consisting in part of MEBINO SHIETS AND DRAW BRS, WOOLLEN HOSIBRY, GERMANTOWN FANOT

MECHANICAL BAKERY, S. W. corner BROAD and VINE Streets, Philadelphis. This setablishment is now in successful operation day and alght, and all are respectively invited to gal The undersigned takes the liberty of saying that fo s, and five as journeyman in one of the first Scotland, and twenty five as master-during to he has had the opportunity of making many

ng all:the ir periments and observing all the improvements which re been made during that period. In this establishmenh, of which he bas now the man-ment, in addition to the complete labor-saving ma-inerry, he has now facilities of many kinds not herewhile they browse. or aprestrained in the purchase of figur. none bu indest and bestahall ever be thed; and he has no ion in saying that bread of all kinds can be de-ionsurpassed in quality and weight to that made

f Vandels as our farmers. The conseduence ere you have a charming landscape, instead bald uninteresting fields. They seem to ge along here and in other parts of Europe perfecty well without fences, to divide the fields of enclose the roads. It necessitates a strict surveillaide over the cattle, and you generally see an old main woman or some little children watching then I have seen no vineyards since I left the lake,

pine, is very pretty, finely wooded and well call odiation were to be binding on themselves and ated. Trees are very much respected in Europe their heirs for fifty years. Franklin at least lived beyond the expiration of that time, but in and I do not think you any where find such a st the meanwhile the articles had been supplanted by a regular charter. The first entry in the mioutes still preserved bears date November Sth 1731, when the directors were called together by Jos. Breintnall, the socretary, " to take bond of the treasurer for the faithful performance of his trust, and to consider of and appoint a proper time for lie payment of the money subscribed, and other matters relating to the said library." There was where you see nothing else along is targed trouble then, as now, in collecting dues, and by shores. The wine is almost collaevely white, and the 20th of March, 1732, only a little more than so cheap; in good seasons, that the poorest peiplo half had been obtained. At a meeting held at this

ment. His services in the navy deserve com-memoration, and will doubtless receive it. This hen it is understood that the muchton in that school is being red unday Dispatch, the Liedge to, and "A Parent's" arti com it particularly appropriate that the Convault is on the banks of the river, though between ollers should be made to appreciate the treasure toy possess, and that they should be petitioned have it used judiciously for the public good News. of July. 20th, he; will person the higher land and the water, near a road planned by the president, and executed with skill signed his public good and at a large outlay. This road forms a " drive' Prefessor Rendall 'resigned' his High School in Soptember, 1855, to assume tha du-bard, and read anough to know, that isochers. We further have sent versity of Ponnsylvanla." He is the anthor of a work on uranography, which has been reserved work on uranography, which has been reserved beauty and orginality of its illustrations. "William Vogdes, professor of pratical mail antites, was elected. in September. 1838, and he stall teachers in the institution. Solid rocks, ninety feet in height, were quarried to make this admirable road, and the stones form a wall, or breakwater on the river front, which is about to <text> receive the same substantial embellishment alon Its entire distance. At all hours of the day, and, it may be added, at all seasons of the year, the water scenery on one side, and the towering picturesque rocks on the other, form one of Nature's most enchanting sights. No on the ashes of my forefathers in a distant country ohnroh-yard, would be the monument which, of all others, I should most desire. Returning to the lot when she had gone, I found within it three unmarked, full-length graves, one of which had been newly made. Directly between the Henry monument and the river, in one of the most beautiful locations in the demetery, is the large and nealty,designed lot of a respected ditizen and eminent merchant of this oity, Morris L. Hallowell, immediately beyond which, near the river front, is the massive marble vault of Mr. James Orne. In close proximity to another well-known and highly-esteemed Philabrepared another which had some slight varia-ions. Before excenting this, he died, but his hildren carried out his intentions of their own ree will. William Logan, the founder's son, was
