion of the services and the Committee on the Pickadelph Presbritery; part of that the control of the Pritabing Presbritery; part of the tree records of the Pritabing Presbritery; part of the tree records of the Detail and our capture of the presbritery; part of the tree records of the Pritabing Presbritery; part of the tree records of the Detail and our capture of the presbritery and the Committee on the Pickadelph of the services. Rev Mr. Alford presented a report on a paper. In re-lation to the surject of remperance, which had been transmitted to Synod at its meeting in Illinois, last

On motion, the report was laid on the table for future onsideration.
The Committee on Devotional Exercises made a re-ort, which was read and adopted.
The Board of Education presented a report, which was The Board of Education presented a report, which was read and adopted.

The Rev. A. M. Stuart, treasurer of the Board of Education, presented a report, which was reaf, accepted, and referred to the auditing of munities. The superintendent of the Thonlogical Seminary, through the Rev. Mr. Moduley, presented a report Thereport slunded to the death of Dr. Black, the present slunded to the death of Dr. Black, the present slunded to the death of Dr. Black, the present slunded to the death of Dr. Black, the present slunded to the death of Dr. Black, the present slunded to the death of Dr. Black, the present slunded to the death of Dr. Black, the present slunded to the Committee on the Theological Seminary.

Seminary.

The Rev. Dr. Guthrie presented two resolutions in relation to the subject of a union with the United Presented to the committee on Union, requiring them to report in favor of sending the basis of union down in overture to the Presbyteries and Sessions They were also instructed to consider the question of union by unfederation
The Doctor sustained the resolutions in a long and
rery earnest speech. He-wanted a free, caudid, broherly expression of opinion by the members of the theriy expression of opinion by the members of the re-spred.

Rev. John McMaster moved the reference of the re-solutions to the Committe on Union; which was sgreed On motion, Rev Dr Boardman, of the O'd School Presby'erian Church, and the Rev Thomas John ton of the United Presbyterian Church, were invited a consultative nembers.

Rev A. C. McAuley presented a report from the Committee on Statistics, with a formula attached to

Committee on Statistics with a formula attached for the preparation of the extaintics of the preshyteries.

Ray, Dr Guthrie thought there was more cetentation than platy in the marter of statistics. The less said on the money-matters of the Church the better. He was opposed to the renting of pews, and to the begging of money. He would never tell any committee of the Church what his church paid him He was opposed to all contentions. its children.

The report of the committee was then accepted, and he formula adopted. the formula adopted.

Mr. George H. Stuart, on the part of the moon-day
prayer meeting, invited the Synod to attend this meet-

ing.

Rev. T. W. J. Wylie then moved that the invitation
be accepted, and that when the Synod adjourns, it adjourn to the noon-day prayer-meeting.

The motion was agreed to: and the Synod, on motion, adjourn d with prayer, to meet on Monday morning at 9 o'clock ATTEMPTED SUICIDE.—William Harron, re lding in the Nineteenth ward made an attempt at ilcide, on Saturday, which may yet prove successful

He inflicted a very serious wound on his left arm, sever-ing the main arteries, and producing a hemorrhage almost fatal. He was discovered by some of his friends, soon after committing the act and removed to the Bpis-copal Hospital, where he now lies in an extramely criti-cal condition. The reason assigned for this attempt at self-destruction is domestic unhappiness HYDRAND BURST .- About midnight on Sa-

turday, a hydrant pipe burst or was left running in the fourth story of the large building northwest corner of Third and Harmony court, occupied as offices and workshops. The ro m in which it happened was occupied by E. J. Newlin, jeweller Lieut Hendersen, of the reserve corps, and other police officers, burst open the door and stopped off the water. There was some damage occasioned to the lower stories by the water.

ON SAURDAN the men Wohler who was On SATURDAY, the man Webber, who was charged with endeavoring to poison a whole family, was convicted in the Oyer and Terminer of Camder county. The court then adjourned until this siter, noon, at 8 o'clock, at which time the case of Abraham 8. Goddard, charged with an attempt to destroy the life of the superintendent of the Washington Manufacturing Company, at Gloucester, will come up. AND YET ANOTHER .- Steam engines are multiplying. What was an experiment a year ago is to-day a necessity. We have them in the city, and are about to have them in the suburbs. The Decrute Engine, of Frankford, has entered into a contract for one, to be finished by the first of Teptember. A meeting of the citisens of Frankford, for the purpose of raising the funds, has been called.

