It should be observed that, awing to the vessel being morely grounded upen a levelled beach, there was a con- siderable portion of the bottom which could not be examined, more especially as the Great Eastern has no projecting keel." Upon the whole, then, we conclude that the passengers of the Great Eastern were very fortunate in yoyaging so safely in her, with her screw-shaft in such a condition as is here reported. Whether, after being again re- paired, the Great Eastern will be, "a noble ship, perfect in all parts, and able to proceed on any voyage in March next," is what the public, judging from the past, may reasonably doubt. As yet, the Great Eastern is the great failure of the age. The Paradise of Railronds. A Buenos Ayros letter, of the 30th of August, furnishes the following curious information: "The Government has determined to proceed more with the railroad, which is already in opera- tion for twenty miles to the west. The concessions given to railroad companies in this country are un- heard of in the United States. For example, it is usual for the State to guaranty an interest of from seven to nine per cent. per annum; to give a free right of way through private as well as public property; to give ample grounds for build- ings, freedom from taxes, release from duites h transporting materials, & If railroad stock, with such bolstering, is not good, it cannot be good anywhere. Add to these concessions the fact than here are no hills to dig down, and but few low places to be raised; that there is no tunneling to be done, but fow threamy to be crossed, and hy frosts nor floads to provide against, and this muy be the paradles of railroads."

A Buenos Ayros letter, of the 30th of August, furnishes the following curious information : "The Government has determined to proceed at one with the railroad, which is already in oper- tion for twenty milles to the west. The concessions given to railroad companies in this country are un- hend of in the United States. For example, it is usual for the State to guaranty an interest of from seven to nine per cent. per annum; to give a free right of way through private as well as public property ; to give ample grounds for build- ings, freedom from taxes, release from duties for transporting materials, & G If railroad stock, with such bolstering, is not good, it cannot be good anywhere. Add to these concessions the fact tha here are no hills to dig down, and but few loo places to be raised ; that there is no tunneling to be done, but fow cireams to be crossed, and pu- passage was due to head winds and calms this eid the Yucatan coast. Latter from Tehuanttepect. The scheoner D. K. Keelung, Gaptain Reiper, ha arrived at New Orleans from Minatilian, Tehuan tope, the 10th instant. She brings five passenger and a carge of mahogany and hidos. Her loop, passage was due to head winds and calms this eid the Yucatan coast.	tropt souse anafti -tard

It should be observed that, wring to the vossel being morely grounded upen a levelled beach, there was a con- siderable portion of the bottom which could not be examined, more especially as the Great Eastern has no projecting keel." Upon the whole, then, we conclude that the passengers of the Great Eastern were vory fortunate in yoyaging so safely in her, with hor screw-shaft in such a condition as is here reported. Whether, after being again re- paired, the Great Eastern will be, "a noble ei)ip, porfect in all parts, and able to proceed on any voyage in March next," is what the public, judging from the past, may reasonably doubt. As yet, the Great Eastern is the great failure of the age. The Paradise of Raitronds. A Bucnos Ayros letter, of the 30th of August, furnishes the following curious information : "The Government has determined to proceed at once with the raitroad, which is already in opera- tion for twenty miles to the west. "The concessions fiven to railroad companies in this country are un- heard of in the United States. For example, it is usual for the State to guaranty an interest of from seven to nine per cent. per annum; to give a free right of way through pirtate as well as public property ; to give ample grounds for build- ings, freedom from taxes, release from duties and transporting materials, de If railroad stock, with such bolstering, is not good, it cannot begod anywhere. Add to these concessions the faot that here are no hills to dig down, and but few low places to be rajsed; that there is no tuneling the be the paradies of railroads." Later from Tehuantepec. The sohoner D. F. Keeling, Captain Reiper, ha arrived at New Orleans from Minetitisu, Tehuan tope, the 10th instant. She brings five passenger and a cargo of mahogany aud hidos.
