ATTEMPTED SUIDIE OF A MURECERE SY STANVATION.—Michael Julg, who, it will be remembered, was convicted of the mander of his wife and committed to the county juil to avait a new trial, has for a month past been making a desperate effort to starve himself to death. He has habitually destroyed the food taken to him, and abstained for so long a time from the use of it that he tooks more like an animated skeleton than a living man. He has become glodny; sour, and malignant, and will not allow any person to touch him. His finger nails have grown to an extraordinary length, and this, together with his sullenness, makes him disagreeable to every one with whom he comes in contact. He expresses an samest desire to die, and no doubt will yet add to the aot he has shready committed the melancholy one of self-destruction.—Cin. Eng.

The Syracuse (N. Y.) Courier of last Tuesday morning states that James Davis, deputy sheriff of Albany, who was assaulted at the Voorhees House during a traces that courred there last year, has sued Capti Isaiah Rynders, of New York, for slandqrous words and expressions used in relation to the matter, in the State Convention assembled. Sedgwick, Andrews, and L. W. Hall, Esq., is retained by Capt. Rynders.

A MAN was arrested at Windsor, opposite Detroit, a day or two since, dressed, in woman's clothing. His manner attracted notice on the cars, and as soon as the train arrived at the dopot the conductor caused his arrest. He told a rembling story, but it is believed that he is, the man who assassinated another in Toronte, Ganadis, a few nights since. Information of his detention was despatched to that city. BEATH FROM THE BITE OF A SHAKE.—In Rockbridge county, Va., a man named Walton was bitten on 'the middle finger of his right hand' by a copper-hoad sake, on last Friday afternoon, and died in precisely twenty-four hours afterwards. A quart of whiskey was administered to him, and the attending physician thought that death was caused by the whiskey... Walton was a very temperate man, and there was no discoleration or external indication of poison on the corpse.

HEALTH OF GHARLESTON.—The editor of the Charleston (S. C.) Courier, is indiguant that reports have been circulated stating that his city is unbeatity, and he says: "We pronounce these stories a base and wanton slander. It is a pity that these lying tongues cannot be put to silence. We have the pleasure of saying again that the health of our city, up to the present time, is unparalleled, and that there is now no reason to apprehend a visitation from any epidemin."
