## The News.

The telegraph brings the dreadful tidings of the fall of the Pemberton Mills, at Lawrence, Massaetts, yesterday evening, in which between six chusetts, yesteraay evaning, in which between ba and soven hundred persons were at work, nearly all of whom were buried in the ruins 1. As yet, but little of the particulars are known, but it is certain that a great number were killed—the despatch says two hundred, and we fear that the number cannot be much less, where so many were buried beneath

the rains. The election for directors of the Mercantile Li- the Executive that he is once more in the marbrary Company came off last evening. The ballot-ing was very exciting, and much interest was felt in the result. The result of the ballot will be found in the local column. The vote was exceedingly pikes in hand, were a signal providence to of the institution for the ensuing year.

The Dauphin county Democratic County Conven-tion yesterday instructed the delegates to the State Convention to vote for Gen. Jacob Fry for Go- under excitements generally. The man who,

The weather at Havana has been extremely disaheavy showers up to the time of the departure of and when the natural sentiment of the South the Quaker City. The bad state of the weather has been justly and properly excited against tiroly occupying public attention, except the news brought by the Spanish mail steamor Almogabar; from Cadir, December 12th, of a victory gained by the Spanish army in Africa over the Morrs. The by the weather. Of the new crop only small lots have arrived; 1,600 boxes in store have not been offered. Old crops firm on the basis of 91a91 reals for No. 12. Stock 15,000 boxes to 18,000 boxes in 1859. The New York Express, of last evening, gives the following account of an elopement of a lady,

the wife of a gentleman of that city, with a young man not yet of age. It is supposed that the guilty

Fire at Duncannon Iron Works.

THE NAIL FACTORY DESTROYED

THE NAIL FACTORY DESTROYED Diversions, Perrycourst, Pa., Jan. 10.-The esten-sive nail factory connected by with the precent of the Works we destroyed by with the precent of the building and sixty machine lines. The rollows mill on the north side of the creek to asle, together with the water wheels, dams, sec. The Pennarivania Raircost bridge spanning Sherman's creek at the works is asle. The property is owned and conducted by Fisher. Morgan, & Co., of Fhiladelphis, and arranesments are wheelb been mide for the reconstruction of the built factory. The origin of the fire is so far unknown. It throws some three hundred works on out of employ-ment.

WASHINGTON, JAN. 10.-The City Douncils, appr mains that the legulat on in some of the slave stat (ajust, free negroes would have the effect of u-esing the number of that class in Washington, too sublishery measures to prevent such immigration is a recent authoritarive exposition of the city charge we that it gives no yower of prohibition, and that lexislation on that subject must be confided to pre-bury in advance such reasonable terms and con-our of freedences as may tend

Washington Affairs.

every hasard. "Union mist day will be using tand." Mr. GARTRELL replied that this singing song to the Union has been sterootyped, and the claquers in the galleries applaud them only for the sake of the spoils. You may clap while your liberties are being swopt away by a sectional party. [Applaus.] The genileman from Pennsylvania had added input to injury when he said the North have eighteen nillions; and can make more arms in ninety days than the South can Luy. Why, the proceeds of one cotton crop in Georgia would by the whole of Pennsylvania. [Laughter and she liberties are plaus.] The genileman from the Constitution. The Republicans are against the Constitution, the Republicans are against the Constitution, and between the States, prohibit the information of alwery in the boils in the sate the sectional president, and secure a majority in bether or in States, prohibit the information of alwery in the Territories, and prevent the admission of any stave States into the Union, and its of a solid a Northern regiment against the South, in consequence of these things, seedid a norther replication of a set on the set of the solid or a Northern regiment against the South, in consequence of these things, seedid a northern regiment against the South, and not outled the proper place is repliced in the helieved the proper place is repliced in the believed the proper place is repliced in the constitue, the Work of the South. Mr. GARTRELL, in the ourse of his reply, said that when Hildiak man and his friends come to the South, the people there would be prepared to receive them. Every ploughastre would be beaton.
