Douglas on the Harper's Ferry Invasion

At great expense, we have obtained a full and complete report of the Harper's Ferry Invasion. The report is full and complete, and contains all the facts and circumstances of the invasion, as they have been ascertained by the Harper's Ferry Committee.

The Operations of the United States

We have received a copy of the annual report of the Director of the Mint for the fiscal year ending June 30, 1859. The amount of gold coined during the year was \$9,335,000,000; silver, \$7,836,200,000; and the amount of silver coins coined during the year was \$1,620,000,000; gold, \$5,715,000,000; and silver, \$1,620,000,000. The operations at the Mint in Philadelphia were as follows: Gold coins, \$7,836,200,000; silver coins, \$1,620,000,000; gold and silver coins, \$9,456,200,000.

The Alabama Convention

We published yesterday an abstract of the resolutions of the Alabama State Convention. They are of a radical, free-soiling character, and are well adapted to the feelings of the people of that State. The resolutions are in full accordance with the views of the friends of free soil and non-resistance.

The Harper's Ferry Invasion

Resolved, further, That in order to meet and meet the emergency of the present crisis, the friends of free soil and non-resistance in this Territory, we reaffirm the principles of non-resistance, and we pledge ourselves to adhere to them in the most unflinching manner.

The Harper's Ferry Invasion

The Harper's Ferry Invasion was a most disgraceful and cowardly deed, and one that has done more to excite the public mind than any other event of the kind since the war of 1846-1847.
