The Coffroth and McKibbin Difficulty. From the San Francisco Herald ! The Saoramente Union, in an extra issued Saturdsy afternoon, gives a long account of the difficulty between Messrs Coffroth and McKibbin, of which the, following is the gist: It is said that while McKibbin was dining at the restaurant. Coffects and the second to the delegates of the Anti-Lesompton Convention, stated that they all wore Broderick collars, branced with a large letter B; that McKibbin rose, advanced to Coffroth, and told him he would not permit the use of such language in regard to his friends; that Coffroth repeated the language, whereupon, according to one report, McKibbin knocked nim according to one report, McKinoth knocked and down; or, as others say, merely slapped him in the twee. It is probable that C. froth fell under the assault, and it is not disputed that the interference of bystanders induced a temporary suspension of hostilities. The incident created a decided excitement in political circles, and doubtless there was no lack of counsellors to advocate a hos was no lack (I counseling to assume as at an early mening of the parties, inasmuch as at an early hour subsequent to the collision McKibbin was invited to the field by Coffroth. Subsequent events denote that the deald by Control.

denote that the challenge was promptly accepted. The police got hold of the affair, and immediately took steps to prevent a hostile meeting. Mr. Richard Irwin, of Plumas, was second to Mr. Coffroth, and Mr. William Addison, of this city, was second to Mr. McKibbin. The parties were was second to Mr. Markoon. in Surier county, twenty-one miles from Sacramento, at half-past six o'clock P. M; weapons pistois, and distance, six o'clock P. M; weapons pistots, and distance, ten paces The police were on the alert for the parties as carly as one P. M., warrants for their arrest having been issued by Jus ices Barr and Coggins—the former on the complaint of the Chef of Police (J P. Hardy,) and the latter on the affidavit of John Pagin. McKibbin was arrested about half past one o'clock by Officer Burke, and taken before Justice Barr, who admitted him to ball in the sum of \$2 500, with Harvey Houghton and D. O. Mills as sureties, to appear and answer to day (Saturday). McKibbin and filends passed the Star Heuse at a quarter to five o'clock, arriving on the ground about half past six o'clock. Griffith, Irwin, Dr. Proctor. (Coffoth's surgeon, and another man, all friends of Coffoth drove up to the Star-Eouse about half an hour after the c'her party passed; and, while tarrying a few moother party passed ; and, while tarrying a few mo-mon's, were overtaken by two men in a buggy, bearing a note from Coffroth, stating that he was bearing a note from C.ffroth, stating that he was a prisher, but advising them that he would join them as soon as he could. His friends immediately pushed on to the field, and began overtures for an extension of time, on the ground of Coffroth's unavoidable detection in the hands of the officers. While these were proceeding the sheriff Sutter county, who had got wind of the anticipated duel, made his appearance, and the negotiations were suspended.

The manner of Ooffoth's arrest was as follows: Vesterday, about three-o'clook P. M., a buggy pated duel, made his appearance, and the negotinitions were suspended.

The manner of Coffeeth's arrest was as follows:
Yesterday, about three-o'clock P: M., a buggy passed Malone's stables on Fourth, between I and J streets, in front of which establishment happened to stand Sheriff Maniove, who had a writ for the arrest of Coffeeth already in his possession. In the buggy were Cafforth and E J. Sanders, whom the sheriff at once haited, commanding them to stop They did not do so, but continued on their way. A horse stood at the stables ready saddied, which sheriff Maniove at once put under requisition; pursuing and overtaking the buggy on H street, belief of the stables ready saddied, which sheriff Maniove at once put under requisition; pursuing and overtaking the buggy on H street, belief of the stables of the stables ready saddied, which sheriff Maniove at once put under requisition; pursuing and overtaking the buggy on H street, belief of the stables parying him back.

Parying him back.

Since rece ving the above account, we have heard nothing further of the affair. Free Black Emigration. Free ISSACK EMISTRICION.

FROE MEDDED FEEE NEGROES LEAVING NEW ORLEANS FOR BAYTI

(From the New Orleans Pio Jace, June 22.)

We took a walk down to the levee yesterday afternoon to see the schooner A C Brewer leave her wharf. The Brewer, Capt Uex, eleaved Monday for Port an Prince, Hayti and takes away 28 passengers two hundred free persons of color troughths city, and voluntarily lemigrate, induced by the tempting prospects offered to them in Hayti under President Cleffcard's Hovernment.

The importance of this movement, and its probable infinence on the welfare of the Haytien people, as well as on the fate of the black race in general, and especially on that of the free colored population, which occupies a sort of uncertain, undefined position in our midst, is well worthy of reflection and study. The two hundred who left leat night belong to the most industrius and respectable class of our colored people.

They emigrate mostly in families, and all take TWO MUNDRED FREE NEGROES LEAVING NEW They emigrate mostly in families, and all take with them a small capital whereupon to build their future fortune. The greater part are young, able budied, and intelligent young men, all pos-sessing the advantages of some education and in-dustrious habits. We do not believe that in the whole crowd could be found one who is lignorant of reading and writing, while some have re-selved good aducations. They are men who have been brought up to a trade, or have followed commeroial pursagise They have grown up in our midst, have imbued our prizeless, and carry to their breibren in Hayd an amount of experience acquired by daily contact with the whites, and a disposition to follow the inspirations of that spirit of progress which is inherent in the American

and night, and all are recommended and see the whole process of bread making for themselves.

The undersigned takes the liberty of saying that for thirty five years he has been a practical baker—five as apprentice, and five as journeyman in one of the first houses in Scotland, and twenty five as master—during which time he has had the opportunity of making many experiments and observing all the improvements which have been made during that period.

In this establishment, of which he has now the management, in addition to the complete labor-saving machinery, he has now facilities of many kinds-not here-to-fore possessed.

Being unrestrained in the purchase of flour, none but the soundest and bestchall ever be used; and he has no hesitation in saying that bread of all kinds can be delivered, unsurpassed in quality and weight to that made in the ordinary process.

Families in which the fread made by the Mechanical Sakery has not been tried; or in which it has been tried only at its commencement, before the machinery was in perfect working arder, are respectfully arked to give it a trial now—the undersigned believing it would lead to mutual advantage.
