SARATOGA, APRIL 16, 1660, An attempt has been made to deceive the public, by persons offering what they call "Cowners Warter" from Fountains; and at the price of six (6) cents per glass. The wholesafe price of the sensing Congress Wa-ter, at New York, being about T% cents per glass, the im-position of protonding to sell at retail at less than cost, and without allowance for freight, cortage, or breaknes, is apparent; but their probable course has been to empty cas bottle of genuine Consress Water into a Fountain filled with their trans, and thereby ohristening its istal contents. We have HEVER sold Consress Water in Fountains.

its iotal contents. We have NEVER sold Congress Water in Fountsins, nor in vascels of any other description than ordinary sissed of LASS BOTLES. The oork of every bottle of the genuine is branded "CONGRESS WATER"-"C. & W.," and any, without those words and letters on the oork, is CONTRESS. Whether from Fountains or Bottles.