Run Away .-- On Saturday evening about dark, the horses attached to one of the Arch-street ownibuses ran off at Third and Chestoutetreets, and went several squares before they were at opped. The driver was from the box, and the wheels passed over him NEW RAILWAY, - The Gray's Ferry Railway has been completed to Gray's Ferry bridge, and will be in operation on Monday, the 6th of June The company have a number of two-horse cars in readiness to put on the road, but will probably use a very neat one-ho se arrangement until the travel on the road will just by the double trame COMMITTED FOR RIOT .- On Saturday morn-COMMITTED FOR KIOT.—On Saturday mon-ing David Black had a hearing, before Aldorman Plan-kinton. He was charged with inciting to rlot and throwing bricks, during a squabble between the adhe-rents of the Spring Garden and United Host Compa-nies, at Brown and Jackson streets, Twentieth ward. The magnitrate committed him to answer. ELECTION.—The term of the present Board of Fire Directors having expired at the last meeting, the Secretary of the Board has issued orders for an election to be held by each company in the department at their stated meeting in June. An active or honorary member is required to represent each company in the Board.

POLITICAL.—A meeting of the straight-out, interrified Americans of Camden has been called for the 28d of Sune naxt. The Americans aforesaid have serious thoughts of running a straight-out caudidate for Gavernor in the fall. The call for this meeting is signed by about three thousand names airsady

SUIT AGAINST THE CITY .- We learn that Mr. Charles/F. Jones, proprietor of Jones' Hotel, Ridg avenue, below Fpring Garden street, is about to insti nte a suit against the city for an alleged set of culpable

negligence on the part of some of its employees, in per mitting a man-trap to exist on the Wire Bridge, at Pairmount, which is now, and has been for several weeks past, undergoing repeirs. It will be recollected that, on last Wednesdy, a lad severaten years of age, named Jacob Showaker, a sty-son of Mr Jones, while in the act of croasing the bridge fell through an unguarded aperture a distance of some twenty days feet, from the fixets of which he died soon after, at the City Hospital. We are informed that several prominent citizens, who witnessed the occurrence, are ready to testify that there were no guards about the scene of the accident, and that it was through utter negligence or, a sed want of over on the scene of the accident, and that it was through adopted. It is awise one, and may have the steah charge sent the distressing accident, of the proming the control of the

SAD CASE. - Coroner, Fenner was yesterday moraing celled upon to hold an inquest on the body of a young man named Neff, of very re-pectable connections, who was found dead in a shed attached to his father's who was found dead in asked attached to his father's residence in the violally of Sixth and fouth streets. It appears he had been in delicate health for some time past, which had produced occasional mestal aberration and the greater and watchfalpeas was exvolved and the present of the production of the relatives to prevent kim committing a rath act. Yested women's however he areas at an early hour, and why the family searched for him they were horrified at beholding his lifeless form superaded from the ratters of a ched, in the back yard. Verdict in secondance with the above facial,

RESOURD.—Officer Helyerson rescued two largest grand from the present grown drawing as Saturdan. persons from drowning on Esturday. The first named,

Joseph Ellis, was attempting to get on a ferry boat at the wherf when he fell into the water, and was fished out by the officer. The second was one Mary Chapman, who, for study reasons, at present undiscovered, beorld, and thought to leave Into the Delaware Offi 'attempt hurr'ed to the SLIGHT FIRE. Shortly after 2 o'clock yes-

terday morning a fire occurred at the hey shed attached to a brick ward in Pine street, between fixteenth and Swenteenth streets. Damage triffing.

SECURITY ENTERED.—On Saturday morning. in the U-urt. of Quarter Sessions before Judge Thompson, security was entered for B. H. Brown, Eq., the newly-rected City Treasurer. engine companies, to consider the claims of two or three inventors of sompling, will meet this evening, at the hall of the Hibernia Engine Company.

THE Hibernia Engine's steamer has been altered to suit the gange, of the city railton't tracks.
The Columbia and Humans' sigioes are both having
their machines altered for the same purpose.

Drowned.—On Saturday morning the body of a lad named Jacob Schrack was found in the Delaware river, just above Market street. The goroner held an inquest.

New Progs. -The Water Department are having manufactured forty fire plugs of the pattern in front of the Cuatom House, suitable for hand and steam fire engines, which will shortly be put down.

ions to the steam fire-engines will be ready on Wednes-PARADE.—The Liberty Guards, Capt. Kelly, rill parade to Tacony to-day for target gractice. THE Delaware steam engine will be put into active service on the 1st of June.

FINANCIAL AND COMMERCIAL. The Money Market.

