CONGRESS SPRING,

SARATOGA, APRIL 16, 1660. An attempt has been made to deceive the public, by persons offering what they call "CONGRASS WARE," from Fountains; and at the price of six (6) cents per slass. The teholstale price of the grawine Congress Wa-ter, at New York, being about 74, centspor glass, the im-position of preiending to sell at retail at less than cost, and without allowance for freight, cartage, or breakage, is apparent; but their probable course has been to empty one bothe of genuine Congress Water into a Fountain filled with their trash, and thereby christening its scale contents.

Fundan folled with their treak, and thereby christening is total contents. We have NEVER sold Congress Water in Fountains, nor in vessels of any other discription than ordinary sized class BOTLN.
