CONGRESS SPRING, SARATOGA, APRIL 16, 1860. An attempt has been made to deceive the public, by persons offering what they call "Coneress Water" from Fountains; and at the price of its (6) cents per glass. The wholesale price of the sessuiss Congress Water, at New York, being about 7% cents per glass, the imposition of pretending to sell at restal at less than cost, and without allowance for freight, cartage, or breakage, is apparent; but their probable course has been to empty owe bottle of gonuine Congress Water into a Fountain filled with their trash, and thereby christening its total contents.

Fountain filled with their trash, and thereby christening its total contents.

We have never sold Congress Water in Fountains, nor in vessels of any other description than ordinary sized class bottles. The cork of every bottle of the genuine is branded "ONGRESS WATER"—"C. & W.," and any, without those words and letters on the cork, is countreffeit, whether from Fountains or Bottles.
