The Baltimore Election. Letter from "Occasional," At the election held in Baltimore, on Wed-

Every man who ponders over the de-tails of the last election asks himself, Where is all of Mr. Bokkn and the Board of Directors; Clerk of the Circuit Court; City Surveyor, this to end? The Governor of Maryland sympa-which has given rise to certain runners and and ward magistrates and constables were thises with the officials of the city, so that those of the population of Baltimore who desire peaceful elections and a humane and orderly administration votes at all, and in the effort made in various wards to secure a legitimate exercise of the right of suffrage a number of persons were killed and wounded. Intimidated by the vio-lance of their opponents, the Reformers abandoned the contest, and the American tickets were elected by an almost unanimous

A few years ago an attempt was made by a number of citizens of Baltimore to organize in military bands to protect themselves; but this was aban-doned, because the evil had not then reached its present height. An appeal was next taken to the Governor, who would have acted had not civil war. In communicing his lecture be said that among been threatened as a consequence of his action. What renders this case more complicated and orlginal is the fact that there is no city in the Union in which there are more men of talent and admit-ted courage than in Baltimore. Many of the old families are in possession of large wealth. These elements combined, in any other ment of the right of suffrage by the masses of city, rallying, as they always do, a formidable public opinion, would be irresistible. It is amazing, however, to see how utterly they have failed, to submit to such an outrage. But with the municipal government arrayed against them, their efforts prior to, and during, the election yes. and with the regularly-constituted authorities disposed rathor to aid the rewdies than to ar-rest them, and with police officers ready to session of a portion of the community, transforming them into savages, and making every contest able citizen who makes a strenuous effort to vote, while the rioters are suffered to con-tinue their violence, it is, perhaps, unjust to
