Dr. McLaren said the objections made were entirely out of place. They should have been made at the 'time this memorial was presented to the body. He considered the report a very able one, and would vote for its adoption. Dr. Prestly, the secretary, and Dr. Wallace, were of the opinion of the last speaker.

Mr. J. T. Androws offered as a substitute for the report the following resolution? "That the Assembly deem, it, unnecessary and inexpedient to give any answer to these questions, other than to refer them to the Received Standard, and recommending the faithful adherence to and carrying out of the standard." Not agreed to.

The report being before the house, Dr. Schouler considered that the answers were ennaring ones. If they were to be answered, let them be answered fairly and equarely. He stated the reason that he did not object to the memorial at the time it was presented was on the ground of courtery, as he considered it should have a decision by the committee. He thought that by answering these questions at this time it would be a precedent, and next year the table would be full of such memorials.

AFTERMOON SESSION.

The Committee on Overtures, according to their brites in the morning, presented their report. It discusses the subject of covenanting.

Dr. Brown was in favor of it. He said this was a covenanting Church, and a covenanting people; and the legitimate descendants of a covenanting Church. He was heartily in favor of the very moderate resolution that had been offered by Dr. Beveridge.

Leave of absence for, the remainder of the session of the Assembly was asked for, and granted to Rev. Wm. Cowan, of the Presbytery of Michigan, on the ground of sickness in his family.

The report of the committee on a new version of the Peans, being now the order of the day, was brought up. the Psalms, being now the order of the day, was brought up.

Dr. Prestly gave specimens of the work of the committee in the amendment of Psalms that were defective in phraseology and punctuation; examples were taken from the 6th, 7th, 10th, 16th, 18th, and other Psalms.

It was moved that Drs. Boveridge and Macdill, and Rev. Mr. Gracey, be appediated a committee to prepare a report. Dr. Beveridge asked leave to withdraw his name.

Drs. Guthrie, Prestly, and Rev. Mr. Gracey were finally constituted a committee on this subject.

It was moved that the whole subject of the new version of the Psalms be referred to the Board of Pablication, strengthened by the addition of the committee just appointed, that they publish all the samendments they may make in a book, and report in full to the next General Assembly.

Dr. Prestly hoped that, nothing would be done to affect the integrity of the version, otherwise he could not favor it, and the members could not judge whether the integrity had now been affected unless the whole Book of Psalms, containing the proposed amendments, was published for them to

The dironmetance it is intended to commemorate is more fully explained in the clo-quent address of Mr. H. G. Jones, reported below. The monument is composed of Pennsylvania gra-nite, the block being taken, from a quarry in the upper end of Roxborough. It is twenty-six feet high, and is built ou a base taken from the oundations of the barn in which the troopers were

the course of the evening there was a slight shower grain. It did not, however, interfere with the elebration, which passed off in splendid style. There were from four to flyo thousand people on the ground, citizens being present from different and distant parts of the surrounding country. The procession was composed of two cavalry companies, the Scott Legion, under Captain Gray, the Morgan Rifles, Captain Belsterling, and the Jackson Rifles, Captain Arthur Shields. The troops arrived in the Roxborough Cometery a few minutes after four o'clock, and were drawn up in front of the monument. After these arrangements had been completed, Horatio G. Jones, Esq , the orator of the day, came forward upon a platform which had been erested for that

Death of Asa Whitchead, Esq.

[From the Newark Daily Advertiser, May 23.]

We announce, with deep sorrow the death of our friend and follow-citizen, Asa Whitchead, Esq., who has, for over a quarter of a century past, occupled a leading position at the New Joracy har, and, having retired from the cares of professional life, had just begun to enjoy the fruits of a useful and successful career when the dread measenger appeared to summon him away from earthly trials, to the bar of final judgment. For several months past he has been a great sufferer from a sohirrous affection, which gradually spread throughout his system, resisted all the efforts of medical science; and the final event, so sad to the community, yet so grateful to the patient, occurred at his late residence, near the South Park, on Saturday evening. The fact was announced in court this noon, where upon a meeting of the bar was held, the venerable Judge Hornblower presiding, and arrangements were made for a more formal meeting, to be held at half past 8 o'clock to-morrow morning. TO CONSUMPTIVES.—QURRU'S COD LIVER OIL JELLY.

This great specific for Consumption is fast superseding all others in its cirative effects upon those still other with tubercular diseases, being twice as efficacious as the oracle oil. Prepared upon highly solentific primolels of the pure oil, and robbed of the nauseous taste of the pin article, it is received into the stomach in its jellified form, without mastication, and is gradually dissolved and digested, passing into the semall intestines drop by drop, supplying the wastes of the body by its nutritious properties, and thus assisting and sustaining nature in overcoming the disease. Approved by the New York Academy of Medicine, and recommended by the faculty everywhere, this preparation is confidently offered as a remedy for Consumption and all Scrofulous affections. A CARD TO THE PUBLIC. CONGRESS SPRING,

An attempt has been made to deceive the public, by persons offering what they call "Concarss Water" from Fountains; and at the price of sur (6) cents per glass. The waketsale price of the genuine Congress Water, at New York, being about 7½ cents per glass, the imposition of pretending to sell at retail at less than cost, and without allowance for freight, cartage, or breakage, is apparent; but their probable course has been to empty one bottle of genuine Congress Water into a Fountain filled with their trash, and thereby christening its staid contents. its total contents.

We have NEVER sold Consress Water in Fountains, nor in vessels of any other description than ordinary sized glass sortles. The cork of every bottle of the genuine is branded "CONGRESS WATER"." C. W.," and any, without those words and letters on the cork, is COUNTERFEIT, whether from Fountains or Bottles. CLARKE & WHITE,
