From the tables showing the number of passengers darried one mile, and the number of tons of freight, carried one mile, and from an apportionation of expenditures to each as near as the same may be. It appears that it has cost including all improvements, one cent to carry each ton of freight one mile, and 23 10 cents to carry each ton of freight one mile for the last year. These expenditures will vary however, from year to year, as the besiness increases, and as more or less liberal expenditives are mado to improve and increase the property of the rose.

The items of new work and improvements, over and above operating expenses, for the year, are as follows: New track bridges, and fences, \$24 693.90; Ipocomotives, \$15,531 25; passenger cars, \$15,260; merchandise cars, \$35,921.17; stations do., \$10,181.01; wharf at Wilmington, \$3,166.17; making a tetal of \$104 633 50. WOOD; Dear Sir-I was induced, more than a year ago, to try your valuable Hair Restorative, for the TIOKNOR & FIELDS year ago, to try your valuable Hair Restorative, for the surpose of cleaneing my head of idendruff. I had suffered with at upon my head for years, and had never been able to get anything to do me any good in removing it, although I had tried many preparations, until I asy your advertisement in a Harrisburg paper. Being there at the time, I called at Gross and Kunkie's drug store, and hought a battle, and now am prepared to recommend it to universal use, for it has completely removed all dandruff from my head, and an application once in two weeks keeps it free from any stohing or other unpleasantness. I must also state that my hair hadbecome quite white in places, and, by the use of your preparation, has been restoled to its original color. I ash now 80 years of ace, and although I have used two bottles of the Restorative, no one has any knowledge of it, as I allow a faw gray hairs to remain, in order to have my appearance comport with my age. My head is now of less trouble to me, in keeping it clean, &c., than at any time since I lave been a child. I consider your preparation of great value, and although I do not like to expose myself, I consider it my duty to say so. We learn from roliable authority that the smallpox prevails to an alarming extent in certain quarters of the Nineteenth ward. The disease is local,
as yet, but the number of cases yesterday indicated
that its progress was rapid. The vicinity of the
Trenton depot has been much infected, and in a
row of brick dwellings near the Frankford slank
road and passenger railway, not far from the Epiccopal Hospital, there are said to be at least two
serious cases in each tenement. A few physicians
sugrous most of this practice, and it is probable that
the ravages of the disease will be shortly checked.
There have been, as yet, but few fatal cases. We
have also learned that certain portions of the First,
Second, and Twonty-fourth wards are more or less
infected. The people have little reason to fear
any serious devastation, since this season is more
than usually prolific of railpox. The disease has,
that far, been restricted to the suburbs, and but
mine deaths from this cause were chronicled last
week. TO SERVE FOR TWO TRARS. James O. Pease. F. RATCHFORD STARR, Agent, 400 WALNUT Street. James O. Pease.

Whelen, QUARTER SESSIONS—Judge Allison.—James Rhoe and Thomas Allen were acquitted of a charge of receiving a quantity of liquer, knowing it to have been stolen. PAME INSURANCE COMPANY, NO. 406 CHESTNUT Street, PHILADELPHIA. J. Fisher Learning, William C. Ludwig. Arthur G. Coffin, QUACK NOSTRUM.—The majority of hair washes, hair dyes, hair tonics, hair oils, and the numberless proparations which are now before the public, under such extravagant, hypotholical, and fantactical tiles, as we see paraded in show windows and newspaper headings, as hair preparations, are all humbugs of the first water; their real merit, when they possess any, is, that that they do no harm. Hog's lard, whale oil, lard oil, sweet oil, scented and colored make up, when in beautiful wrappers, and white fint glass bottles, the cetlical character of tonics, and when thus costly, are baptised with some tri-syllable term, and caught at by verdant young and old of both sexes. Such is not the character of Professor Wood's Hair Restorative. This gentleman comes before the world without any ''high-falutin'' Xulophlofornum, or any other astounding and stariling catch point term; he simply advertiess a Hair Restorative—what it expresses, precisely—and as a Restorative in sols. Buy Professor Wood's Hair Restorative, and, as you value your scalp, aye, your very brains, apply nothing else; for it may be that you will get some worse substance than perfamed lard oil on your cranium. Remember, Wood's Restorative for the Hair is the best article extant.—New York Day Book. dential.