PRILADELPHIA, May 28, 1859.
Themoney market continues to grow more easy and tiled, the feverish symptoms that marked it during the early part of the week having almost entirely sub sided. A steady business is done by the note brokers in the best class of notes at 7 to 7% per cent, the banks have recovered in great part from their fright, and the nervous perple generally, who were protty of tain that universal ruln was upon us, have been force to conclude that the world has not come to its end afte

Though the money market has improved, the stock hands the money intract has improved, the secta-board shows no signs of participation the besett-In speculative shares, no business is transacted beyond that made necessary by the matering of time contracts. Prices of all sorts of securities and shares are gradually moving downwards to accommodate themselves to the change from a five to a seven percent money market. Breadstuffs are also lower. In the coal trade there is an unusual degree of complaining, though the figure, show a good deal of the croaking to be without founds. ilon. The tetal recipts from the antaractic regions our Debility, and all dissues arising from a dipow an increase for last week of more than twenty-fire liver or Ston ach, inch as Constination, Piles per cant. upon the corresponding week in 1858, and the of the Stomach, Sour Brutentions, Sinkinger Finithesis and the Stomach, Sour Brutentions and Stomach, Stoma

in the bistory of American industry is the story of the

The Passenger Railway warn seem to be approx hing The Rassunger herivary wars seem to be approx hing an end. The Obesidut and Walnut-streets Railway Company have triumphed over the efforts of the speculators, who were not able to get in, and it is presumed that the rails will be laid forthwith. The Market-street (or West Philadelphia) Passenger Railway Compacy have been enjoined from laying their rails to the Herion Plank Road, over the vacated streets near Hestonvillo. The effect of this, for the present, will be to prevent that company from taking the travel, from Hestonville and the region beyond way from the Hestonville, Mantus, and Fai Railway Company.
The Green and Coates street Company are grainally tting their cars on the line, a feat attended at ever

made by the Second and Third-streets Company to a o, the Green and Coates Company from asing part of their track. We presume the matter will sood be comrom sed.

The Thirteenth and Filteenth-streets Company re-

nains 'n embryo,' owing to the squables between the we sate of subscribers, relither of whom can do much while the quartel remains open. The public at large are tired of this warfare, and will be glad when all the roads are finished and in one tion The lawyers are the only parties, thus far, who appear to have made anything by the battles, the spoits in the shape of costs; fees, &c., in their hands being nderstood to be very large.

county rights are now for sale at the manifectory of the patentees, Messes. Taylord Shinn, No. 1203 Willow Street, and unless we are much mistaken, there are fortunes in stora for any entrypring man who will take hold of them in the right spirit. Mr. George F. forney, we learn, is this sole agent for the sale of these mills in Laccaster county. Although but a few weeks have elapsed since this patent has been obtained, a very large number of mills have already been sold, and orders for them are crowding thick nown the minnfestures. for them are crowding thick upon the manufacturers. Mr. C.B. Rogers, No. 111 Market street, is the whole-sale agent for these mills. THE PRINCE OF WALES, who has been for some

time past perfecting his knowledge of things in the Bast, and who is comparatively a "boy! in years, will, we say, be placed immediately in command of a war steamer. The young fellow has "pluck," and will do no discredit to his country, we are quite sure. "Has said of him, that when he gets hold of an American paper, the first thing he looks for is our every day ad-monition to the readers thereof, to buy their clothes re the paintial store of Granville Stokes, No. 607 Obest-Ancient Mythology .- Sylvanus presided over

gardens and woods. "He is generally represented holding a cypress in his hands.
Torminus presided over landmarks and boundaries.
He is represented with a human head, without feet or
arms, to intimate that he never moved from the spot ing a cypross in his hands. where he was placed on a pedestal, on which is written, "Buy your Clothes of H. H. Eldridge, the proprietor of the "Old Franklin Hall Clothing Emperium," No. 891 Chestnut street,";

A CASE OF CONSCIENCE -A few days since a gentleman stopped into a wholesale grocery establish-ment of this city, and offered a hundred dollar bill to one of the proprietors, which he requested hinto accept without sating any questions. The grocer accepted the num after much solicitation and he immediately invested a Dortion of it in a comfortable Spring suit at the Brown Blone Clothing Hall of Rockhill & Wil 603 and 605 Obestaut street, above Blath,

Piles! Piles!!! WHAT IS IT! HOW CURED? Thousands of Persons have Piles -suffer for years Thousands of Persons have Piles-suffer for years with the disease-yetfew know what it is, or how it is cured. Every case of Piles, whether ministed in the form of external tumors, frequent bleedings, or in violent itching and irritation, depends essentially upon cognition of the abdomical venous circulation. This produces the engogenent, disting of the veins, formation of tumors, hemorrhages, pain, and suffering; and the disease can only be fundamentally cured by middines which, taken internally, relieve this abdominal venous congestion. Hence of imments, washes, and even ince which, taken internally relieve this abdominal remons congestion. Hence cointments, washes, and even pjections, are so ineffectual. HUMPHREYS' HOMEOPATHIC FILE SPECIFIC, a simple engar pill, taken two or three times per day, cures the disease by curing the condition upon which the disease depends Hundreds have been cured by it,

even of the most obstinate cases. All will be promptly
