It weight, with wood and water, is also for its reception by taking up the old if or of the scenare is also for of the scenare of the sce staam 2164 feet, through 150 feet of hose and an inch and a quarter norale. The company are making prepsi-rations for its reception by taking up the old if or of the engine-noom, and building stone plens in the cellar to support the engine. It weight, with wood and water, will be about 8 600 pounds. It is, different in appear-ance from any in this city. The forebox, boller, and smoke-stack are placed at the ear. The engineer has a position on the sogine and is protocled by a rest breas railing. The body of the machine sets sligh from the ground, and when she is in spectation the front wheels turn at right angles, "thocking" the muchine firmly. The engine will be delivered in this city about the 1st of July. A fire-alarm talegraph box will be placed in the engine-house this weak. DEATH FROM INTERPERANCE.—On Saturday evening, at about six o'cleck, a while marched woman tained in these indictments were for larceny easy aud, battern, and mulic.ous mischief. A for were bargiary, and the heaviest suchcase that hes been posed in this c art for some time, was that person Judge Allison, last week, upon a man named Mon mott, who had been convicted of the latter offan

wening, at about six o'clock, a white married woman amed E.len Dargin, aged about thirty two years, died in a dwelling in the rear of No. 10 Oak street. Cortain in a dwelling in the rear of No. 10 Oak street. Cortain suspicious marks on her body led to the belief that ahe had died from violence. The fact that an old lady had died in the same house about three days previous was another circums' ance that heightened the suspicious. The corrops accordingly heid an inquest on the case, at which it was proved that Mis. Dargin was a woman of notoriously intemperate habits, and upon the coession of the walk over the 'old lady bifore rentioned, she had, got drunk and fell down stairs. The bruises on her body, which ware not serious, were produced by the fall. The jury rendered a variate of deak from intem prance. The great Gorman Scon-gerfest commences in Baltimore to day. THE LATE REPRIGERATOR DASE .- It will be ro-"Implicate Reprisention OASE.----It will be ro-memobred by the readers of *The Press* that an appli-cation was recently made in the Court of Nist-Prins to restrain Mr. J. 8. Olark (doing business at 1008 Market street) from applying the nume of "Dr. Kans" to a coloberated refrigerator which Mr. Olark, in consequence of its superior qualities, has been beretofors manu-facturing and feiling in larger quantities, to be sent to all parts of the Union than perhaps any other refrig-rator in uss. We may here remark, however, that the nume by which Mr. C. distinguished his refrigerator was the "Dr. Kans Improved." in consequence of the second usine by which Mr. O. distinguished his refrigerator was the "Dr. Kane Improved," in consequences, and which 'rebd.red. the article as' sold and main-factured by him more desirable for prastical use, in the estimation of many, than the origination of the superior velocities taken occasion to break of the superior velocities of these "Improved Refrigerators," and are happy to learn that, notwithstunding the re-striction imposed by the court upon his using the r-de mark, "Dr. Kane," Mr. Olark is at 11 manu-focturing and sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them, as usual, under the same of "Ontalexand sailing them as usual, under the same same "on the public to know that the "restraint" was sao mposed on secount of any infringement upon a paint, s the original "Dr. Kane" article was never pa-ented; the decision das been merely against being is name as a trade mark . As the refrigerator mann actured by Mr. Clark at bls est. blamment 1003 Mar-tet atreet, is a most nearcoptionable article in all esearcat, the jublic suit appresiate its morths none the less in consequence of the *change of gand*, which the

cumstances have rendered nece sary. that peare' nmortal lines,

"What's in a same? That which we call a rose, By any other name would small as awast? would seem to be in puint . The fast, moreover, of Mr. Clark's selling these calebrated refrigerators several follars lower than semilar sizes are quality sold at is another reason why the ruble about know that that which he f rmerly sold as the "Dr. Kane Improved" will still continue to be sold-without the alightest al-teration in the manufacture in a single particular, under the new name of "CRALLENGE Explosion aron." By the way, we must be allowed to suggest that the name thus substituted has been very opportunely thoson, as from its wonderful simpleteness-as improved by Mr. Clark, who is himself a practical meproved by Mr. Ulerk, who is inimaself a precificat me-obanic; its singular adapteduces, in point of sizes, to the accommodation of every body, and withal, its re-markable, cheapsess—owing to the immense quantifies he sells...its fortunate proprietor, Mr. J. 8. Olark, may sifely challenge the world for competition. We have used it initiated that he is selling move of these re-figerators, and the "Havels or," of which he is also the proprietor, than allowather other other them. as proprietor, than almost any other one estab fihmer t

the proprietor, than almost any other one estably humit la the United States; so that in refrigeratore, avia every-thing else, Philadelphia is evidently going ahead.
